CAROLINA OPENING TODAY

First Day Arrivals Place House Count at Two Hundred Mark.

Old Friends "Returning Home," and New Faces as Well—"Opening Hop" Tonight.

ANTICIPATION of the opening of the magnificent Carolina hotel, which took place formally today, has been one of the week features throughout the Village, an annual event of pleasure and significance, and the usual house warming hop this (Saturday) evening will be, by far, the seasons merriest dancing party.

Manager and Mrs. H. W. Priest have, as usual, found that the demands of those who desired to come early were large and, accordingly, many guests have been quartered at the hotel for ten days or two weeks past, nearly a score of these assembling, which with a delegation of over one hundred, and including many who come for next weeks big golf tournaments, arriving this morning, brings the first days house count well up towards the two hundred mark, giving the hotel at opening, midseason activity.

Old and new friends there are, all charmed by the luxury and comfort, the splendid cuisine and perfect service; the easy chairs in the lobby and the rockers on the vine clad veranda which overlook the landscape, warm in glorious sunshine, until it fades away into the blue gray distance and a sky of infinite tenderness.

Throughout the house things are as you left them last April, familiar faces greet you in the various departments, and the atmosphere of "returning home" which holds friends willing captives year after year, is everywhere in evidence. Room clerk Wingate is back, Bookkeeper Hobbs once more sends "billy-duxes," Steward Colby and Chef Milgate are still invisible, but at the same time very much in evidence, "Capt'n Jack" of the bell row takes your grip, and "Fred" and "Cal" once more lug in your trunks. Surely it is the same Carolina—nothing is lacking that heart could wish!
