A Worthy Case

The generous and sympathetic spirits of Pinehurst manifested itself this past week in response to the needs of the plagara sufferer, with the ultimate result that through the efforts of Dr. and Mrs. J. S. Brown who first learned of the case from the Rev. Mr. Cheatham, a fund was started amounting to date to \$345.00. It seems that the sufferer, Mr. Gordon, a greens-keeper in the employ of Mr. Tufts, was stricken with plagara in June last and since that time has been unable to work. The case of the Gordon's seems to command attention in so much as both the man and woman are clean, thrifty and hard-working people. They have five children, the oldest a girl 10, a boy 8, twins, a boy and girl 6, and baby 2.

During the Summer Mr. Tufts had a doctor from Charlotte examine the man and this doctor, in accord with other medical authorities, agreed that plagara is a curable disease, the cure being entirely a matter of receiving the proper food.

It seemed best after much consideration to deposit the subscribed money in a trust fund in the Bank of Pinehurst. Mrs. Brown persuaded Mr. MacQueen to add one more duty to his busy routine, and take over the trusteeship of this fund, as being the person most familiar with local needs and conditions.

This fund will be used to provide the proper diet for the sick man as advised by the doctor, to invest in some chickens, which with a small amount of care will furnish fresh eggs, and to give a small weekly allowance to Mrs. Gordon for family necessities.

All clothing, food or money for the sufferer and his family will be more than welcome and gratefully acknowledged in this paper. Through the generosity of the following the fund was started:
