

Too much housework wreeks women's nerves. And the constant care of children, day and night, is often too trying for even a strong ! woman. A haggard face tells the story of the overworked housewife and mother. Deranged menses, leneorrhea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI

I am so glad that your Wine of Cardni is helping me. I am feeling better than i have left for years. I am doing my own work without any help, and I was hed hist weer and was not one bit tired. That shows that the Wine is loing me good. I am getting fleshier than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardni, I used to have to my fewn five or six times every day, but new I do not think efficient was through the day.
