CALLAWAY AND SLOAN TOP FIELD IN SECOND AMATEUR - PRO TILT

Pinehurst Pair Tally 65 to Win Event and Tie Leaders for Club Championship: Played at Mid Pines

WON FOR SECOND PLACE

By close scrutiny of the charts, prepared with painstaking care by the Outlook mathematicians, the layman will be able to figure out the standings in the Sandhills amateur-professional golf league, the second tournament in the series of four, having been completed yesterday at the Mid Pines Club.

In this league as many statistics are kept as by a government project. That is necessary in order to determine the various winners.

Yesterday at Mid Pines, Harold Callaway and Clifford Sloan, representing Pinehurst in the club championship, scored a neat 65 and pulled Pinehurst into tie with George Dunlap Jr. and Fred Turner, Pine Needles, for first place in the club championship section of the league.

Dunlap and Turner were 65 at Pine Needles, in the first tournament and 68 yesterday for a total of 133. This was tied by Callaway, who with Richard S. Tufts, scored a 68 at Pine Needles, and yesterday with Mr. Sloan, scored a 65 for a total of 133.

Mr. Callaway and Mr. Sloan not only brought Pinehurst into tie for first, they likewise won (Continued on page four)

PINEHURST SCOREBOARD

BY O. B. KEELER IN THE ATLANTA JOURNAL

MIAMI BILTMORE CLUB, Coral Gables, Fla.—This is by way of postscript on the final match of the 1940 Miami Biltmore invitation golf tournament for the gals, in which Patty Berg, of Minneapolis defeated Betty Jameson, of San Antonio, at the 38th green of one of the most remarkable, and one of the greatest golf matches ever played over American fairways. That goes for the boys also, and our friends, the professionals.

As suggested in previous dispatches, the setting was too good to be true—the national champion of 1939 against the national champion of 1938, whose participation in the latter affair was barred by an appendix operation. Adding color and pressure at the same time, Patty Berg had won the Miami Biltmore classic at its last four playings; and with four matches in the bag in the current event, (Continued on page two)

FBI LEADER CHARGES CORRUPTION, GRAFT IN MIAMI, FLA. AREA

Hoover Asserts Six Police Officers Have Records, and Some Have Served Time; Criminal Influx a Problem

SMILE AT CONFIDENCE MEN

WASHINGTON, Feb. 6 — (AP) — J. Edgar Hoover, director of the Federal Bureau of Investigation has announced that his staff found "Evidence indicating local graft, corruption, and inefficiency" in the Miami, Fla., area.

This charge and another that police authorities of the resort failed to cooperate with the justice department's investigation, were made before a House appropriation subcommittee in testimony made public today.

Hoover declared the FBI had tried to work with local authorities, but received "little or no actual cooperation."

"Police officers in that area have been instructed," he charged, "Not to come near the representatives of the FBI. They have been told that if they were seen going in or coming out of our offices they would be black-listed."

He termed the Miami and the Miami Beach area "One of the greatest problems we have had to contend with in the entire country, because of the influx of criminals from various sections of the country."

Hoover said his staff found that in the Miami Beach police department there were six officers with police records and that some of them had served time. Although this was made known to the department, he said, these officers continued on the force.

"We have good reason to believe," Hoover added, "that the operations of confidence men in the Miami area are carried on at least with the knowledge of some law enforcement officials."
