EDWIN S. BLODGETT IS CHAMBER HEAD

Berkshire Hotel Operator Elected to Office at Meeting Tuesday When New Panel for Year is Selected

Incoming President Takes Position Ably Held by L. L. Biddle II, for Two Years; I. C. Sledge is Vice-President

DR. PARSHALL GUEST

Edwin S. Blodgett, operator of the Berkshire Hotel, was elected President of the Pinehurst Chamber of Commerce in a meeting in the Community Church yesterday, to fill the chair which for two years has been so successfully occupied by L. L. Biddle II.

Mr. Biddle read a report from W. L. Dunlop of the Pinehurst

DR. PARSHALL LAUDS PINEHURST CLIMATE

Dr. H. M. Parshall, honor guest at the Chamber of Commerce meeting declared that Pinehurst was the finest training ground in America to condition horses for summer racing, and advised that it was his opinion that as many owners as could find quarters for their horses would be glad to locate here.

America's number one driver on the big time harness horse tracks, who drove Peter Astra when he won the Hambletonian and eight other stake races for three year old trotters this summer, declared that the Pinehurst climate is just right, neither too cold nor too warm, and that the animals conditioned here are in such excellent fettle that they dominate the summer campaign.

Dr. Parshall was introduced by W. H. Watt, who for many years has been one of America's leading harness horse patrons. He told about Dr. Parshall's remarkable record as the leading harness horse driver of the country.

venerable clinic to the effect that Dr. C. R. Monroe and the Moore County Hospital would take an active part in continuing the work of the clinic, which for many months was carried on by Dr. Francis Owens. Mr. Biddle pointed out that the community owed Dr. Owens a great debt for the work he had done for the clinic.

Mr. Dunlop's letter said in part:

"At a conference with Dr. Knox, state epidemiologist, attended by Dr. Monroe and me, we were promised immediate delivery of all equipment necessary to conduct a clinic second to none in the state, amounting in cost to approximately \$200. A representative of the state office will visit us this week to make a survey. The clinic will be operated by the hospital staff. Our participation in securing the clinic amounts to providing quarters. The single room at the Fire House is inadequate and should be supplemented by another."

'LEARNING ABOUT HIS GAME,' KNOWLES HITS CARD OF 70 TO WIN

Brookline Golfer Tallies 5 and 4 Victory Over Harlow in Pine Needles Tilt; Brown, Blue and Hunter Advance

Bobby Knowles of the Country Club, Brookline, continued his personalized investigation into the state of his golf game yesterday at Pine Needles where his experiment included the elimination of Robert Harlow, Pinehurst, in a first match play round of the Thanksgiving tournament. Knowles won, 5 and 4, although he was more than generous, and reported to the scorekeeper that the margin was 4 and 3.

Bobby is the young man who has determined to make the winter tour with the professionals in order to find out if he can "really play the game."

Yesterday he was around in 35-35-70, with a six on the last hole. Out in 35 he was three up on his opponent and the match was over at the 15th, at which hole Mr. Knowles accomplished a three, which he will never better if he attends the University of Golf, otherwise known as the winter tournament tour, for 20 terms.

The WORLD of TODAY Settle Detroit Automobile Strike

By the Associated Press

A basis for settlement of the labor dispute which will put 50,000 automotive workers back in the Detroit shops by Thursday was announced late last night in Detroit by Federal Conciliator James F. Dewey. Officials of the C. I. O. and United Automobile Workers agreed upon terms with the management of the Chrysler and General Motors Corporations. The details were not announced, but it is understood that increases in pay will be given.

Asheville Has Blackout

Asheville was thrown into darkness tonight when workers in the Carolina Power company refused to work owing to company orders against a closed shop.

Finland Says Situation Critical

Finland last night drafted a still secret reply to the Soviet denunciation of the seven-year-old non-aggression pact which existed between the two countries. A midnight communique stated that "the Finnish government has considered the new note sent by the Russian government and defined its attitude and will hand over its reply tomorrow." With denunciation of the pact there is no longer any formal obstacle against Russian aggression. The Finnish foreign office declared the situation to be "most critical," and was quick to deny Soviet assertions that Finnish troops had crossed the border behind a barrage of artillery fire. Finnish military authorities also denied Russian broadcasts that Soviet troops had repulsed Finnish attempts to invade Russian soil, and had taken three Finnish prisoners.

According to a midnight broadcast of the Moscow radio station, shells exploded and bullets whizzed across the Soviet frontier, as three new incidents occurred along the 600-mile border, though no blood was reported spilled as on Sunday when Russia charged that Finnish artillery fire caused the death or wounding of 15 Red Army men.

Claim British Cruiser Sunk

Torpedoing and destruction of a British heavy cruiser of the London class off the Shetland Islands was announced by German authorities Tuesday. The announcement said that Lieutenant Captain Guethenth Prie, who commanded the submarine which sank the British battleship Royal Oak at Scapa Flow Oct. 14, was also in command of the submarine which sank the cruiser. The London, one of four sister ships, displaced 9,850 tons, carried eight 8-inch guns, and a normal complement of 650 men.

PINEHURST SCOREBOARD

by DOUGLAS DOAK

Two of Pinehurst's very best amateur press agents are Billy and Junebug Tate, who let the public know that Pinehurst is possessed of attractions in the horse field as well as in golf. For Billy and "Junebug" jumped right into first place in practically all of the horse shows throughout the state this summer.

They come by their riding ability naturally, for they are the sons of Lloyd M. Tate, manager of the Pinehurst Livery Stables, and have been riding ever since they were knee high to a colt. Since they began their show careers they've been making off with almost every first place in sight.

To add further to reputations which are already outstanding, the two boys participated in five shows this summer, winning at least one or more first in each show and never failing to place in any event they started. They rode in Wilson, Sedgfield, Blowing Rock, Linville, and Hendersonville, taking part in events of the green hunters class, open hunters, touch and out, stake class, open jumping, and pair jumping.

Billy, riding Virginia Girl and Timber Rider, won the championship on points at Hendersonville, and "Junebug" took both championship and reserve championship at Blowing Rock, riding Tophorn and Crepe Suzette. At Blowing Rock the boys won their twenty-eighth consecutive first in pair jumping. And just to keep the family well represented Mr. Tate rode with his sons to win first in the hunt team class.

Not to let all the honors go to the masculine side of the family, young Mary Ann Tate took first in Beginners class at Hendersonville. Mary Ann is only eight but promises to make her brothers look to their laurels in the future.

Billy is fifteen and Junebug thirteen and they are in the tenth and eighth grades respectively. They find school an unfortunately necessary interruption to their riding. Of late they have taken up with another species of quadruped, namely a billy goat, which they enjoy driving to a cart, and which has attracted much interest among the younger generation in the neighborhood.

EXPERIMENT STATION CATTLE TAKE THREE FIRST PLACES AT SHOW

Pinehurst Exhibit Makes Good Showing as Finest Ayrshire Herds in State Vie in Competition Here

With the Central Experiment Station at Raleigh winning with three of the seven first places, entries from four of the finest Ayrshire herds in the state took part in a cow show in the Carolina Riding Ring yesterday. Other dairies exhibiting were Samarcand Manor, Sanatorium, and Pinehurst.

The exhibitors were fortunate in having perfect weather for the show, which was held in the afternoon before a sizeable crowd of spectators. Dr. A. A. Hussman, who is connected with the veterinary department of the state department of agriculture, served as judge, and C. G. Grinnells, of the Central Experiment Station, conducted the show.

The seven classes shown and the winners were: aged bull, Pinehurst first and second; bull yearling, Sanatorium first; bull calves, Central Experiment Station first, Sanatorium second, Pinehurst third; two to three-year-old cow, Central Experiment Station first, Sanatorium second, Samarcand fourth; aged cow, Pinehurst first, Sanatorium second, Samarcand third; yearling heifer, Central Experiment Station first, Pinehurst second, Sanatorium third; heifer calves; Sanatorium first, Central Experiment Station second, Pinehurst third, and Samarcand fourth.

Before the show, the annual meeting of the Carolina-Virginia Ayrshire Breeders Club was held at a luncheon in the Crystal room of the hotel. Election

Mrs. B. L. Tyrrel Captures Class B Trophy with 79; Mrs. Estelle L. Page Turns in Low Gross of 75

FINE FIELD COMPETES

Mrs. Louise Fownes Blue of Pittsburgh and Pinehurst, and Mrs. B. L. Tyrrel of New York, were the prize winners yesterday in the 19th annual Carolina tournament for women held at the Pinehurst Country Club.

Mrs. Blue won in Class A (handicaps up to 20) with a card of 47-43-90-14-76 and Mrs. Tyrrel in Class B (handicaps of 20 or more) with 51-52-103-24-79. These ladies were presented with fine pieces of luggage.

Mrs. Estelle Lawson Page, Chapel Hill, playing from plus 4, returned a card of 38-37-75 plus 4-79. This was the lowest gross round, and marked Mrs. Page's return to competitive golf after a long rest due to pneumonia, which she contracted shortly after the woman's national championship last summer.

It was Mrs. Page's first round over the number one course since it has been rebuilt. Last year in this event Mrs. Page scored a 75 on the number three course.

Mrs. Blue did not expect to take home the first prize in Class A after taking a seven on the first hole. On the outward nine par threes at the two short holes were of great help, and on the home nine consecutive par figures at 14, 15 and 16 aided in a very creditable round of 47-43-90.

Mrs. Page's figures:
Out 444 454 454-38
In 434 545 453-37-75

There were 28 competitors.
