

**WEDDING BELLS.****Miss Bessie C. Gott Becomes the Bride of G. Dan Morgan.**

The many friends of G. Dan Morgan, who for several years past has been in charge of the Kennels maintained in connection with the Pinehurst Preserves, will learn with pleasure of his marriage to Miss Bessie Carleton Gott, of Rochester, N. Y., who is pleasantly remembered by many who met her here last season.

The ceremony was a quiet one, and took place at Kenjockety, the country home of the bride's parents, Mr. and Mrs. William B. Gott, September 26th, in the presence of relatives and immediate friends, Rev. Charles D. Boynton, rector of St. Michael's Church of Geneseo, officiating.

The decorations were in green and white, wild cranberry, ground pine and a profusion of white asters, combining to transfer the house into a bower of dainty beauty. Immediately following the ceremony a wedding breakfast was served, young and intimate friends of the happy couple occupying seats at the bride's table, the decorations harmonizing with the general color scheme.

Mr. and Mrs. Morgan are now at home at the Elm cottage, where they will spend the winter.

**RELIGIOUS SERVICES.****Last Season's Arrangements to be Continued--Appeal for Funds.**

The arrangement for religious services, made last year, proved so generally acceptable that it will be continued this season. A few general subscriptions have been made to the Episcopal church building fund, but the work of building has not yet commenced.

Last season arrangements suggested that contributions to this fund should be made general and not confined entirely to Episcopalians. It has, accordingly, been decided to do this, and contributions to the building fund are now asked for from all those who are interested in having a regular church building here to be used solely for religious services.

This appeal is made with the understanding that while the church will be built by the Episcopalians, it may also be

used for at least ten years, for the Union Services under the same arrangement that now prevails. In mentioning the time of ten years, it does not follow that it may not be used for a longer period, but that time was mentioned owing to the fact that quite a number of those interested in other denominations thought that another church might be built within that limit.

The two former committees are continued for the present season. Any one wishing to contribute towards the building fund is asked to kindly hand same to any member of the committees, or send to the Pinehurst General Office, which is acting for the committees.

Northerners will be in charge of the various departments and the dry goods, dress goods and trimmings, the men's furnishings, grocery, souvenir and other departments, will be considerably broadened, and a line of golfer's supplies, such as are not obtainable at the Country Club House, will be carried.

The Pharmacy will be maintained upon the same high plane as in the past.
