HAS MADE RAPID PROGRESS

Roland B. Middleton Soon to Receive Aviation Diploma

Roland B. Middleton rounds out his third week here as the aviation pupil of Mr. Lincoln Beachey who has been in charge of the Curtiss school, has made remarkable progress. During the past week he has made a number of splendid preliminary flights which have astonished his instructor, who is confident that he will soon be ready for his diploma.

As a professional driver of racing cars Mr. Middleton has had valuable experience in the mastery of engines which serves him in good stead, and he has been quick to adapt himself to the special requirements of aviation which are mainly a cool head, quick comprehension and easy balance. For the present he will tour with Mr. Beachey but a little later, expects to strike out for himself with one of the latest Curtiss models.

Dinner for Commander Saito

Commander Saito and Mr. and Mrs. Beachey were the dinner guests of Mr. and Mrs. H. B. Emery at The Carolina Tuesday evening.
