

## ARMORED SLEDGES USED BY RED ARMY IN SURPRISE THRUST

Swarm of 130 Battle Planes Support New Offensive Against Finns Aimed at Viipuri; Attack Made at Summa

## ASSAULT WITHSTOOD

HELSINKI, Feb. 2—(AP)—The Russian army struck with surprise force at the Mannerheim line last night, employing a new offensive technique, with armored sledges supported by a swarm of 130 battle planes, even as Finland's white haired president was issuing a plea for an honorable peace.

The Red army, which has been inactive on the Karelian Isthmus since mid-January, while fierce battles were waged along the Arctic circle and north of Lake Ladoga, suddenly came to life with a violent attack aimed straight at Viipuri, Finland's second largest city.

The attack was made at Summa, 20 miles inland from the coastal fortress of Koivisto, which has withstood nine weeks of hammering from land, naval artillery and air bombardments.

Advices from observers with the Finnish Karelian army said the attack had been met by entrenched men holding doggedly to their positions.

## SOVIET AMBASSADOR PROTESTS REMARKS IN JOHNSON SPEECH

Oumansky Complains to Hull in Interview at State Department of Speech by Assistant Secretary of War

WASHINGTON, Feb. 2—(AP)—Constantine Oumansky, Russian ambassador, complained to Secretary Hull today because of a speech made by Louis Johnson, assistant secretary of war, in which the American declared that "the world beholds the truth of the age old axiom that a free man is worth at least a dozen slaves."

The Russian ambassador also stated that his government objected to Mr. Johnson's remarks that Finland was fighting against forces of bigotry and oppression.

Soviet-American relations were discussed today by Secretary Hull and Oumansky during a 35-minute conference at the state department.

The Sandhill Polo Club is promoting a campaign for the sale of parking spaces to residents and visitors of this section. John R. (Jock) Bowker has been named executive-secretary of the drive, which has already shown a promising outcome, with many of the 180 reserved spaces already applied for. There are 120 season spaces selling at \$25 and 60 at \$15. They can be procured by writing or calling the Sandhill Polo Club, Tel. Pinehurst 3862. Sam Lacks, Carolina hotel doorman, has an outlined map of the field and its parking facilities, and arrangements are being made for Southern Pines residents to order conveniently through the Hayes' Sandhill Book Shop.

Honorary boxes have already been assigned for the Governor of North Carolina and for General Bryden, commanding officer of Fort Bragg.

In addition to season space subscriptions, daily reservations may be made, either at the gate or through members of the sales committee for the price of \$2 each car, regardless of the number of passengers.

## PINEHURST SCOREBOARD

by ROBERT E. HARLOW

Tuned in just in time to hear a sports commentator interviewing (Happy) O'Brien, who claims to be the world's greatest caddie. This brought up the subject of caddies. Here in Pinehurst during the past few days a good job of work has been done in feeding the colored boys and men and their families, who earn their living in winter, carrying clubs on Pinehurst courses.

A committee of caddies asked the Outlook last night to express the gratitude of themselves and families for the food provided by members of the Tin Whistle Club and Pinehurst Country Club members and staff, during the days when old man winter took away their employment.

This (Happy) O'Brien has been touring about getting himself on radio broadcasts. The commentators at this season are looking for somebody in sports to interview and (Happy) walks in with a scrapbook filled with clippings and has little trouble in getting on. O. B. Keeler interviewed O'Brien in Atlanta recently. They were good enough to say some nice things about Pinehurst.

'But when caddies are mentioned I think first of Joe Horgan. Joe is America's number one caddie and has been for 40 years. The incident that marked Joe as number one caddie transpired in 1929, when a well known figure in golf lost his roll, not just the crust of it, but the filling and the bottom. Joe knew this person well, and he heard that he had been cleaned out. Joe went to the man's office and said:

"Mr. \_\_\_\_\_, I haven't got much, but I have got \$100 I could let you have."

Walter Hagen was the only golfer who ever took a caddie to

## PLAN ANNUAL DINNER OF UNIVERSITY ALUMNI AT CAROLINA FEB. 16

Plans for Get-Together Well Underway; Dean House and Other Members of Faculty Will Be Present

## Sepecial to the Pinehurst Outlook

SOUTHERN PINES, Feb. 1—Plans are getting well under way for the Moore County Alumni of the University of North Carolina dinner to be held at the Carolina Hotel on Friday evening, February 16. J. Talbot Johnson, chairman of the alumni committee, has plans under way for a most interesting program.

Myron Sanders, secretary of the alumni association, has announced that he is bringing along Dean House and several members of the faculty. It is his plan to line them up along the wall and put them through a quiz. This feature of the program, which has not yet been fully completed, promises to be most interesting.

In addition, Coach Wolf, who piloted one of the most successful teams this past season, is expected to be on hand to show a picture of the Tulane and the Pennsylvania games. These were two of the outstanding games played by the University of North Carolina during the past fall.

## RESPONSIVE AUDIENCE HEARS MRS. HOWARD IN FORUM ADDRESS

Mrs. Georgette Ross Howard's talk on "Washington, Inside and Out," was enthusiastically received by a large and responsive Forum audience at the Country Club last evening. The question period, which seems to gain impetus with each speaker, is now a well-established part of the program, and one of its most interesting features.

Mrs. Howard, who kept her audience enthralled with just the correct amount of whimsical seasoning in dealing with the affairs of state, gave a touching eulogy to the late Senator Borah, the man who was nick-named by Will Rogers "the American Prime Minister." Touching upon the Finnish situation, the national debt, the terrific expense of war, Mrs. Howard cited H. R. Knickerbocker's recent Washington address (Continued on page three)

The British seamen were crew members of ships sunk by the Admiral Graf Spee before she was driven into Montevideo harbor Dec. 13 in a running battle with three British cruisers.
