Horticulturists**

Arrange with us now for planting and
seeding your grounds in the fall. All
early flower shrubs should be pruned
soon to induce strong growth for next
spring's blooms. Have it done by ex-
perts. "There must be no 18th amend-
ment for your garden. The U. S. A.
may be dry, but your plants must be wet
occasionally to produce a garden you like
to see. When J. Pluvius fails, we do
the watering. Let us take care of your
grounds. We do it intelligently. Phone
or write for appointment.
