### AUCTION BRIDGE EVOLVING

(Concluded from Page 5)

an original bid of one club would be just as good a signal of distress as two spades and had the enormous advantage of allowing the partner to pull the dealer out with a bid of two spades, which is better as a bid than one club, although both have the same point value, four. The striking advantage of the one club bid, however, is that it leaves the dealer free to overcall his partner's two in spades with a single trick bid in any suit, and the other side are not likely to leave a player in with a one trick bid if they have anything themselves. Experience shows that one trick bids, unless they are no trumps, are very seldom played.

This seems to be as far as they have got, neither school having been able to convince the other as yet. Those who believe in the original no trump as the safest bid for showing the partner that they do not want to be pulled out have the very good argument on their side that it is the only bid that says just that, and if the third hand has nothing it is more than probable that the other side has something worth while and will want to play it. While the no trump bid is perfectly intelligible to them as a bluff, it still forces them to undertake to win eight tricks in any suit they name and if they don't name anything, they will never win the game.

### TRAVIS IN FAST FORM.

**Rounds Out His Stay Here with Two Record Cards.**

Walter J. Travis rounded out his stay here with a seventy card and a new record for the number two golf course; made in a four ball match with C. H. Matthiessen against W. R. Tuckerman and I. S. Robeson. The card:

OUT—5 4 4 4 5 3 5 3 4—37  
IN—4 4 3 3 5 3 4 3 4—33—70

On the day previous Mr. Travis struck a sixty-six gait, but, unfortunately, lifted from the bunker on the second hole as his partner, Mr. Lard, was good for a sure four. The best ball of the pair was sixty-two.

Mr. Travis' card for the round is remarkable. Here it is:

OUT—4 x 3 4 5 2 4 3 3—28  
IN—4 4 3 4 4 3 4 3 5—34—62
