The Sunday Concert

Sunday's program at the Carolina was a mighty good one and attracted even a larger audience than usual. The director of the orchestra, Wiley Pope Swift, is evidently of the same way of thinking as that oft quoted gentleman who could not see 'why the Devil should have all the good tunes.' The program was composed largely of classical music, but we enjoyed it. And classical music is usually wasted on us—the us being editorial bien entendu. Incidentally the rest of the audience which filled the drawing rooms and overflowed into the corridors, also showed decided appreciation of the selections and their excellent renderings, applauding generously and joining in with spirit in the singing of the hymn at the close. The program follows and we look to Mr. Swift to provide an equally good one this Sunday:

ver you choose to call them, of the respective guests could easily have been gathered and correctly labeled through an inspection of the favors. Golf, shooting and card mementos were as varied as they were numerous and attractive. The virtuoso received a hand-organ; the orator, an oyster; the thirsty man, a camel. Ours was an excellent one with a finely developed hump and appealing plaintive eyes.

TOWNSEND'S TRIPLEX

(PATENT PENDING)

The Greatest Grass-cutter on Earth
Cuts a Swath 86 Inches Wide

Drawn by one horse and operated by one man, the TRIPLEX will mow more lawn in a day than the best motor mower ever made, and cut it better at a fraction of the cost.

Drawn by one horse and operated by one man, it will mow more lawn in a day than any three horse-drawn mowers with three horses and three men. Does not smash the grass to earth and plaster it in the mud in Springtime, nor crush out its life between hot rollers and hard, hot ground in Summer as does the motor mower.
