WINCHESTER

Model 1912 HAMMERLESS REPEATING SHOTGUN 20 Gauge Take Down

The extremely light weight of this gun (only 5¾ pounds) will make it very popular with ladies who shoot, and in fact with all who appreciate the comfort of light-weight in firearms. Notwithstanding its light weight, it is the strongest repeating shotgun on the market, as all metal parts are made of Nickel Steel. In grace of outline and refinement of detail and finish it is unapproached by repeating guns of other makes. The simple manner in which it is loaded and unloaded, taken apart and put together are also features that recommend the gun highly. Look over one at your dealer's. They are sold everywhere.
