

BUNCHED AT EIGHTY MARK

Match Play Rounds of Championship Rival Best of Golfing Records.

**Four Nineteen, Three Twenty and One
Twenty-three Hole Contests in
Tuesday's Play Alone!**

THE match play rounds of the Championship Tournament developed the fastest golf ever played here—and that's *goin' some!* Throughout entire play in the first or Championship division, cards were bunched 'round the eighty mark, with a goodly number running well down into the seventies, two rounds of seventy-four and three of seventy-six in the opening day's play!

Just trot out a few records to beat it—Amateur championship, Metropolitan championship, or any other championship!

Then came the extra hole matches resulting from the evenly matched field; four nineteen, three twenty and a twenty-three hole contest in Tuesday's play alone—and—once more, line up a few records to beat it—Amateur championship, Metropolitan championship or any other championship!

No longer are "St. Andrews and golf" synonymous; that is merely history. Now it is—

"PINEHURST AND GOLF"

wherever the game is known.
