In addition to the special subject for which the meeting is held, Southern handicraft work in general will be carefully considered and a quickening of interest, all through the South is confidently expected as a result.

### DECOY FOR SQUIRRELS.

**Explanation of a Virginian's Surprising Bag of Game.**

Squirrels this year are more plentiful than ever known before. One man, Mr. Williams, is known to have killed more than any other two huntsmen, something like 186.

He had three Waterbury watches. He would get into the woods and go to two hickory trees where the squirrels feed. He would wind the watches up, put them in a small tin can and to each can tie a string. Then each was tied to the limb of a tree. Then he would hide in some secluded spot. As the watches would tick away the noise was like that of a squirrel cutting a nut and could be heard for a great distance. Every squirrel in the neighborhood would be drawn to the

trees, where they supposed their companions were having a big feast. In this way every squirrel has been killed by being decoyed in those two trees by this new device.

Mr. Williams says he has seen as many as six at a time running around the limb where the watches were fastened—*Roxbury correspondence Richmond Times-Dispatch.*

### PUTTING AT THE INN.

**Novel Feature Introduced at Indoor Competition.**

There were forty participants in putting contest at The Inn, Wednesday evening, and the progress of the event was followed with interest by a large company of onlookers.

Golf ball prizes were given for the three highest scores, by golf professional Jack Jolly, and a novelty introduced in the form of a bull's eye putting disc, scoring 100, 80, 60, 40, 20 and 10, respectively; three putts being allowed.

Mr. Charles E. Cattell, of Philadelphia, won first with a dead centre (100), Mr. Fred J. Bailey, of Chicago, second with 90, and Mrs. W. Hetherington, of Rochester, N. Y., third with 60. Only two other contestants scored, Mr. G. Lee Knight, of Philadelphia, and Mr. C. Teagle, of Cleveland.
