

TOWNSEND'S TRIPLEX REAL ESTATE LETTER

(PATENT PENDING)

The Greatest Grass-cutter on Earth Cuts a Swath 86 Inches Wide

Drawn by one horse and operated by one man, the TRIPLEX will mow more lawn in a day than the best motor mower ever made, and cut it better at a fraction of the cost. Drawn by one horse and operated by one man, it will mow more lawn in a day than any three horse-drawn mowers with three horses and three men. Does not smash the grass to earth and plaster it in the mud in Springtime, nor crush out its life between hot rollers and hard, hot ground in Summer as does the motor mower.

Write for Catalogue illustrating all types of Lawn Mowers including Townsend's GOLF WONDER for putting greens. (Free).

A. E. Newcomb Tells About the Plans for Building

New Residences in Prospect for James Barber, W. H. Thurston and W. J. McNab

INFORMATION received indicates that building operations in Pinehurst during the coming Summer will equal and probably exceed those of last year. Plans for four new residences are already in the hands of builders and the number of inquiries for building sits is for greater than in any previous season.

Mr. James Barber of Englewood, N. J., president of the Barber Steamship Company of New York, has purchased three lots on Beulah Hill Road, adjoining the property of Mr. H. W. Priest and the Pinehurst Building Company, and extending through to Shaw Road, where he already has the stakes up for a commodious and substantial residence. Mr. Barber and his family are well known here, and highly esteemed, and will be warmly welcomed as permanent Winter residents. Within two years a second dwelling will be built on these lots and this development will greatly enhance the value of all the surrounding land. Mr. Barber is a veteran golfer, a member of the Englewood Country Club, one of the leading spirits of the Knickerbocker Golf Club and a man of large business affairs, and the fact that he has decided to invest heavily in Pinehurst realty is substantial evidence of his confidence in the future of the village and a handsome tribute to Pinehurst as a place for Winter homes.

Mr. W. H. Thurston of New York and West Hampton, Long Island, has bought lot No. 406 on Beulah Hill Road, where he plans to erect a bungalow to be ready for occupancy next Winter. He too, is a man of long business experience and his purchase is another expression of confidence in Pinehurst, and he and his family will also be warmly welcomed as permanent Winter residents. Mr. Thurston is an active member of the West Hampton Golf Club and an enthusiastic golfer.

Another sale of considerable significance recently consummated is that of the lot between the residence of Mr. H. C. Fownes and Dr. J. S. Brown to Mr. W. J. McNab, manager of the Pinehurst Department Store. Mr. McNab buys for investment and will build a house to rent.

Building

Mr. and Mrs. Donald Parson of Youngstown have the plans for their new residence completed. We are told that they will commence construction at once upon their place just across the way from the Johnsons. Next Fall will find that corner of the village completely built up.

BOY SCOUTS

Eric Parson Organizes the Boys of the Pinehurst School

The spirit of '76 and the arts of Chingogcock are again abroad in the land. The boys of the Pinehurst School are enrolled among the scouts, and are busy learning the ways of the woods, and the mysteries of nature, forestry and independence under the guiding influence of Eric Parson and Frank Butler.

They are divided into groups, and are spending this week under different chiefs building their tribal retreats. They have been assigned to districts in the school woods. Each group is constructing a house of some sort for itself, after their own design, and out of the material provided by the forest. The rigid rules of conservation and forestry, as taught by Gifford Pinchot are observed to the finest detail in obtaining material.

The first clan are in favor of a tree house, and plan their retreat aloft; the second hark to their antedeluvian ancestors and are constructing them a mound, after the cosy fashion of the Aztec Tribes; two prefer the Daniel Boone style of architecture, and are hard at work sawing and splitting the makings of log cabins.

They are in the open air all afternoon, and the great beauty is that the whole of every afternoon is spent in thoughtful and constructive work, of a manly, healthful and instructive nature.

Song Recital

On Wednesday evening, March 15th, in the ball room of the Highland Pines Inn at Southern Pines at 8.30 o'clock there will be a Song Recital by Mrs. Edith Chapman Goid of New York. Mrs. Goid is a singer of rare charm and distinction and possesses a soprano voice of great beauty. She has been connected for a number of years in the past with the famous Musical Art Society of New York, conducted by Mr. Frank Damrosch and has made a name for herself as an oratorio and church singer as well as a delightful recital artist.

It is proposed to give the proceeds remaining after the reasonable expenses of the concert have been paid, to the farm Life School or some other worthy cause. The concert is given under the patronage of Mrs. Leonard Tufts, Mrs. Parker W. Whittemore, Mrs. Tyler Redfield, Mrs. Arthur S. Newcomb, Mrs. Henry Street Houston, Mrs. Guy Metcalf, Mrs. Thomas Theodore Watson, Mrs. Harry W. Priest and Mrs. George Orvis of Pinehurst; Mrs. John G. Boyd and Mr. James Boyd, Mrs. Archibald S. Thompson, Mrs. Frederick Best, Mrs. Joseph Gregory, Mrs. William C. Mudgett of Southern Pines and Mrs. John Warren Achorn of Pine Bluff. There will be bus connections on the night of the concert between the Highland Pines Inn and the Carolina. Tickets at \$2.00 each are on sale at the Carolina and the Holly Inn and also at the Highland Pines Inn on the night of the concert.

The recital is given under the management of Mr. Lawrence Adler of the Marienfeld School, Samarcand, N. C.

Send THE OUTLOOK to your friends.
