

# The Pinehurst Outlook

PINEHURST, MOORE COUNTY, NORTH CAROLINA

VOL X, No. 21.

SATURDAY MORNING, APRIL TWENTIETH, 1907.

PRICE FIVE CENTS

## DURING THE COMING SUMMER

Third Golf Course Will be Added to Present Superb Equipment.

Extensive Work in Various Departments Will Make Village Scene of Activity.

**P**INEHURST will be the scene of much activity during the entire summer for extensive work is planned to keep the Village abreast with its rapid growth, notable in this particular being the addition of a nine-hole golf course, giving the Village three distinct and separate courses, two eighteen-hole and one nine-hole; a golf equipment far superior to any in the world, and in face of which even historic St. Andrews must take a back seat.

Not only does the extension emphasize Pinehurst's rapid growth, but it places the Village in the lead as America's leading exponent of the ancient Scottish game; a forcible contradiction of the "rumor" which one sometimes hears, that golf like ping pong, and many other sports that Americans have become interested in, is but a fad for "a day, a month or a year."

The increased equipment comes as a natural consequence, for the growth in golf's popularity has been spontaneous, showing itself at first in the demand for a Championship tournament, and now attracting the attention of the entire golfing world through four annual contests of more than national importance.

The new course which starts nearly opposite the fourth tee on the old course, across the railroad track, ending close by, has already been laid out and the work of clearing and making putting greens is well under way, indicating that it will be ready for play during the coming season. All who have gone over the ground are enthusiastic over its novel and picturesque features, and the general opinion is that the excellence of the location will overcome any objection which may arise to the fact that there are but nine holes; to all intents and purposes giving the Village three courses of equal attractiveness.

Other summer's work in connection with the golf courses, will be the completion of work on the new eighteen-hole course for its opening next season, and general improvement of the old course, re-seeding and provision of additional dressing and locker room to the Country

Club house, and the building of a new and larger workshop for Professional Ross, who will add to his repair work, the making of special clubs for which there has long been a demand here.

### TOURNAMENT EVENTS.

The Country Club Schedule of golf tournament events which has already been arranged, will be even more extensive than in the past, provision being made for five and six sixteens in several of the important tournaments. The "Pinehurst System" of qualification, in which players qualify by the best sixteen scores in each division, will again be used in the annual Midwinter tournament.

Particular attention will be given to trap shooting, which has made big gains in popularity during the season, with the probability of one or more contests of national importance, among them an Interstate shoot, and, possibly, a Southern

Never have the cattle of the Dairy been in better condition or the season's output of pure milk and cream been larger or more satisfactory, the installation of a pumping plant being important work of improvement already begun. The pig-gery or Berkshire department, will be maintained upon its present scale, as a means of caring for the waste products of the Dairy.

Gradual extension and a constantly increasing capacity has been the rule at the Poultry Farm, work here having for some time past, solidified itself into definite lines of purpose; the raising and maintenance of breeds best adapted for the needs of the Village in the way of eggs, chickens, fowls, ducks, geese and turkeys. Attention to the raising of pheasants and quail for use in stocking the Preserves, will also be continued with the end to provide what is necessary in this direction.

A LONG REST FOR THE POND!

Championship, in connection with the annual Club championship gold medal tournament. Pistol shooting will also receive its share of attention with the annual United States Revolver Association State Championship, and the Club Championship gold medal events, as the leading features.

Tennis continues to hold its own in popularity, and the usual tournaments will be arranged for devotees of the sport with interest culminating in the annual Club Championship events. There will also be the usual equestrian gymkhanas which are enjoyed by the entire Village, and an increased interest in base ball.

### THE UTILITY PLANTS.

Maintenance of the Utility plants, the Dairy, Poultry Farm and Market Garden, upon the present high standard will be an important feature, the summer's work, including further perfection and necessary enlargement in anticipation of the requirements of the coming season.

The Market Garden in its admirable location on the high land just east of the Power House has become not only an object of utility but of beauty, through the effort of its interested manager, and increasing demands will be met by the addition of another large greenhouse; the work, as in the past, being to provide the vegetable delicacies for which Pinehurst has a fame by no means local in its character.

### COTTAGE EXTENSION.

The gradual growth of the cottage colony is a gratifying indication of the permanent affection admirers have for the Village. During the past few weeks two new names have been added to the list of private owners, Frederick Bruce of New York, and George N. McMillan of Gorham, N. H.; both of whom have been annual visitors for many years; Mr. Bruce purchasing the Oaks, and Mr. McMillan the Dartmouth; extensive

(Concluded on page 2.)

## SEASON'S LAST TOURNEY

Harry W. Priest Wins from David Fleming, Jr., in Tie Play-off.

Saturday's Medal Play Handicap Closing Event of Remarkable Golfing Season.

**A** MEDAL play handicap interested the golfers Saturday, the closing tournament of a remarkable season, and a good field participated.

Close scores ruled throughout, a tie play-off between H. W. Priest of Tedesco, whose allowance was 9, and David Fleming of Mt. Airy, scratch, being the special feature; Mr. Priest winning.

L. D. Pierce of Woodland (4,) C. M. Brett of Brookline (12,) tied at eighty-two each, F. G. Dodd of Zanesville (10,) and A. I. Creamer of Charlevoix (9,) finishing next in line with eighty-seven and eighty-eight, respectively.

### THE SCORES:

H. W. Priest	41	48	89	9	80
David Fleming, Jr.	38	42	80	0	80
L. D. Pierce	41	45	86	4	82
C. M. Brett	45	49	94	12	82
F. G. Dodd	43	54	97	10	87
A. I. Creamer	48	49	97	9	88
A. S. Martin	50	58	108	18	90
D. L. Lyon	52	51	103	12	91
W. L. Hurd	52	53	105	12	93
A. D. Partridge	51	57	108	12	96
J. A. Harris	55	61	116	18	98

H. W. Ormsbee, T. R. Newbold, T. B. Cotter, no cards.

### MISS ORBISON SINGS.

Sunday Evening Concert at The Inn Enjoyed by Villagers.

Contralto solos by Miss Nellie B. Orbison, and cello solos by Mrs. Trev. Sharp, contributed much to the regular Sunday evening concert at The Inn, which was enjoyed by many Villagers.

### The program:

Grand March, "Fame and Glory"	Matt
"Venetian Love Song" (A Day in Venice)	Gounod
"Good Night"	(Selected)
Vocal Solo (Miss Orbison)	
Selection Scenes from "Faust"	Gounod
"Cello Solo "Tarantelle" (Mrs. Sharp)	Fischer
Vocal Solo (Miss Orbison)	(Selected)
Excerpts from "Wonderland"	Herbert
Hymn "God be with You"	Tomer

The program arranged for tomorrow night at eight, the closing concert of the season, is an attractive one.
