Kick Golf is the Latest

"Kick golf" is the latest diversion of
the youngsters on their way to and from
school, merely a question of the number
of kicks required to transfer a golf ball
from the school-house steps to the door-
steps of some boy's home.

The usual rules governing lost balls
and unplayable lies are in vogue, but
there are no hazards. "Isn't as easy as
it looks," remarked one lad, "cause it's
awful hard to keep the ball straight and
we can't get very much distance."

Sporting Powders

THE success of the hunting trip can be
made more certain if the selection of
powder loads is considered and decided
when preparing for the anticipated excursion

Don't experiment to learn which powder
has dependability and puts velocity and pen-
etration back of your shot.

Go to your dealer and buy shot shells con-
taining Dupont or Ballistite loads. Then you
have solved the powder question.

Ask for "Dupont" and "Ballistite" Book-
lets.—proper loads for various games, prop-
erties of each brand and useful information
for shooters. Address Dept. 297.
