

TOWNSEND'S TRIPLEX

(PATENT PENDING)

The Greatest Grass-cutter on Earth Cuts a Swath 86 Inches Wide

Drawn by one horse and operated by one man, the TRIPLEX will mow more lawn in a day than the best motor mower ever made, and cut it better at a fraction of the cost.

Drawn by one horse and operated by one man, it will mow more lawn in a day than any three horse-drawn mowers with three horses and three men. Does not smash the grass to earth and plaster it in the mud in Springtime, nor crush out its life between hot rollers and hard, hot ground in Summer as does the motor mower.

Write for Catalogue illustrating all types of Lawn Mowers including Townsend's GOLF WONDER for putting greens. (Free).

PINEHURST SCHOOL

PINEHURST School was constructed during the spring and summer of the present year, on a site one mile south of Pinehurst.

The school receives both day and boarding scholars. In the day school the curriculum is composed of both elementary and college preparatory courses.

Arrangements have been made to convey to and from school boys who live in Pinehurst during the winter and who desire to enroll in the day school department.

MARY PICKFORD'S DOUBLES IS THE SILVER FOILS DISCOVERED - ALMOST

Unique Character Impersonation in Latest Production Misleads Her Best Friends

It was during the rehearsals of the final scenes of "The Foundling" that the incident responsible for the discovery of a "second Mary Pickford" occurred.

Mr. Zuker, who has had less opportunity of being in the studio since the fire of the company's former producing plant, came in upon the enactment of a scene and witnessing the actions of six little children, walked up to Daniel Frohman and said: "That child with a short white dress is a regular Mary Pickford. We should develop her and should double her for Mary in some kid role," and when "the child" came running up to him and said "Hello, Mr. Zuker. How is 'Madame Butterfly' going?" he was astonished, for his "second Mary Pickford" was no other than Mary herself.

There was no necessity to develop the star for when "The Foundling" was shown privately, Mary Pickford had portrayed a sweetly pathetic character. She achieves the rare distinction of surpassing herself. Miss Pickford's masterly ability to mold pathos with humor is strikingly displayed throughout "The Foundling."

She plays so effectively on the heart strings of her audience that the smile and tear pursue each other constantly.

As "The Foundling," Mary Pickford adds another personal triumph to her long list of successes.

All of which is, of course, merely to remind you that she will appear at the Carolina Theatre in this part on Friday, February 4th.

MARY PICKFORD NOW TO RECEIVE \$500,000
A YEAR

By a new contract just signed with the Famous Players Film Company she is to receive one-half of the proceeds from all her pictures which will amount to \$500,000 annually.

Assembly Call

The North Carolina committee for the Oglethorpe military camp for business men met for the first time Monday evening last at the Carolina Hotel, to devise ways and means to enroll the citizens of the State. Francis Cox of Raleigh is chairman, and Roger Derby and R. W. Page the other present members. The opportunities, the cost, the method of enrollment, and proper inducement to join the camp and every detail will be shortly presented to the public. Meantime we might say that anyone in Pinehurst or the neighborhood who wishes to go, or to assist in making it easy for others, can get in on the game, and be mighty welcome by dropping into the OUTLOOK office, or calling us up on the telephone.

Charles P. Mason

who recently purchased a tract of land near Pinehurst for the development of a peach orchard, has been elected president of the Class of 1916 taking the Winter Course at the State Agricultural and Mechanical College.
