

**FIELD TRIAL PLAN**

**Fast Dogs Already in Line for Sweepstakes**

The executive committee of the Pinehurst Field Trial Club have announced the terms of the Trials to be held here next year. There will be two stakes—The Membership Sweepstakes, at which post entries will be accepted, the entrance fee to be \$5, and a high class Shooting Dog Open Sweepstake, with a guaranteed purse of \$100. In this last event there will be a \$5 nomination fee, and \$5 to be paid the day before the run. The nominations will close January 1st, 1919.

Considerable interest in these coming trials has already been manifest. In preparation Major J. S. Brown commissioned Dan Morgan, the well known breeder and handler of dogs, to get him the fastest pointer and field trial prospect he could find. Morgan picked out Raps Classy Cute, a daughter of the famous Manatoba Rap, first pointer to win the National Championship. Through her dam she goes back to old Rip Rap, he being her grandsire. In "Cute" the Major has a great prospect for next year's trials. She will be a hard one to beat, though several are looking for one that can take her measure. With this in view J. H. Andrews has invested in the pointer bitch "Tripil," one of the best shooting dogs in Pinehurst. She came from blue blood, her sire being the great winning pointer Philander 6, owned by the Judge R. C. Cornell of New York, her dam, being Queen Stridenay. It looks as though the cold blooded dogs would have to take a back seat in next year's trials.

As the shooting season is about to close we find a great many birds left over, probably the most in years. Mr. Morgan, who has been away from Pinehurst for eight years, says he finds more birds than ever before. This is probably due to the increased acreage under tillage in the neighborhood, providing a large feeding ground, a prime factor in the propagation of birds, and in the prevention of the forest fires that destroy so many eggs during the nesting seasons. Enough birds are killed each season to leave seeds for the coming one. Quail never do well where there are large coveys left.

**Have the Best Ball in Silver Foil Foursome Play**

The ladies of the Silver Foils engaged in four ball foursome play over course number one at the Country Club on Thursday, the 21st. It was a handicap affair, medal play, and was won by a safe margin by Mrs. Donald Parson playing with Miss Gwendolyn Cummings. With an allowance of 27 strokes between them they sailed in with a net card of 87, which led Mrs. George M. Howard and Mrs. Byrnes, her partner, by four shots. Mrs. Howard and Mrs. Byrnes

tallied 94-91. Third place was taken by Mrs. J. D. Chapman and Miss Gertrude Thurston. Although they landed in third place in the tournament, this last pair had the moral satisfaction of making the best actual score of the day, 104.

The summary.

**GOOD PUTTING**

**Win Contest on Country Club Green for Mrs. Armstrong**

With a perfect string of twos, emphasized by a single clean ten foot putt from the second position on the clock, Mrs. J. D. Armstrong circled the green at the Club House last Saturday in 23, and won the prize in the weekly Saturday putting contest for women by a safe margin. Second place was more hotly contested. No less than four ladies came into the finish with a score of 25—Miss Gwendolyn Cummings, Mrs. Harry G. Waring, Miss Caroline Bogart and Mrs. J. Tompkins. The summary.
