—We are requested to say to those who stake their cows on the cemetery grounds to be more careful of the graves of those who sleep there. Some of them are being trodden down and injured by the cows, and it is doubtless due to the thoughtlessness of the children who take them out to graze. We are sure that a word is sufficient, and let us keep attractive the resting places of our friends whose memory we revere.

A Fugitive Boy.—Mr. C. E. Hill, of Rutherfordton, was in the city yesterday looking for Lardie Fox, an orphan and a runaway boy about 15 years old whom Mr. Hill adopted several years ago. Mr. Hill said that the boy was dressed in a nice light colored suit and a straw hat. A friend had seen Fox in Charlotte and told Mr. Hill of this. The boy left home Sunday. He had never seemed dissatisfied with the circumstances of his life and had never spoke of leaving.—Charlotte Observer, 18th.

We are informed that Mr. Hill did not wish to have the boy arrested but if he was determined to leave home, he wanted to give him some money and more clothes in order that he might not be entirely dependent upon the world.

S. C. & G. E. FREIGHT TRAIN GOES THROUGH BRIDGE.

Cars Crash Down From Dizzy Height to Depth Below—Two Men Killed—Several Passengers Injured—The Passenger Train on This Side of the Wreck.

A serious wreck was had at the Broad river railroad bridge one mile west of Shelby on the South Carolina & Georgia Extension railroad about 10:30 o'clock this morning, says a message direct from the scene of disaster. The north bound freight came crashing on at a pretty swift rate of speed, and the wooden structure which answers for a bridge, sixty feet in height, gave way under the ponderous weight of the heavy train, and the box cars tumbled into the bed of the river below, a mass of broken and mangled timbers. The engine broke loose from the cars and came safely over the perilous bridge and escaped the tremendous fall. The passenger car, usually carried on the rear of the freight for the accommodation of the traveling public, fell and lodged on the bank at the east end of the trestle and was turned up side down. One man, Leroy Grigg, who was flagman on the train, was killed outright, and Conductor Ed Turner was so badly broken up that it is said he will surely die this afternoon. There were several passengers on board and many of them received injuries, but we have not yet learned to what extent. Among the injured, however, is a Mrs. Wilson and child.

The regular south bound passenger train which runs regularly from Marion to Camden happened to be on this side of the wreck at Henrietta station; otherwise it might have been the passenger instead of the freight. The bridges on the road ought by all means to be attended to and put in a safe condition.

Railroad Matters.

The statement is now made that the Southern Railway will, July 1st, "take over" the South Carolina & Georgia Extension Railroad. Two railway people were talking a day or two ago. One said that this road had never, under its various names, done more than pay operating expenses. Another said that the reason the Southern was taking it was to prevent any other system from getting it. But the road has a large force of convicts, 450, at work building in Mitchell county, and is this week almost as near Bakerville as it will go.

The Observer correspondent is able to give a bit of interesting news regarding the proposed railway from Rutherfordton to Asheville and other points. For a month the reconnaissance has been in progress. R. J. Latta has led making it. He was for 18 years an engineer on the Atlantic Coast Line. In a course of a week or ten days, at most, the location of the line will begin. Mr. Latta is the chief of the locating party, which will report for duty this week. Preliminary plans will be run to Asheville and also to Columbus, in Polk county.—Raleigh Cor. of Charlotte Observer, 18th.

A New School in Town.

An effort is being made to secure the Hicks residence on Main street for the purpose of opening a school there. If secured, the building will receive such changes, improvements and additions as may be deemed necessary to fit it for the convenience of a modern school. It is the intention of the managers of the scheme to run it upon the graded school principle, and the care of teachers, we are told, will be the very best that can be procured for the class of work. We are told that we are indebted to our enterprising board of town aldermen, and the wide-awake trustees of the town academy, for the investigation of the new enterprise which bids fair to be of great benefit and convenience to the children of the town.

Unique.

Whenever Amos Owen, the modest proprietor of Cherry Mountain, walks the streets of this city he immediately becomes the object on which all eyes rest. He is the kind of a looking person that fought in the Mexican War. He wears a short homespun coat, an open work shirt, and a beaver with the fur always stroked the wrong way. The beaver sits on the corner of his head, pointing backward at an angle of 45 degrees. The pattern of the hat is more unique than many other relics of the last century. Mr. Owen is never frustrated. He is as quaint as an old spinning wheel—a rare simple old curio.—Charlotte Observer.

A Wise Merchant.

A merchant over at Rella states that his advertising last year cost him 45 cents for every \$100 worth of goods sold. He uses a half page for his business announcements each week and says that as long as the people read newspapers he will advertise. There's a man possessed of a good head. Just as soon as men begin to look upon advertising as a branch of their business which requires as much care as any other part of it, then will advertising commence to pay. Honesty, force, originality and persistency in advertising make it a paying venture.—Bottineau (N. D.) Courier.

The Trustees Meet.

The board of trustees for the new Westminster School, to be opened at Britain, met in Rutherfordton yesterday. The object of the meeting was to elect a principal for the new institution. Prof. Joseph Sandifer, of Sandifer, N. C., was chosen.

Judge Boyd Decides That They Must Pay the Costs and \$12,000.

In the District Court yesterday Judge Boyd pronounced sentence on the defendants in the Amos Owens cherry tree cases.

The sentence emphasizes restitution. It is required that Dr. Frank Bright, Rev. T. Bright and C. D. Wilkie and G. W. Rollins, C. C. Watkins, M. C. Padgett and C. P. Geer pay into the court by the October term the costs of the cases and \$12,000, which will be paid to the women who were defrauded of money by the operation of the endless chain swindle.

The case against H. L. Clower was not prosed, while in the case against W. H. Hester the prayer for judgment was continued.

At the October term Judge Boyd will give his final decision as to the fate of the defendants. He said yesterday that if restitution were made he would sentence no defendant to the penitentiary; and it was intimated that imprisonment in jail for a short period will be the severest punishment inflicted.

"The sentence means my financial ruin," said Dr. Frank Bright yesterday afternoon, and the other defendants also aver that it will take all the money they have to pay the sum required.

In the meantime all the prisoners are free on bonds.—Charlotte Observer, 18th.

MR. HARRILL KILLED.

Struck by the S. C. & G. E. Passenger Train While Asleep on the Track.

The west going passenger train on the South Carolina & Georgia Extension railroad ran over and killed Mr. Dob Harrill, a prominent citizen of this county, near Henrietta station about six o'clock Tuesday evening. The facts as we have been able to get them are these: Mr. Harrill had just been to Caroleen after medicine. On his return he sat down on the end of the cross ties to rest, and fell asleep, his head resting on his arm as he leaned forward. He was in this position when the train came along and was struck in the side, receiving internal injuries and broken ribs, from which he died about ten o'clock that night. It is said that the engine passed without striking him, but the steps of a passenger coach knocked him from the track. There seems to be a fatality overlooking the family of the unfortunate man. He is the third of his family to be killed. His brother, Mr. Homer Harrill, was killed in the boiler explosion at the Florence Mills in Forest City some years ago. Another brother, Mr. Bate Harrill, was killed by a piece of falling iron while building an iron bridge in Cleveland county, on the road leading from Shelby to Gaffney.

A. & M. College Examinations.

Examinations for entrance to the State Agricultural and Mechanical College at Raleigh will be held Thursday, July 19th, in the court house (the County Superintendent will be in charge). Young men desiring to enter that college and obtain a practical education in agriculture, engineering, electricity, cotton manufacturing, and mechanic arts, can try their hand at these examinations, and thus save the expense of a trip to Raleigh. Two hundred and forty scholarships are offered, conferring free tuition and room rent.

The Rains.

For a long time there was a general cry of dry weather and suffering crops, but for the last few days the complaint has been quieted and the farmers are seen to wear a smile of satisfaction upon their honest faces. It had indeed been several weeks since the ground was wet, and the crops were beginning to wither in the heat of the sun, but now the rains have moistened the soil and the plants will grow with rapidity. The crop prospect in this county are unusually fine, and the yield will be large unless something unforeseen occurs.

Political Notes.

The Observer is reliably informed that many of his friends will endeavor to secure the Democratic nomination of Mr. E. J. Justice, of Marion, as Congressman from the tenth district. It is said that Mr. Justice is not active in the matter; but his friends propose to run him as a "dark horse."

Masonic Installation.

The officers for the ensuing year for Western Star Lodge, will be installed next Tuesday at 3:30 o'clock p. m., by R. W. Logan Past Master. They are, J. B. Carpenter, M.; S. Gallert, S. W.; T. B. Justice, J. W.; Joseph Lewis, Treasurer; A. L. Grayson, Secretary; A. D. K. Wallace, S. D.; A. W. Hunt, J. D.; G. W. Long and Joseph H. Smith, Stewards; S. L. Cathey, Chaplain; M. O. Dickerson, Marshall; A. J. Allen, Tyler.

Lightning Struck.

During the storm last Sunday afternoon, the barn of Mr. C. W. Watkins, who lives near town, was struck by lightning, but little damage followed. The bolt struck the building at the corner of the comb, and ranging downward, tore off a quantity of shingles along the roof. No stock was killed or other property injured we are glad to say.

Hendersville Gets It.

At a meeting of the the Democratic executive committee of the Tenth Congressional district, held in the city of Asheville last Saturday, it was decided to hold the Congressional convention at Hendersville on August the 7th.

Brass Band Entertainment—Kindergarten Class—Personals.

Correspondent of THE TRIBUNE. CAROLEEN, June 17th.—Miss Ruby Goodwin who has been at the Caroleen Co. store as milliner for the past two seasons, left Tuesday for Hickory where she will visit for a week or so, then on to Baltimore. We hope to have you again Miss Ruby.

Mr. Howard Hayward ran up to Rutherfordton Sunday in order that he might ride back with a "friend". The only surprise is that he got off at Ellenboro. Mr. McMann, of Charlotte, spent Sunday at Hotel Clower. It speaks well for Hotel Clower when traveling men try to get here to spend their Sundays.

Mr. Harry Kutz was here to see Mrs. Kutz Sunday.

Mr. Mills Justice was down Sunday to see his wife and son. Tho' it rained hard he could not be kept away.

Mr. DeKosta McBrayer, of Shelby, has gone into the mill business. He works in the card room under the efficient and popular Mr. Lantry. He boards at Hotel Clower.

Dr. A. Miller Whisnant, now of Charlotte, formerly of this town, spent Saturday, Sunday and Monday here. His many friends are glad to hear of his success in Charlotte.

Mr. Will Alexander and wife returned Sunday from their honeymoon. They will make Cliffside their future home.

Mr. Will Griffin, of Forest City, was in town Saturday and Sunday.

Mr. Shuford was in town Monday and Tuesday. Mr. Shuford has made a host of friends while here, who sincerely regret to see him leave.

The Forest City band gave an entertainment at Caroleen Hall Saturday evening. It was much enjoyed and was quite a success financially we understand.

Dr. Smart and Harrill successfully pressed the Medical State Board at Raleigh last week. We congratulate them. Dr. John Hamrick who was here last summer has located in Forest City. We regret to hear that he has been quite indisposed.

Miss Ollie Webb, cashier in the Caroleen Co. store, is away this week on her vacation. We wish for you a pleasant week, Miss Webb.

The good rains Friday and Sunday, tho' inconvenient for some, have laid the dust, made it cooler and cheered the farmers' hearts.

UNION MILLS MATTERS.

Death of a Child—First Service in Presbyterian Chapel.

Correspondent of THE TRIBUNE. UNION MILLS, June 17th.—The harvest is ripe and the farmers are harvesting the golden grain.

Contrary to the sayings of the dry weather prophets, copious showers have recently fallen.

Rumor says there is to be a big wedding here soon. Just wait and see.

We notice the name of R. F. Tate mentioned for the office of Registrar of Deeds. Others say he would make a good sheriff.

On the 2nd Sabbath afternoon of June Rev. R. C. Morrison held the first service in the Presbyterian chapel. He had a good congregation and preached a practical forcible sermon.

There has been considerable sickness in this community and surrounding country.

And so Rutherford county has three candidates for Congress. Well we guess some of them will not go to Congress. Don't you say Mr. Gallert?

On last Thursday morning the death angel entered the home of Mr. and Mrs. Robert G. Howard and claimed their two year old boy, little Robert Neal. Truly, God moves in a mysterious way his wonders to perform. Let us bow in humble submission to His holy will.

A Change of Business.

Mr. T. J. Snider has recently sold to Mr. J. O. Walker his interest in the firm of Snyder, Walker & Company, and has transferred one-half interest in the Rutherford Supply Company from Mr. J. J. Speers, so now he is the exclusive owner of the latter business, having owned a half interest before his late purchase. The bills of sale were drawn and accepted this week.

Child Dead.

Dr. A. M. Edwards' three year old child, Eugene, died at Darlington last Monday morning, after an illness of two weeks. Rev. C. C. Thompson, of this town conducted the funeral service at Mountain Creek on Tuesday afternoon.

A Card of Thanks.

Through the kindness of the Methodist and Baptist brethren it has been our privilege to worship in their churches while ours was being painted. We wish to express to these brethren our heartfelt thanks for this kindness. "Behold how pleasant it is for brethren to dwell together in unity." We thank the authorities also, for the use our Sunday school has made of the court house during this time. S. L. CATHEY, Pastor of Presbyterian Church.

The Doctor Makes Us a Visit—A Severe Storm.

Correspondent of THE TRIBUNE. OTTER CREEK, June 18th.—Never begin your conversation by telling about the weather, but we've had good rains and crops are looking well. Quite a storm visited parts of the Cove last week. The hail riddled a few fields of corn and the wind tangled small grain, blew down several fruit and forest trees and unroofed a few outbuildings. Mr. Lee Morris had a fine cow killed by a falling apple tree during the storm.

Mr. Petty of Georgia, who many years ago lived in the Cove, is now visiting here. He and his friends have sent out requests for Elders, T. J. Moss, of Forest City, and W. H. Logan, of Bills Creek, to meet them at the Mountain Cove church next Sunday, the 22nd inst. for a general reunion. Let all turn out, as he wishes to meet all his old acquaintances and form new ones. A liberal supply of baskets filled with fried chicken etc. is expected. Brown says he will be on hand and hereby extends a cordial invitation to Messrs. Pool and Copper Bill.

The doctor spent a night with us last week and we expected him to get acquainted with Brown on that occasion but, on account of the storm, Brown didn't show up, so he was deprived of that pleasure. Some say Brown was away on purpose, for he owns considerable property and has outwitted Copper Bill, our township tax lister. We think the doctor should see that all property is listed as it will greatly reduce our taxes.

Some say they won't vote for Copper Bill if he runs for office unless he gets Brown on his list. Others say that he knows Brown is a powerful campaign speaker and has agreed to pay off his taxes if Brown will work the rabbit foot for him.

The doctor spiced his conversation with wit and we all enjoyed his company and hope he may make it convenient to visit us often. We can't decide whether he is going to make a preacher, philosopher, astronomer or something else as he talked about the "woman in the moon" and various other subjects. After he had finished his day's work and started for our place his rule shied at a "man in a bush" nearly overturned the buggy and ran for some distance, watered a sack of flour, tax listing documents, etc. along the way. Brown says the doctor thought it was "Moses and the burning bush" and was more excited than the mule.

DARLINGTON DOTS.

A Series of Meetings to be Held—Another Candidate Suggested.

Correspondent of THE TRIBUNE. DARLINGTON, June 17th.—The crops look much refreshed from the recent showers of rain and the farmers are very busy harvesting.

We were glad to have Rev. Bostie and wife with us at Mt. Creek Saturday and sorry that, on account of the rain, we had no service Sunday morning. Revs. Bostie and Dowell will hold a series of meetings at Mt. Creek, beginning on the third Sunday in July.

Messrs. T. R. Plack and Oscar Geer, of Gilkey, visited this place Sunday.

Mrs. Jones, of Lawndale, is at the home of Dr. Edwards. She was called to the bedside of her grandson, Eugene, who has been very low for two weeks, but we are glad to learn he is now improving.

Mr. B. P. Nannery, who has been in Texas for the past year, has returned to his father's home near this place. He reports great drought in Texas.

Mr. M. H. Geer at Gilkey, has his new store house completed on Main street and has put in a nice line of goods. Wm. Hines & Son, have put in a nice line of groceries in the old stand formerly occupied by Mr. Geer.

Miss Lucy Keeter has accepted a position as bookkeeper with the Warlick Lumber Co.

We have noticed that Copper Bill still suggests men for our county offices. We have been led to believe that he wants a finger in the political pie. We move that he be nominated for coroner of this county. We know of no man better qualified for this place than Copper Bill. Our present coroner is seven feet high. We think it would be well to subtract three and leave us a nice little man four feet high. We would be glad to have Brown's opinion on this.

The Dull Season.

An increasing number of establishments, says the Philadelphia Record, have adopted the rule of making special efforts to stimulate trade in the duller seasons of the year. One advertiser said he could count on all the business he could do at the holiday time, but what he wanted was to induce people to buy at other times. He found it profitable to pay unusual attention to his newspaper advertising in the summer months.

Didn't Instruct for Clark.

The Iredell county convention, to appoint delegates to the State congressional and judicial convention, was held at Statesville Tuesday. For Chief Justice the delegates to the State convention go uninstructed.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdivant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. Forest City Florence Mills. Twitty & Thompson.
