(Concluded on page eleven)

BALLISTITE

SMOKELESS SHOTGUN POWDER for FIELD AND MARSH SHOOTING

WHY handicap yourself with an inferior powder? The successful hunting trip and its resultant joys depend largely upon the selection of the sporting powder.

YOU should therefore shoot BALLISTITE, a powder whose superiority has been proven at the traps as well as in field and on the marsh. Insist on getting BALLISTITE. It is

Absolutely Waterproof

Unaffected by climatic changes. Extremes of humidity and dryness make no difference with Ballistite.

YOUR top shot wad should read BALLISTITE. Your powder problem is then solved conclusively and satisfactorily.

BALLISTITE is loaded by the principal ammunition companies and sold in shot shells and in bulk by dealers everywhere. Booklet pertaining to BALLISTITE mailed free on request.
