THE Remington AUTOLOADING SHOTGUN

REMINGTON genius combined safety and shooting comfort in the Auto-loading Shotgun. The Remington Solid Breech Hammerless Idea places a wall of thick solid steel between your face and the smokeless powder. The recoil does all the work of reloading. You have five shots under control of trigger finger, giving three shots to get cripples which otherwise would die unrecovered.

In the Remington Autoloading Gun you get the most up-to-date and modern ideas embodied in any gun in the world, yet the price is moderate.

If your dealer can't show one, write us for catalogue.

THE MERRY TIN WHISTLES

There is no Jollier Company Than Those Belonging to This "Clan."

Can you tell me what the Tin Whistles mean? Inquired a new comer—and many have been the queries into this mysterious order—which has taken such a deep hold on Pinehursters. The organization is understood to be a concentrated effort to get the "tin"—by a large class of men who failing to do so—have learned a "whistle" which soothes all disappointment at failure! We have all heard of men "whistling for their pay"—and now we are told that

—still lives happily! The ups and downs of the average golfer are at times almost unendurable—filled with ambitions never realized—hope always deferred—and almost invariable disappointments—and the Tin Whistlers have solved the problem, blazed the way to a consummation of almost communistic golfic bliss!

"Can I get into such a desirable society?" is often queried. Yes, if you can stand the test! Can you go into a tournament and feel no disappointment if you fail to get the cup? Can you get a score of 82 for 18 holes and tell no living man? Can you wipe out all am-

there is a "whistle which pays when—you can't get the tin." Certainly no jollier company has been seen than those belonging to this clan and most of them act as if they not only have the cheer and comfort of the "whistle"—but also have the "tin."

The tin-tinabulation of the whistle is a quality heard only by the initiated Tin Whistler himself, and is said to be the most delightful melody in the sphere of sound.

When a member can't get a tin dipper he knows how to get along with a cut glass goblet; when he can't pucker up for a whistle he gets along with the "tin"—and thus golfing life is made endurable and the Tin Whistle votary

bition to see your name blazoned in bronze as a "North and South Champion" (over the fireplace)? Can you honestly own up to playing a "six" when your opponent thinks you have only played "five"—and when five wins the Tournament? Are you "modest" about your "game"—and do you really realize that you are but a "chump player"? Can you whistle pleasantly and never use adjectives (or collateral expletives) when you miss your putt? Is "tin" the last thing in the world you desire or think about?
