

# LIFE

on the Top of a

## Mountain

is a wonderful thing for man. It gives him a long view of the world. It gives him health, which is the wealth of the soul. Also, on certain mountain tops, besides receiving the rugged opportunities offered by such sports as riding, golfing, fishing, swimming and hunting, a man gets the chance to enjoy the virtues of good food, good beds, the advantages of new friendships. That is why, nine times out of ten, summer finds him in
