KUNES RIPS OFF 66 ROUND AT MIAMI TO TIE NELSON FOR LEAD

Philadelphia Golfer Finishes In Dark to Shoot 4 Under Par For 36 Hole Total of 137; Guldahl and Harrison 138

MIAMI, Dec. 16—(AP)—Gene Kunes of Philadelphia finished after dark with a four under par 66 today to tie the national open champion Byron Nelson, at 137, for the 36 hole lead in the \$10,000 Miami open golf tournament. Nelson had whipped out his second sub-par score, a 69, apparently unscrambling an eight way deadlock for the lead, when Kunes came out of nowhere. It was so dark that the Philadelphia, a former Canadian open champion, took five minutes to line up his last putt.

Kunes, who recently landed a job in the Homesburg Country Club at Philadelphia, was completely overlooked after shooting a first round 71 yesterday. Playing after a gusty wind had subsided, Kunes ripped off a 33 on each nine in a magnificent display of golf. He missed only one green all day as he birdied five holes and bogeyed only one, the seventh, where he three putted.

PINEHURST SCOREBOARD

by HARRY YORKE

Charlie Summerson, who with Julian Bishop is operating Horseshoe Quail Lodge at Carthage, has led a colorful life in the scatter gun world.

For many years Mr. Summerson represented the Ithaca Gun Company, covering a territory from Cuba to Newfoundland, east of the Mississippi, during which time he shot in most of the eastern states, not only as a pro trap shot, but as field expert on upland game.

Originally from Virginia, he went north and connected with the Remington Arms Company and conducted big game shooting trips as far west as Bering Sea. He explored the wilderness of the upper Yukon territory for glacier blue sheep, the rarest of big horns, killing two large rams. He also hunted in the wilds of British Columbia.

On one trip he took 11,000 feet of motion picture film, given to the national museum at Washington for educational purposes.

Now, in addition to his connection at Deep River, he operates one of the finest outfits along the eastern coast of New Brunswick, Canada, located at Tabusintag, where Atlantic silver salmon fly fishing is at its best. Sea run trout on light tackle tests the skill of the most ardent and experienced angler, goose, duck, partridge or ruffed grouse are plentiful, and without doubt there is the best wood-cock shooting to be had in the north maritime section.

Charley is a wonderful wing shot, but after years with the scatter gun one feels he should be, for a gun to him is what music is to most people.

"I met him," says Mr. Bishop, "and we seemed to gee-haw together, and I feel you would."

Mr. Bishop and Mr. Summerson have joined hands to offer the best there is in quail and turkey shooting. Hunters are invited to come to Horseshoe Quail Lodge and enjoy good sport, good food and comfortable quarters. The season opened December 1st, and closes February 15. The limit is 10 quail per gun per day, with a season limit of 150. Turkey limit is one per day and three per season. Non-resident license is \$15.25, obtainable at camp.

Horseshoe Quail Lodge offers 25,000 acres of wonderful quail country, and it is exclusive for lodge guests. From two to four hundred pairs of quail are released each season for extra covert from stock. Naturally, good shooting, under normal weather conditions, is always available. The owners plant cane and cow peas, and this season have about 150 patches.

While a sportsman may wish to shoot over his own dogs, which can be housed on request, good quail dogs are available at the Lodge.

Any sportsman who visits the Lodge will forever remember his days afield with Bob White in Carolina, and the radiating warmth of the Horseshoe Lodge on Deep River.

EARL SHAW ARRIVES TO START CAMPAIGN FOR POLO REVIVAL

Noted Player Expects to Have Team Matches Organized by Jan. 15th; Meet Here in April Is To Be Mapped

Earl Shaw, noted American polo player arrived in Pinehurst yesterday to open a campaign to stimulate interest in the revival of polo here. His associate, Merrill Fink, is expected to arrive Sunday.

Mr. Shaw is expecting 20 of his string of polo ponies to arrive either this weekend or the early part of next week to be quartered here during the winter season. Twenty more are expected sometime around the first of January.

On Mr. Shaw's program is a plan to stage polo matches between a Pinehurst team, which he is quite certain can be organized, and Camden, Aiken, Fort Bragg and others. He hopes to have a Sandhills tournament here in Pinehurst some time in April. The team matches, he hopes to have organized by Jan. 15th. Judging by the many contacts the noted polo player has in this field of sport, it seems that the plan will work successfully.

Mr. Shaw and three other expert polo players, including Merrill Fink, Jack Fink and S. A. Healy, have been playing together for many years. The foursome is expected to have a playing reunion in Pinehurst in connection with the proposed polo revival here.

The team of Shaw, Fink, Fink and Healy have played in Chicago, at the Oak Brook Polo Club; at the Rumson Polo Club, Rumson, N. J.; the Blind Brook Turf and Polo Club, Port Chester, N. Y.; Fort Hamilton, New York and in many other horsey and polo spots throughout the entire country. Mrs. Shaw also arrived yesterday, and she and her husband are residing in the Craven cottage.

Isham Jones' Band Will Play At Buffet

Isham Jones, for many years one of America's leading orchestra leaders, will bring his music to The Pinehurst Country Club buffet supper and dance on Thursday night, December 28.

Mr. Jones is one of the outstanding names in American dance music. He has not only contributed many popular numbers, but has provided pleasure to dancers from days before the Florida boom to the present.

Mr. Jones is an enthusiastic golfer. During the Florida boom his band was engaged at the Davis Island Country Club in Tampa Bay. A sliding roof was rolled back on moonlight nights. This was during the mad era in American history.

The famous band master will very likely get in some golf while in Pinehurst.

Miss Dorothy Pierce, manager of the Country Club Grill, announces that those wishing advance reservations should communicate with her at the club, or by calling 3441.

GRAF SPEE REFUELS, FINISH FIGHT LOOMS

German Battleship, Taking Refuge in Montevideo Harbor, Given Until Sunday to Remain in Port

BRITISH BLOCKADE HITS AMERICAN TRADE

WASHINGTON, Dec. 14—(AP)—The effect of the British blockade was reflected in violent terms today when Secretary of Commerce Hopkins announced that Germany had taken only \$2,000 worth of American goods during November as against \$12,210,000 during October. Goods to foreign countries totaled \$287,000,000 as against \$323,168,000 in October. Latin America took more goods, but not enough to overcome the decline elsewhere.

Nazi Authorities Say National Honor Would Not Permit of Internment; British Renew Demand

SLAIN ARE BURIED

A Uruguayan Naval Commission announced tonight that the German battleship Graf Spee would be given until Sunday night to leave Montevideo or be interned for the duration of the war. The announcement was made following an inspection of the warship by members of the Commission.

As German leaders asserted that national prestige would not permit internment, neutral observers wondered if the stage was being set for a finish fight between the Graf Spee and British and French cruisers watchfully waiting outside Montevideo harbor for the enemy to come out.

SWING!

Colored Folks Meet Jitterbug Band With Calm

By A Staff Correspondent
TAYLORTOWN, Dec. 14—The conservatism of the neighboring village of Pinehurst has got the colored people of this settlement firmly within its grasp.

Swing, the beat of which made the shuffling feet of Chicago colored folks tear up the football gridiron in Soldiers Field, was met with the utmost restraint by the people of Taylortown last night.

A jitterbug band of 12 musicians, from Charlotte, brought over at a cost of \$100, literally blew itself out in an effort to arouse the Gay Society Club, gathered in the Academy Heights school auditorium, to display those qualities of enthusiasm for which the race is noted.

The 12 musicians had enough air in their lungs to inflate to (Continued on page three)

THE WEATHER

Mostly cloudy and somewhat unsettled Saturday and Sunday. Possibly light rains in mountain and northwest section.

Early yesterday Great Britain made a second diplomatic demand that the Graf Spee be interned or forced into the high seas.

Refueling of the German battleship was being rushed. Oil was loaded into the Graf Spee from the German freighter Tacoma and there was every indication that preparations were being made for an early departure. While these preparations were in progress, officers and a third of the crew buried on Uruguayan soil the 36 men killed in Wednesday's battle.

British quarters indicated that the 10,000-ton British cruiser Cumberland and the French Battleship Dunkerque, 25,300 tons, had joined the force blockading Montevideo harbor.

Air Fight

From London there were reports of an attack by members of the Royal Air Force on a crippled German cruiser in the North Sea. It precipitated one of the heaviest aerial conflicts of the war.

Our hotels have arranged elaborate menus, and members of the cottage colony will unquestionably instruct "cookie" to provide victuals of extraordinary gastronomic merit.

Even the hard working folks, such as members of the staff of The Pinehurst Outlook, anticipate cutting themselves a piece of cake on Christmas Day.

Nothing is lacking to make Pinehurst's Christmas dinner reach 100 percent of the families in the village, but thirty X-mas baskets, which can be provided for \$75.

Mrs. H. Foster Kelly is chairman of the Pinehurst Christmas basket committee, and an investigation of families needing help in order that they, too, may join (Continued on page two)
