## FOUR HARD POOL SHOTS.

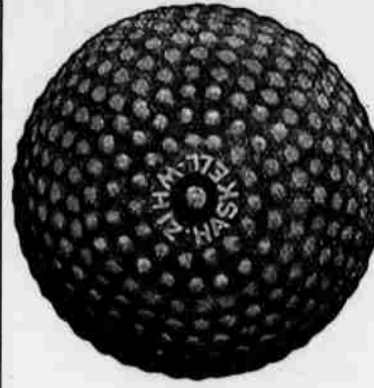

(Concluded from page 4.)

Pin takes 4 and 7, while ball takes the rest. Where it is a full Worcester all a man can do is to hit the 1 pin almost full, and consider himself lucky if he gets some pins.

When a man has a head pin break and 2-4-7 and 3-6-10 are standing, he should hit thin on 3 between 3 and 6.—W. J. Beatty in Boston Globe.

"SCORE!"

# The Haskell-Whiz

## HAS MADE GOOD!

A year ago skeptics said we claimed too much. The same people today play with the Haskell-Whiz and admit we claimed too little.

A year's play has proven our claim that the Haskell-Whiz is a perfectly balanced golf ball.

From the drive to the putt it lends itself to the player's best efforts.

It is a durable ball too. Never loses its shape and is practically cut proof.

Price 50 Cents Each;

\$6.00 per Dozen.

Its recommendation by the committee, and its wide use by experts are significant testimony to its high-score efficiency. The .22 long rifle cartridge gives the best results with this arm, but it is also bored for the regular S. & W. .32—10—88 and .35—16—146.
