The Midwinter Handicap.

The Midwinter Handicap swung wide open Tuesday and Wednesday, with two hundred-target sweepstakes which preceded the Preliminary on Friday and today's (Saturday's) premiere handicap. Big crowds have followed the shooting and the field is very classy. Full story next week.

WINCHESTER

"BRUSH" SHELLS

20 GAUGE

"LEADER" AND "REPEATER"

Winchester "Brush" shells, which have had such a success in 12 and 16 gauges and reached such a wide popularity, are now furnished in 20 gauge in "Leader" and "Repeater" brands, the loads being as follows: 2 1/2 inch shell, 2 1/4 drams (or equivalent) of smokeless powder and 3/8 ounce of 6 to 10 size shot. These "Brush" shells double the ef-

iciency of your gun, inasmuch as they give a cylinder-bore pattern in a choke-bore gun without loss of velocity or penetration. They can also be used in cylinder-bore guns with about the same pattern and penetration as regular loads. If you have not tried them, you have yet to take the full measure of your gun.
