

The *Chalfonte*...

PINEHURST, NORTH CAROLINA

SOUTHERN CUISINE

Privileges of Pinehurst Country Club

SAME MANAGEMENT AND STAFF AS
THE CHALFONTE, CAPE MAY, N. J.

CALVIN SATTERFIELD, JR., *Managing Owner*

Guests at Pinehurst are invited to visit The Archers Company's shops, located just two miles east of the Village.

The bows and arrows used on the Pinehurst Range are made here by men and women particularly skilled in this craft.

The best of high-grade tournament bows and arrows are made at Pinehurst (America's largest exclusive makers of archery equipment).

If Your Range is Not Satisfactory

A PYROFAX GAS RANGE
DISPOSES OF ALL THE TROUBLES.

Gas has never been surpassed as a fuel, and in the production of Pyrofax gas the manufacturers have produced the most satisfactory form of gas, whether manufactured or natural, that has been known.

In heating units, convenience, dependability and everything else Pyrofax gas is without a rival.

Installed and supplied and kept on hand in the tanks all the time by the

Pinehurst Warehouses

PINEHURST, N. C.

All you have to do is to light a match and turn on the gas.

To golfers

who are
curious about
the new-size ball

With the coming of the new-size ball, came the question in the minds of many golfers, as to whether the new specifications would make all golf balls equal. To answer that question, Spalding offers the following facts:

1. In more than 5,000 driving machine tests on balls of every make, it was definitely established that the new-size Spalding ball outdrives every other new-size ball.

2. Leading professionals, in the most accurate

human tests that can be made, also outdrive, with the new-size Spalding, every other new-size ball.

It's easy to understand why this is true. For a slight change in size and weight can't nullify the experience Spalding has accumulated since making the first golf ball in America. It can't lessen the Spalding knowledge of ballistics, windings, and cover markings. It can't take from the Spalding those qualities of greatness that only Spalding has been able to put into a golf ball!
