WE WILL GIVE THEM BREAD.

It is now conceded by both American and English authorities that upon the wheat crop of this country for the present year depended not only the bread of our nation but of Europe as well.

Since the home wants of America do not exceed 400,000,000 bushels, she has a surplus of about 275,000,000 and is fully able to meet the deficit single handed and alone.

There is no finer wheat growing country in the world than this and the climate of North Carolina is well adapted to it.

They are not more successful in our opinion, due to the fact that they think wheat is a thing which ought of right to raise itself, and it is half way put into the ground without any preparation of the ground for its reception.

comes, and the consequence is that it is very tender and freezes out during the winter. If the ground is properly prepared and the grain sown in good time there is no reason why we cannot have a good wheat crop every year.

CZOLGOSZ, the assassin of the president, has had a trial and was found guilty of murder in the first degree, the charge on which he was tried. He has been removed from Buffalo to Auburn, N. Y., where he now awaits death by electrocution.

WITHIN the next fifteen days England will have started upon the third year of her campaign in South Africa, and the Boer forces whom they thought to subdue in a few weeks, are still unconquered.

The New York Sun says: "In restoring the South to her own in the nation, history moves with a gentle but irresistible step." The inference from this would seem to be that the Sun thinks that the day is coming when the South shall again directly furnish presidents to the nation.

Kodol Dyspepsia Cure is not a mere stimulant to tired nature. It affords the stomach complete and absolute rest by digesting the food you eat.

Asheville Special, October 1st, says: S. D. Pelham, who assaulted William Farr yesterday with brass knuckles, was held without bail by a magistrate on the statement by a physician that Farr's wounds on the head are so serious that possibly death might ensue.

ASHEVILLE DRUGGIST IN JAIL.

Mr. S. D. Pelham Charged With Attacking Electrician Farr. Asheville Special to the Charlotte Observer, October 1st says: Yesterday afternoon S. D. Pelham, a local druggist made an assault on William Farr, an electrician, which has aroused public opinion to a very marked degree.

Yesterday afternoon Farr received a telephone message to come to a certain number on Patton avenue and do some repairing. The message came by phone, and a singular fact is that there is no such number as the one given.

.....GRAND.....

REMOVAL SALE!

Only a few years ago, from a quiet little village of Rutherford county, a proclamation was issued, which sped like wild fire and was soon heralded to the four corners of Western North Carolina. The news struck many like a thunder bolt, others were made to wonder and everybody trembled at such bold assertions, such brazen claims, etc., etc.

ANY GOOD REASON

For Such an Edict Being Scattered Broadcast Over this Country?

THE MANAGEMENT

Scanned the field, pushed aside the curtain, and with prophetic eye, peeped through the vista of a few years to behold a complete revolution in the commercial realm.

Hence the Claim

Of a determined effort to do the business of the surrounding country. Have we kept faith with the trading masses? Have we accomplished the ends sought?

Ask Your Neighbor,

Ask anybody you meet on the highways leading to Forest City if the gradual, steady growth of this store has been observed. You will conclude at once, like us, that the times, the present volume of business and our hosts of pleased customers, all demand larger quarters, more space and easier conveniences.

We are in the hands of a corps of carpenters, brick masons, tinners, plasterers and painters who will soon turn over to us an up-to-date, commodious two-story brick building of modern appointments, where we can be found for the fall trade. We have the largest and best selected stock of goods in our many lines in Western North Carolina.

OUR BUYER

Has just returned from the Eastern markets where he bought largely in all lines, with the best interests of the people in mind. The stock will comprise sixteen different departments, complete and at the lowest possible prices.

Until we move into the new apartments, our aim is to reduce present stocks to a moving point and sweeping reductions will prevail throughout the building for a short while. CLOTHING, DRESS GOODS, SHOES, GROCERIES, ETC.

Trunks, Furniture, Stoves, &c.

Keep in touch with us always and when in need of anything we can supply your wants to the

TUNE OF SATISFACTION.

This aim to satisfy has been our hobby all along and moving on economic lines—giving a full dollar's worth for a dollar, treating all alike, keeping reputable goods at the lowest figures. This accounts for the wonderful growth of our business to its present mammoth proportions.

C. R. SIMMONS, Mgr.
