G. DAN MORGAN.

In the handling of both fox hounds and bird dogs Manager Morgan is equally adept.

WILLIE ANDERSON TELLS ABOUT HIS GREAT RECORD-BREAKING VICTORY

WITH A

HASKELL WHITE STREAK GOLF BALL

Time and Again in this Match the Perfectly Balanced Qualities of the "White Streak" Overcame Adverse Conditions and Flew True to the Mark.

St. Louis, Mo., Oct. 1, 1909.

THE B. F. GOODRICH CO., Akron, Ohio.,
Gentlemen:

It will undoubtedly please you to know that at the Western Open Championship held at Skokie Country Club, September 16th and 17th, 1909, I won first money with the record score of 288, an average of 4's for 72 holes. This breaks all former records for medal play, and was made on a course that I consider as difficult as any in the country.

I used your White Streak golf ball throughout the tournament, and I can truthfully say throughout my whole experience I never used a better ball. The ball flew perfectly in the strong wind which lasted through the tournament, and on the greens it was simply perfect. I never played my mashie with better success in my life, and I attribute it to the pebble marking on the Streak, which in my estimation, is far superior to any other style of marking.

Although I hit a ball as far as the next person, I did not have a single ball crack on me during the tournament. I might also add that the Streak has had a big boost here at St. Louis, due to my victory, and I have sold a large number of balls, but as yet I have not had to replace one.

Trusting your ball will have a big run next year, I remain
Yours very truly,
(Signed) WILLIE ANDERSON.

THE BEST AID
TO A HIGH SCORE
THE SMITH & WESSON

Single Shot Target Pistol

The S. & W. target pistol with automatic shell ejector, rebounding lock, and adjustable target sights, is the final triumph in the production of a thoroughly accurate target pistol. Its recommendation by the committee, and its wide use by experts are significant testimony to its high-score efficiency. The .22 long rifle cartridge gives the best results with this arm, but it is also bored for the regular S. & W. .32-10-88 and .35-16-146.

This monogram appears
on all genuine Smith &
Wessons.
