WARD-MARR TEAM'S 69 WINS TIN WHISTLES SELECTED DRIVE TILT

Victors Finish Two Up on Par; Two Pairs Tied for Second with One Up Score in Foursome Competition

W. H. B. Ward and C. B. S. Marr are getting to be among the most feared golfers of the Tin Whistle Club. Yesterday they won the foursome, match play against par, selected drives event when they finished two up on par. Sitting in the Tin Whistle room, neither Mr. Marr nor Mr. Ward wanted to take credit for the victory. Other members who knew something about the round played by the victors explained that on two occasions Mr. Marr had holed out from great distances, and that Mr. Ward performed a similar coup on the second.

The winners' card:

Out	434 524 543—34
In	545 333 444—35—69

In a tie for second place were W. M. Alling and W. T. McCullough and J. R. Bowker and Rev. Dr. T. A. Cheatham. These pairs were one up on par.

POLO GAME DRAWS RECORD CROWD TO EXCITING SKIRMISH

Polo returned to Pinehurst with a booming success Sunday afternoon, after an absence of seven seasons.

The game, between the Sandhills Club and the Blind Brook Club, really lived up to promises. It was a thriller, and the crowd was gratifying. The No. 2 field was crowded with limousines.

Several Pinehurst residents familiar with the Pinehurst polo of days gone by said that the crowd was larger than any of the past.

The Sandhill team, composed of R. B. Green, B. R. Brown, Earl Shaw and Captain Paul Miller of Fort Bragg, defeated the Blind Brook foursome, composed of Fred Wilmshurst, Henry Gibson Barnard, U. N. C. star; Merrill Fink of Rye, N. Y. and Captain Dave Erskine of Fort Bragg. The final score was 6-5. With 50 seconds to go in the final chukker, Captain Miller, No. 4 man for the Sandhill team, was thrown for a spill as he tried to pull up after successfully checking a goal for Blind Brook on the far end. The throw knocked Miller out for several minutes. He recovered and called for his pony, insisting on finishing the game.

Captain W. V. Slocock and Colonel George P. Hawes Jr. were the referees.

POLO COACH HURT

CAMDEN, S. C., Jan. 22—An injury suffered by Cyril Harrison, coach of the Camden polo team, in a game here yesterday was diagnosed today as a fractured skull.

With his bride of a week looking on, Harrison was thrown from his mount in a game between two local teams. The coach came here from Long Island.

ANGLOW TWEEDS PLANT ON MIDLAND ROAD

MAN ABOUT TOWN

by Lou Koch

"Long Jim" Barnes, former British and U. S. open golf champion, has returned to Pinehurst after a trip to Sarasota, Florida . . . he said it was too cold down there and that there was much more sun in Pinehurst . . . and we're not trying to start a resort tong war like that between California and Florida.

We met a fellow yesterday and a discussion arose on the many newspapers in the country which are sponsoring a Finnish Relief Campaign . . . "How about that New York Red sheet, The Daily Worker?" he asked.

The fire alarms in the halls and rooms of the Holly Inn blasted away about noon Saturday . . . George Veno of the Pinehurst Fire Department responded with the truck . . . it was only a defective sprinkler system joint in the kitchen section . . . incidentally, we've always wondered (in view of the fact that the fire whistle blows Saturday at the stroke of 12 noon) what would happen if a fire really broke out at 12 noon and the whistle for it blew at the same stroke . . .

The five dollars which Mr. and Mrs. William T. McCullough won as a prize for the best Christmas decorations was donated by them to the Galilean Church in Taylortown, a scout reports . . . the church used the five spot to buy new robes for their choir . . .

Interest in Pinehurst polo is on the up . . . the latest note is to the effect that James A. Hanna, Paul Butler and S. A. Healy, all players of the Oakbrook Polo Club, Chicago are expected next month with a number of ponies . . .

Merrill Fink, Pinehurst polo player of the Sandhills Club is one of three brothers, all in the game . . . there's Jack Fink of New York, who has been at it ten years and Wesley Fink, Jr., who's been playing the exciting game two years . . . Merrill has a ten-year chalkmark on his time . . .

Charlie Picquet was movie host at his Pinehurst Theatre, Friday night and matinee, to all the waitresses and kitchen employees who served the guests at the annual banquet of the joint Chambers of Commerce of Moore County which took place at the Carolina Friday, January 12 . . . Charlie was chairman of the affair . . .

Put down another badminton promoter, who believes that the game can be made to take root in the Sandhills . . . F. L. Dupont, who ordered equipment, including racquets, shuttlecocks, presses, covers and nets as added stock to his downtown store . . . the material was ordered from George W. Woods, representative of the R. S. L. Shuttlecock Co., Ltd., who was written up in Scoreboard, Outlook column, Friday.

A fellow named Mack Upchurch over Carthage way says he has held his head under the cover many a cold morning to keep from seeing his wife build a fire . . . we don't get it, personally, but the Moore County News had a small headline over the item in last week's issue.

SAVANT WILL SPEAK ON CAUSES OF WAR

AIDING JAPAN IN WAR WILL RECOIL ON U. S. SAYS FORUM SPEAKER

Dr. Judd Urges Americans to Boycott Goods from Nippon; Sees Country Become Our Greatest Rival in World Trade

That the United States is cutting its own throat by aiding Japan in her war with China, was declared by Dr. Walter H. Judd in his speech before a good sized audience of Forum listeners last night. Dr. Judd, who has worked as an American surgeon in China for over ten years, spoke from an eye-witness viewpoint when he described the crucial Chinese-Japanese situation.

He made three main points in his address, stressing first that the conflict in the East is being conducted today in a way which makes previous wars look like "child's play" in comparison; with the Japanese waging a war which is premeditatedly directed against civilians in order to break Chinese morale.

Secondly he pointed out that in spite of America's seeming indignation at Japanese aggression and atrocities, the United States is supplying as much as 86 per cent of the war materials without which she could not wage the war, and which she cannot get elsewhere.

In conclusion he urged that every American citizen support economic boycotts against Japanese made goods, and make strenuous efforts to force legislation which will prevent this country from shipping war time supplies to Japan. Otherwise, he pointed out that, even aside from humanitarian reasons for making the war impossible, Japan will subjugate China and use China's resources to become the world's greatest competitor to United States trade.

Dr. Judd's address was received enthusiastically by the audience, who bombarded him with questions until he was forced to leave in order to catch his train. Dr. Judd performed the feat of making four speeches in one day yesterday.

Victory Puts Demaret Top of Money Winners

SAN FRANCISCO, Jan. 22—(AP)—Professional golfers hiking along the winter tournament circuit, made their salaams to a new leader today—Jimmy Demaret, from Houston.

Victory in the San Francisco open put Demaret in the forefront of the current year's money-getters in the art of battling par.

Along with \$2,375 earnings—\$75 in the Los Angeles open, \$1,200 in the Oakland and \$1,100 in the San Francisco event—Demaret became the first player in the ten year history of the local tournament to win it twice. He was top man here in 1938.

NEWBURYPORT, Mass., Jan. 22—Mrs. Sarah Palfrey Fabyan of Brookline, one of the nations top-ranking tennis players, asked a divorce today on a charge that her husband, Marshall Fabyan of Manchester, Mass., had been cruel and abusive.

WAR BOOSTS MARKET DEMAND FOR TWEEDS MADE IN SANDHILLS

Factory Where Anglow Product is Manufactured, on Midland Road, is Family Enterprise With Growing Clientele

A native Sandhills industry is coming into its own as a result of the havoc played with world trade by the present European conflict. With World War II cutting down on the import trade, American woolen buyers are finding it increasingly difficult to procure imported tweeds. American tweed lovers can now look to their native resources, the Anglow Tweeds plant on the Midland Road, being a fine example of the fact that this country can and does produce excellent tweeds.

No one is better qualified to speak on the subject than Mr. and Mrs. H. G. Chatfield, owners of Anglow Tweeds Co., for they themselves have proven that the United States need not go outside of its own borders for tweeds as fine in every way as the imported fabrics. They have proven this so well, in fact, that not only have they created a small but growing market for native hand woven tweeds, but have actually sent their tweeds abroad.

About five years ago, Mr. and Mrs. Chatfield and their son, Henry, came to the Sandhills from Marion, Mass., having selected this locality as best suited
