## Sen. Borah Reported To Be Near Death

WASHINGTON, Jan. 18—(AP)—Senator William E. Borah of Idaho, stricken with a cerebral hemorrhage, was reported tonight to be near death.

The 74-year-old dean of the Senate has been in a state of coma since Tuesday morning, when he was found unconscious in his bathroom.

Mrs. Borah said that the senator's physician would give her no encouragement to expect that her husband might recover.

At their apartment where Borah was under the care of Dr. Worth Daniels, Mrs. Borah said that contrary to first assumptions, it was now considered possible that the senator first was stricken with the hemorrhage and that this attack had caused the fall Tuesday. First reports were that he had slipped on a rug, struck his head, and that the hemorrhage resulted.

Medalist Scores 70-69-139; Professionals Capture All 32 Places in Match Play; Ghezzi Loses Out in Playoff of Group Tied at 149

SAN FRANCISCO, Jan. 18—Lawson Little won the qualifying medal in the match play tournament here today with 70-69-139, as professionals won all of the 32 places in the match play, and left Marvin Ward, national champion, and a handful of other star amateurs, including Wilfred Wehrle and Johnny Dawson, on the sidelines.

It required a score of 148 to qualify outright, and there was a playoff at 149 among five for four places. Victor Ghezzi, North and South open champion, lost out at the first hole in this playoff, when he was the only player to go as high as six.

Jim Demaret was second qualifier with 71-70-141 and Craig Wood third with 71-71-142. Dick Metz and Byron Nelson qualified easily with 144.

The three crack amateurs found themselves among expert professional talent on the sidelines as the former national open champion, Ralph Guldahl took 78 today for 154, E. J. Harrison 150; Paul Runyan 155, Denny Shute 152, Olin Dutra, 151 and Ky Laffoon, no card.

Ward scored 152, Wehrle 160 and Dawson 151.

Little won \$325 for having low medal score. He was hitting tremendous wooden club shots and although the weather was cold and uncomfortable he was home at the 517 yard first hole and the 495 yard third in two and obtained birdies.

In the playoff Jimmy Thomson and Jimmy Hines were two of the five to get in, as Ghezzi was left out.

He has been associated with the promotion of the game at Pittsburgh, Cleveland, Cincinnati, Columbus, Detroit, the Pocono Mountain district and many other spots... as an exhibition player, he drew a crowd which was estimated at 30,000 at the Allegheny County Fair held in Pittsburgh last August 28 and 29. After a business tour of Florida he will go to Texas to end his trip at the national badminton tournament in Seattle, Washington, March 28, 29 and 30.

He referred us to the meeting of directors of the Southern Badminton association which will take place in Charlotte tomorrow when plans will be made for the further expansion of its activities. Representatives of the various southern clubs also have been invited to meet with the group. One purpose of the meeting is to discuss the possibility of bringing a future national badminton tournament to North Carolina. Last year the tournament was held in New York. President Adon Smith said that he thought the Duke gym would be ideal for the tournament. Plans also are expected to be

## FORUM LECTURE ON MONDAY IS OPEN TO SANDHILLS PUBLIC

Because there seems to have been some confusion on admissions to the Forum, the advisory board of the Forum, at its meeting at the Holly Inn on Wednesday, has issued the following statement of policy:

"The Pinehurst Forum is a mutual organization. The more members, the better the attractions presented. We are therefore anxious for as many subscribers as we can get. Contributions are solicited from those attending only one meeting or more."

Dr. Walter H. Judd, who will speak at the Forum this Monday, January 22 at 8:30 o'clock, was at the University of Nanking with the Rev. F. Craighill Brown of Southern Pines.

Among those best qualified to interpret the menacing situation in the Far East, and America's relation to it, are the American educators, business men and doctors who saw the approach of the war, stayed at their posts while the tide of conflict rolled past, witnessed at first hand its devastating effects, and in the wake of this stirring experience have thought deeply with regard to its significance. Dr. Judd has worked as an American surgeon in China for more than ten years. He was for months in Japanese invaded territory where he came into close contact with men and events.

This Forum on Monday evening is open to the public of Pinehurst, Southern Pines and any interested people in the Sandhills region. There is no charge, although contributions from non-members are solicited.
