**The Success of any Industrial
Movement Depends on the
Amount of Capital Available.**

The orchards and farms and home projects and other schemes of the Sandhills will advance as money is at hand to finance the movements.

Throughout the towns and rural sections of the Sandhills is a lot of money in pockets, in bureau drawers, in hiding here and there, in sums of one dollar, five dollars fifty dollars, odd lots, big amounts, little amounts, money that is not doing anything.

Gathered into one sum this money would finance several obligations that would stimulate business throughout the county. In the

BANK OF PINEHURST

that money would be put to work by loaning it out. It would be subject to the call of the depositor at all times much safer than kept at home, and in every way more useful.

Don't let your money loaf when money is needed in all industry. Get it to the **Bank of Pinehurst** and it will be put to work for the general benefit of the industry of the community.
