

THE PINEHURST OUTLOOK

VOL. XXII, NO. 15

SATURDAY MORNING, MARCH, 8 1919

FIVE CENTS

SPRING TOURNAMENT

Dwight L. Armstrong and Edward Styles Tie For the Medal

Styles overtakes Armstrong with a Sensational 69 on the Second Day

A field of 316 teed off in the qualifying round of the Spring Tournament, Monday, half of the contestants playing on Number two and the other half using Number Three—a process which was reversed on the second day of the round. The number of players was the greatest that has ever taken part in any one day of tournament play since golf was discovered.

MONDAY'S 18 HOLES

At the conclusion of the first round Dwight L. Armstrong of the Oakmont Club led the great field with a round of 38-37, 75, on No. two. Armstrong, it will be remembered, took the medal in the Midwinter Tournament here, two years ago, and followed it up by defeating Phil Carter in the final, who came in second. L. D. Pierce of Ekwanok, was the only other player to break 80 on the first day and as Pierce's 40-39 79, was made on Number Three he was looked upon as having a fair chance to overtake Armstrong in the second day's play. Edward Styles who was expected to come in around the top, was away down in the list with an 85 made on No. two and was apparently hopelessly out of the running.

At the end of the first 18 holes, on Monday, the leaders stood in the following order:

Dwight L. Armstrong, Oakmont, Course No. 2, 38, 37—75.

THE HORSE SHOW

A Great Field of 163 Entries Lady Babbie takes the Blue Ribbon

Rockett and Porin each Take Two Ribbons

The second annual Horse Show, held under the auspices of the Pinehurst Jockey Club on Saturday March 1st was easily the best horse show that has been held in the South in recent years. The great field of 163 entries from all parts of the country surpassed the most sanguine expectations and was a flattering tribute to the reputation gained by the Jockey Club in the few short years it has existed.

In one respect the show was unique. The Outlook with its ear perpetually to the ground, has not yet heard a single expert adverse criticism of the work of the five Judges, Fred B. Shreves of Philadelphia, A. W. Sankey of Southern Pines, T. H. Hogsett, of Cleveland, Harrison Williams of New York, and N. S. Hurd of Pittsburg. Their decisions were carefully but swiftly made and were obviously as unanimously arrived at as the published decision of the Peace Conference. Jay V. Hall, too deserves Honorable mention for his efficient work as Ring Master and Bureau of Information. We heard him simultaneously and all in the same breath, issuing instructions to 21 different riders, explaining to an anxious inquirer that a gaited saddle horse was not necessarily a saddle horse that had been given the gate, and showing just how a horse that was too small for the 15-2 class had become a trifle too large by the time the class was reached, or something like that.

Nat Hurd's Porin carried off the first blue awarded during the day, taking the first in Class L, Running Horses in Hand, and also took the blue in Class 6, Thoroughbred Hunters in Hand, besides winning the second prize in Class 10, Thoroughbred Saddle Horses.

Marshall Hall's Ray-O-Light won in the last named class, and took the second prizes in the other two classes in which Porin won the blue.

Lady Babbie, entered and ridden by Lieut. Col. D. W. McEnery won decisively in the Officers Mount Class No. 11 against a large field, took the blue for Saddle Horses 15-2 and over, and wound up by winning in Class 14,

in 43 for a 79 which left him securely in the lead so far as the men who had finished immediately after him on Monday were concerned. The Oakmont golfer stood at 154 for the 36 holes, and the man nearest him was Lou Hamilton of Garden City, who finished in 162, consisting of a brace of 81's. Pierce had an off day, taking an 85 on No. Two, but came in next to Hamilton at 164.

Thus the leaders stood in the early afternoon of the second day and even when word drifted back to the Club-house that Styles had gone out on No. Two in 34, cutting down Armstrong's
