The WORLD of TODAY

By the Associated Press

Leading news of the day concerns Germany's difficulty in handling demonstrations and resistance by Czechs in Prague against the Bohemian Protectorate. A official German news agency reports that nine Czechs were shot today and that this and other methods had been needed to restore order. Many arrests were made and Czech schools were closed.

Earlier in the day Czech high schools and the Karlovy University Technical Institute were occupied by German black shirts and about 1,200 students, boys and girls, were hauled away in buses. Reasons for this action were vague. On Wednesday 2,000 students demonstrated against the Bohemia-Moravia Protectorate Government set up by Germany in the dissolution of Czechoslovakia.

In London the Supreme Allied War Council met and announced "complete agreement" on methods of using French and British forces for effective conduct of operations.

A joint statement issued by Prime Minister Chamberlain and French Premier Daladier said plans had been completed for common action in the fields of air, munitions, raw materials, oil, food, shipping and economic warfare.

France was represented at the meeting by Daladier, Gen. Maurice Gustave Gamelin, Commander in Chief of French and British forces, and other officials.

Chamberlain and Lord Chatfield, Minister for Coordination of Defense, were Britain's principal representatives.

It was announced War Minister Leslie Hore-Belisha would confer Monday in France with Daladier and Gen. Gamelin.

The communique announced prospective establishment of a coordinating committee for pooling of economic resources for war.

United States

RALEIGH, N.C., Nov. 17—The weatherman had good news today for more than 52,000 people—"It should be a fine, though rather mild day, for the Duke-North Carolina football game."

Scanning his charts and maps, H. E. Kichline, in charge of the weather bureau here, said this section tomorrow should have clear skies, with temperature little changed from that which brought a 75-degree reading here yesterday.

"Of course," Kichline hedged, there is always a 10 to 20 per cent chance that our calculations are wrong."

SOUTH BEND, Ind., Nov. 17—Federal Judge Walter C. Lindley imposed fines of \$5,000 each today on General Motors Corporation and three affiliates connected with their choice.

Merriams Enjoying Visit to Pinehurst

The Honorable and Mrs. C. B. Merriam of Washington, D. C., who are guests at the Carolina Hotel, are paying their first visit to Pinehurst. Due to the pressure of Mr. Merriam's business affairs they are unable to leave Washington for any length of time at present, and decided to visit Pinehurst because of its convenience to the Capital. They expressed themselves as delighted with their choice.

Mr. Merriam is recovering from a severe attack of laryngitis and is particularly pleased with the warm and sunny weather here, and Mrs. Merriam is very much impressed with the loveliness of the green foliage.

Mr. Merriam is a director in the Reconstruction Finance Corporation and is also a director of the Metropolitan Life Insurance Company, the Atchison, Topeka and Santa Fe Railway and other important business concerns. The Merriams arrived Tuesday and will remain for a week or ten days in order that Mr. Merriam may fully recover before returning to Washington.

PINEHURST SCOREBOARD

by ROBERT E. HARLOW

Donald J. Ross played the number three course at the Pinehurst Country Club in 36-34-70 yesterday. It was not exactly a new experience, because Mr. Ross has been making low scores for several years. The remarkable thing about it is that Mr. Ross is 66 years old and one of those rare players who has every expectation of playing his age one of these days.

Scoreboard will be in the press box today at the Duke-North Carolina game and will make a brief report in tomorrow's Outlook as to some of what goes on. For details we recommend that those interested contact Purvis Ferree, behind the desk at the Country Club.

Jack Ryerson, Richard S. Tufts, James Hunter and Bing Hunter played a fourball game yesterday afternoon on number three and each scored a 76. Ryerson and Tufts defeated the Hunters 2 and 1. The individual scores were Ryerson 41-35-76; Tufts, 38-38-76; James Hunter 38-38-76 and Bing Hunter, 37-39-76. Tufts, playing number two in the morning scored a 72.

Bing Hunter on Thursday came within inches of holing his tee stroke at the eighth hole on number one course. Yesterday he was about one foot six inches from the hole, but missed the putt.

COLT IS NAMED "PINEHURST"

It is interesting to read the list of names given colts sold at the Standardbred Horse sales and this month in Harrisburg the program listed as number 75, PINEHURST, chestnut gelding, by Abbedale, dam Esna Dillon, by Dillon Axworthy. C. P. Mason, Lewiston, Me., bought this animal for \$300.

That international politics and war have been felt among the harness horse folks is noted by a number of names such as: Prime Minister, Flagship and What Next.

The movies are represented by Fan Mail, colleges by Bryn Mawr, and that horsemen worry sometimes over money is noted in the colts named Economist and Certified Check.

As usual the Hanover family has a large number of additions, among these being such Pinehurst names as Ross and Dana Hanover. One of the animals is named Fanny.

DR. PARSHALL BUYS COLT

Dr. H. M. Parshall was one of the active buyers at the Standardbred sales, and has already shipped a number of colts to his Pinehurst training quarters.
