

THE HOLLY INN

PINEHURST, N. C.

The Holly Inn is one of the most attractive hotels in the South. Since it was built in 1895, it has been necessary to enlarge it several times to meet the constantly increasing demand. The interior is elegant, cheerful and tasteful. No modern convenience is lacking. There are bath rooms, electric lights, steam heat and open fireplaces. There is a call bell in every room, and all beds are furnished with best hair mattresses. An orchestra furnishes fine concerts daily, and also provides for dancing. The cuisine is unsurpassed. The waitresses are all white girls from the North. Rooms for billiards and other games are provided in the hotel.

WOMEN ARE EXPERT SHOTS

Pistol Shooting's Fascination Claims Them in Large Numbers.

Important Tournaments Arranged and Trolley System Target Equipment in Place.

Pistol shooting occupies an important place in the list of sports which keep visitors pleasantly occupied in the open, conspicuous among its enthusiastic admirers being women who are even more prominent than the men, not only in point of numbers but in high scores as well.

For two years, the United States Revolver Association State Championship (20 yard) shoot was won by Miss M. M. Waterhouse of Centreville, R. I., and the

handicap events January 27 and February 17.

Valued percentage medals, offered by the United States Revolver Association, may also be shot for at any time upon application to the Club's secretary. The cost of these special targets is ten cents each and the number turned in and showing the required averages, need not be consecutive scores, simply targets showing the required total, properly attested and witnessed.

The medals offered are as follows:

Bronze medal, ten targets, counting eighty or better.

Bronze and silver medal, ten targets, counting eighty-five or better.

Bronze and gold medal, ten targets, counting ninety or better.

Silver and gold medal, ten targets, counting ninety-three or better.

Gold medal (the highest gift of the National Association), ten targets, counting ninety-five or better.

Mr. Brombacher Loyal.

Every paper has its "old subscriber" and Mr. August F. Brombacher of Brooklyn carries off OUTLOOK honors in the

PISTOL SHOOTING HOLDS ITS ADMIRERS CAPTIVE.

women's Championship scores have been better than the men's, and in weekly handicap and other events a large percentage of the trophies have gone to the fair sex purely upon merit. The indication is a gratifying one, for outside of the fascination of the sport which holds its admirers captive, is its adaptability to the practical side of life; at the same time a training for eye, nerve and muscle.

With butts in a new location and newly equipped with trolley target systems and telescope fitted booths, the sport promises to make big gains during the present season and the program outlined is an extensive one, frequent handicap tournaments being given prominence, and telegraphic matches with various teams throughout the country being a novelty.

Expert interest will centre in the annual United States Revolver Association State Championship shoot booked for the last of March, Association medals of silver and bronze being offered for the two best scores; and the annual Club Championship, scheduled for March 23, gold medals being offered to both men and women. Country Club cups are also offered for

matter of promptness, his renewal coming in annually with the fifteenth of October as fast as the year rolls round.

And the Village has no more staunch admirer. Coming here in 1901 for rest, Mr. Brombacher fell in love with the place and he hasn't missed a season since, coming frequently as many as three times a year.

Golf he plays, but most of all he enjoys being out of doors in the fresh air and sunshine and greeting old and making new friends.

Handicraft Shop Attractions.

Attractions at the Handicraft Shop during the season will be a native weaver and maker of wooden novelties and baskets, combined with the big variety of things from many parts, with Southern handicraft given special attention.

Not alone does the Shop meet the special demand for novel souvenirs, but it is an entertainment attraction besides; a museum as it were, which attracts and appeal because they are products of "head, heart and hand."
