Ward Seeks Health at Pinehurst

Robert B. Ward, president of the Brooklyn Federal League Club, left today for Pinehurst, N. C., where he will remain for the next two or three weeks. He is suffering from a cold, and the rush of opening the Federal League training season has been a great strain on him. Yesterday Manager Lee Magee, Business Manager Dick Carroll and Mr. Ward were in consultation in Mr. Ward's office in the Bronx, and several details of the training trip to Brown's Wells were discussed. It is likely that following his rest in Pinehurst Mr. Ward will take a trip to Brown's Wells and arrive there at about the time the Brookfields are due to open their training.—*Brooklyn Standard-Union*.

NOTE—Mr. Ward is stopping at The Carolina.

"THE WONDER BALL"

Whippet Lengthens Golfer's Drive and Shortens His Putt

That's what it is—"a wonder ball"—the "Whippet;" the sort of ball the golfer has, in fancy, imagined he was playing with, but previously, only to awake as from a dream. ¶ Light and heavy, dimple and pimples, sinkers and floaters, to suit personal preference. ¶ Fall into line!

FOR BETTER RURAL SCHOOLS

This is Keynote of Board of Trade Educational Conference

The Sand Hills Board of Trade educational conference held at West End last Saturday, claimed a generous attendance of the teachers of the section; M. C. Macdonald, J. B. Von Canon and Professor R. J. Corkran, the local committee whose reception was most cordial. ¶ President Derby of the Board of Trade presided and Dr. Carver of Harvard, economic advisor to the Department of Agriculture, was the first speaker; his subject "Making rural teaching the life of the Community and the necessity for co-operation along all lines of rural work."

Dr. Macbrien of the Bureau of Education, Washington, dwelt upon rural school improvement, and State Superintendent Joyner made a plea to the business men to work with the school leaders through the local Board of Trade for the improvement of the schools of the section. ¶ President Derby urged the necessity for better schools to retain, as Secretary of Agriculture Houston expressed it, "the requisite number of efficient and contented people." ¶ Secretary Davis of the Board of Trade presented a plan for a social survey to be made by the school children for various prizes, which met with hearty approval.

In closing, a permanent school committee was appointed to represent the Sand Hills Board of Trade in co-operation with teachers and superintendents, to secure better schools in the section; John R. McQueen of Pinehurst is chairman, Clyde L. Davis, secretary, and George Ross of Jackson Springs, Spain Pool of Cameron and Angus Cameron of Vass are other members.

"ASK MR. NEWCOMB!"

What He Doesn't Know About Cottages Isn't Worth Mentioning

Spring is in the air! ¶ Don't mind if you see our usual genial Director of Development, Arthur S. Newcomb, in the preoccupied state of subconscious thought, for these are his busy days. ¶ He's merely "figgering" just where he is going to locate all the people who are considering building private homes for next season occupancy!

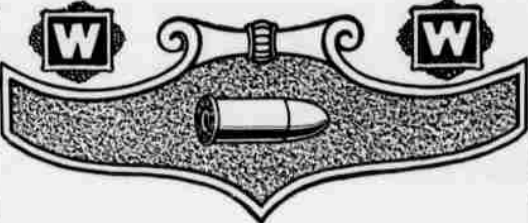

Work on the new homes of M. B. Johnson and G. W. Statzell is progressing rapidly, and it's suggestive to many who are thinking how nice it would be to own a place here. ¶ Mr. Newcomb will help you not alone in thought, but plans, for he knows the local situation as a golfer knows the traps on number 2 course—the things to avoid! ¶ "Get next!"

Bre'er Possum At Home

Bre'er Possum gave an "at home" Thursday evening for the younger set from 9 to—; we failed to ask the hour! In the chase were Messrs. Frank C. Page, John Boyd, Jack Boyd, Case, Pyle and Poor, and the Misses Fay, Sefton and Boyd, headed by Mars' Twitty and Old Nat and Mr. and Mrs. Boyce, the chaperones.
