## THE FORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Ford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys re-inspired by The Ford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Ford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.  
I have used The Ford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

## NEGRO IS LYNCHED AT SCOTTSBORO, ALA.

### Taken From Jail and Hanged By Mob.

### SHERIFF HAS FIERCE FIGHT.

When Mob Appeared He Seized Two Pistols and at Top of Stairway of Jail Defied Mob to Take His Prisoner—Was Badly Wounded.

Nashville, Tenn., June 30.—A special to The Banner from Scottsboro, Ala., says Andrew Diggs, a negro, was taken from the jail last night and hanged by a mob.

The negro was arrested Sunday for an attempt to criminally assault Miss Alma, the 19-year-old daughter of Dr. B. B. Smith, and the first that Sheriff Austin knew of the mob was when it put in an appearance in the hallway of the jail. The sheriff seized two pistols and mounting the stairs said he would kill any one that attempted to come up. The threat was met with a volley, and the sheriff emptied his revolver in reply. Before he could reload he was shot down. One shot took effect in his right leg and the other in his pistol arm, thereby disabling him. The daughter of the sheriff ran to her father and was once covered by a pistol in the hands of a member of the mob and made to deliver the keys to the cell in which the negro was immured. The cell was quickly unlocked and the trembling negro was led out with a halter. He was marched to a place in the west end of the town, where the other end of the rope was thrown over a cross-arm of a telegraph pole and the negro was drawn up.

The telephone wires were cut so as to prevent calling for aid, and one of the masked men went across the square and summoned a doctor who responded promptly and dressed the wounds of the sheriff. Sheriff Austin had no intimation of the intended lynching and made no preparations to put on extra guards. The lynching was so quietly conducted that only a few people knew of the approach of the mob or the hanging until they went down town this morning. The body was cut down and buried today, and there is very little excitement.

The negro made a confession to the brother of the young lady and others who visited the jail after his capture.

### MOB TO BE PROSECUTED.

Jeiks Calls Special Term of Court to Try Lynchers.

Montgomery, Ala., July 1.—Governor Jeiks has requested Judge J. A. Billbro to call a special term of the circuit court to immediately try five members of the mob who lynched Andrew Diggs, a negro, and seriously shot Sheriff Austin in the attempt to get the negro at Scottsboro, Ala., last night.

These five men were recognized by the sheriff. The governor received word of the lynching and he immediately wired Judge Billbro to call a special term of the court. It is said the governor intends to insist that the guilty parties be punished.

Under the law it will be 30 days before the court can be held, as no time will have to be given for that length of time.

### Will Proceed Against Roads.

Chattanooga, Tenn., July 4.—The railroads have been blocking the principal streets of Chattanooga for several years and the city authorities have been able to do little, but the United States has decided to take a hand. It results that several times a day that letter carriers delivering their mail are delayed a considerable length of time by the switching. District Attorney Will D. Wright has decided that the matter comes within the federal statute, concerning the delay of mails, and he states that in each case reported to him by the postmaster he will prosecute the railroads.

### Equitable Life Abandons Germany.

Berlin, July 6.—The Equitable Life Assurance Society of New York, officially informed the imperial government Monday that it would withdraw its business from the Hanseatic cities (Hamburg, Bremen and Lubeck). This means that the company withdraws entirely from Germany, so far as taking new policies is concerned, because of the new insurance law.

### Trading Stamps Taxed.

Birmingham, Ala., July 4.—The city council has imposed a tax of \$1,000 annually on trading stamps and an additional tax of \$200 per annum on merchants who might use them. The anti-trading stamp ordinance, about which so much has been written and said, was not acted upon.

### Railroad Sells Land.

Tallahassee, Fla., July 4.—The Carolina, Tallahassee and Georgia railroad has sold to the Consolidated Naval Stores company, of Jacksonville, its entire holdings of land in Lee county, consisting of 110,000 acres of land.

### Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. Ding's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fag into mental power. They are wonderful in building up the health. Only 25c per box. Sold by T. B. Twitty and Thompson & Watkins.

## DISTILLERIES STOP BUSINESS.

### Watts Liquor Law Closes Down Many Plants in North Carolina.

Raleigh, N. C., July 2.—As a result of the Watts liquor regulation law, 27 distilleries have stopped business in Iredell county, all these having been in the country. Only six of these were steam distilleries. The distillers sold their whisky at an average of \$1.40 a gallon, including the government tax of \$1.10. The total sum received for the liquor made by these distilleries was only \$85,000. Many distillers of the western district have renewed their bonds. They know this means arrest by the state officers, and strictly made. The distillers appear to think that this will make a test of the constitutionality of the Watts law, which requires distilleries to be incorporated towns. The state officers take a very determined position. The revenue officers assert that they cannot decline to renew the bonds whenever distillers seek them, and that they will assign a deputy collector, an stockkeeper and gauger to duty wherever a distillery expresses his determination to continue operations.

Under the Watts law each day's operation of a still outside of an incorporated town which grants a license, is a separate offense. It is intimated that if storekeepers and gaugers are arrested charged with being accessory to the distilling, the government will transfer their cases to the federal court. Thus both sides are drawn up ready for action July 1.

The Watts law is very carefully drawn, and the state authorities, as well as Senator Simmons, who was one of those who prepared it, are sure there is no loophole of escape.

### HAWK CUT; MOVE IN.

Change in Wardenship of Atlanta Federal Prison.

Atlanta, July 2.—Warden A. S. Hawk, of the local federal prison, was Friday morning notified by W. H. Moyer that he had been removed as warden of the prison, and that he (Moyer) had been appointed to succeed him. The cause assigned is friction in the department.

The change came as a complete surprise to all attaches of the prison. No intimation of an immediate change was contemplated, as Warden Hawk has never received any complaint from Washington.

Mr. Moyer came down from Washington, D. C., arriving in Atlanta this morning, and went at once to the prison. He had with him the commission as warden, also the notification of removal of Warden Hawk.

Warden Hawk has held the responsible position from which he is just removed ever since the establishment of the prison in this city. He received his appointment under President McKinley's administration. Since being in the city he has made an army of warm personal friends. He will shortly remove to West Virginia his former home.

### Whiteneers Do Bloody Work.

Columbia, S. C., July 2.—Reuben Elrod, a respectable old negro living near Piedmont, Anderson county, has been shot to death in his home and three negro women, occupants of the same house, were taken out and given severe whippings. The women who testified at the inquest, said that 50 white men came to the house and after killing Elrod, hogged them, waiting them to leave the state. The crime is deplored in the community. The supposition is that the women, probably relatives of Elrod, were objectionable in the community and when the mob went to whip them the old man interfered and was killed. No one has been apprehended.

### Why They Were Removed.

Washington, July 4.—Inquiry at the post-office department elicited the information that three employees of the postoffice at Mobile were removed on June 25. B. B. Cox and James T. Peterson were charged with collecting money from other employees for political purposes, for improperly handling civil service examination papers, and for false statements before postoffice inspectors. The third man removed was George B. Crane, the specific charge against him being the giving of false testimony before the inspectors.

### May Escape Being Lynched.

Peoria, July 3.—John McRae, who a week ago Thursday shot and instantly killed Detective Murphy and who was secretly removed to Galesburg to prevent being lynched, was quietly returned early today by orders of Judge Green, of the circuit court. The special grand jury will consider his case at once, and if indicted, Judge Green will appoint an attorney to defend him. It is not believed any further attempt will be made to lynch him.

### Coal Fields Will Be Opened.

Birmingham, Ala., July 4.—The owning to open that property with a number of new mines of immense output. The fact that the miners have ordered and are maintaining a suspension of work does not interfere with their plans in the least. One mine is being opened near Remlap, on the Louisville and Nashville railroad also.

### No Pity Shown.

"For years fate was after me continually," writes F. A. Gullidge, Verbena, Ala. "I had a terrible case of piles causing 24 tumors. When all failed Beckman's Arnica Salve cured me. Equally good for burns and all aches and pains. Only 25c at T. B. Twitty's and Thompson & Watkins' drug store.

## BY MINE EXPLOSION HUNDREDS ARE DEAD

### Further Details of Accident at Hanna, Wyo.

### 235 ARE REPORTED KILLED

Bodies of Victims Were Searched and Blackened by Flames in Crawling Toward Fresh Air—Pitiful Scenes at Mouth of the Mine.

Hanna, Wyo., July 1.—Of the 382 men who went into the Union Pacific Coal company's No. 1 mine, 235 were killed by the explosion of black damp that occurred at 10:30 o'clock yesterday morning. Most of the dead are Finlanders and negroes.

### Survivors Driven Insane.

Members of the rescuing party tell of pitiful scenes about the seventeenth level, which is as deep as it has been possible to penetrate. Some of the survivors were driven insane and fought like demons against the rescuers. Dazed, helpless survivors were sitting on cars or lying on the floor, careless of whether they lived or died. Near the seventeenth level 20 bodies were found strewn over a pile of debris which the men had striven to surmount before overcome by the deadly fumes. Some were seared and blackened by the flames, but all had died crawling toward fresh air. The 11 rescuers who penetrated this far were too weak to bring out a body.

### Heartrending Scenes.

For hours the scene at the mouth of the level was heart-rending. Mothers, wives, sweethearts and children huddled together, weeping and wringing their hands. Many sat on shattered timbers blown from the mine's mouth, insensible to their surroundings. Some of the frantic ones pushed to the edge of the gap and tried to force a way into the slope.

### Month Before Mine Is Cleared.

An expert who went almost to the seventeenth level says the mine cannot possibly be cleared for a month. It is feared that men in the lower levels were torn to pieces by the explosion which hurled great timbers high over the town and 1,700 feet beyond the mouth of the slope. The fire bosses who had reported all safe before working time yesterday, met death while making a second inspection.

### STORY OF REVOLTING CRIME.

Aged Woman Attacked and Slain. Hogs Afterward Devour Body.

Dallas, Tex., July 1.—A dispatch to The News from Venita, I. T., says: Full details of a revolting crime were related in Commissioner Standfield's court at this place last evening. The story as related shows that Cynthia Johnson, an aged widow who lived near Kinnsion, had been found alone by her slayer who attacked her with a club and beat her almost to death. He then shot her twice and she fell dead.

He left the house and hid in the brush and is still at large. Mrs. Johnson is a widow of some means, and her money was found in her home unaccounted for. She had a son and a daughter who resided with her, but they were away at the time of the killing, and when the daughter, who came home first, arrived at the gate she found her mother dead in the yard and the hogs had attacked her and had eaten the corpse until it was beyond recognition.

The remains are being shipped to North Missouri for burial.

Excitement runs high at Kinnsion, and if her slayer is arrested it would be difficult for the officers to prevent mob violence.

### TRAGEDY IN KENTUCKY.

Difficulty Between Three Men Results in Death of One.

Nashville, July 1.—A special from Trenton, Ky., says: Younger Watkins was shot and killed by Bud Garth. Several days ago the men had a difficulty about a woman and Watkins swore out a warrant for the arrest of Garth. Garth went to Watkins' home last night and was met by Younger and Henry Watkins armed with shotguns. Shots were exchanged, and Younger fell mortally wounded.

A posse is searching for Garth, who is a member of a prominent family, and has twice been in the penitentiary.

### Atlanta Gets a New School.

Boston, Mass., July 1.—The Congregational Educational Society announces that it has voted to purchase, at a cost of \$6,500, nine acres of land just outside of the city limits of Atlanta, Ga., for the site of a theological seminary. The land is known as the Sherman estate and is said to be finely situated on a hill overlooking the city and a new boulevard recently constructed. Cottages for married students will be erected this summer. This institution is exclusively for whites and intended to supply Congregational ministers for the increasing numbers of churches of that denomination in the south.

### Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured however when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. T. B. Twitty, Drug Store, will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and is the only one that never fails. It is pleasant, safe and reliable.

## POLITICS CAUSED MURDER.

### Slayer of Texas State Comptroller Accused Victim of Trafficking.

Dallas, Tex., July 4.—The letter handed to States Comptroller Love, at Austin, by E. W. Hill, the dismissed department clerk, before he killed Love, was made public Wednesday. It shows politics was at the bottom of the slaying. The letter follows: Austin, Tex., June, 1903.—Colonel R. M. Love, Comptroller—Dear Sir: Public office is a public trust. Public offices are created for the services of the people, and not the aggrandizement of a few individuals. The practice of bartering department clerkships for private gain is a disgrace to the public service, and in this nefarious traffic you are a record-breaker.

You have robbed the state's employees, and your incompetent administration has permitted others to rob the state. The man who, claiming to be a Christian, deprives others of employment is a hypocrite and a tyrant. If the best of Democratic spoilsmen-politicians of this state of the McGoughy, Robbins, Sebastian, Roundtree type, had such a thing about them as a conscience in a healthy state of activity they could not look a Republican in the face without blushing.

"The greatest mind that ever gave its wisdom to the world, the wisdom almost capable of upruling the mutiny between right and wrong, said: 'You take my life when you do take from me the means by which I live. If that be true, you are a murderer of the deepest crimson hue. Although I cannot help myself before laying my life's burden down, I shall strike a blow, feeble though it be, for the good of my deserving fellow-man.'

For the right against the wrong, Yours truly, W. G. Hill."

When Love went into office as comptroller general in 1901, Hill, who had been a clerk in the department for 14 years, was one of the employees dismissed to make room for a political supporter.

### LYNCHING IN NORTH STATE.

John Osborne Pays Penalty For an Assault.

Charlotte, N. C., July 4.—John Osborne, the negro charged with criminally assaulting Mrs. Lizzie Wentz, a white woman, aged 64 years, in Union county, Sunday night, paid the penalty with his life.

He was taken from the officers who were conveying him to the Union county jail and lynched at a point 2 miles from Indian Trail, a station on the Carolina Central railroad. The lynching party was composed of several hundred people and the two men who had charge of the prisoner were easily overpowered.

Osborne received a preliminary hearing during the afternoon and was committed to jail to await the next term of Union county superior court. It is said that the negro made a full confession of the crime before he was lynched.

Frank Kezziah and Luke Horton were deputized to take the prisoner to Monroe and lodge him in jail. After they had traveled about 2 miles in the midst of a body of dense woodland, they were halted by a mob, who pulled the negro from the buggy and made Kezziah and Horton drive on. The negro was not secured without a struggle. Kezziah fired one shot at the mob before he was disarmed. The mob lost no time in tying a rope around the negro's neck and hanging him to the limb of a tree near the roadside.

John Osborne, the lynched negro, was about 24 years old. He bore a bad reputation and had been accused of committing criminal assaults previous to the commission of the crime for which he was lynched.

Mrs. Wentz is in a critical condition. There is no excitement in the neighborhood.

### INFLUENCED RICH MAN.

Woman Sued for Wheedling Him Out of Fortune.

Chicago, July 4.—Jonathan Clark, a noted contractor, who died in 1902, left an estate of \$2,500,000. In the circuit court Tuesday his sons and daughter's united in a petition to have Caroline Patterson removed as trustee and to compel her to give an accounting for \$400,000 which they assert the obtained by wrongful influence over their father.

They charge that in 1880 their father met Caroline Patterson, a poor school teacher. He became infatuated with her. She moved within a block of the home of his wife and family. She became his confidential adviser. In 1891 a son was born and Miss Patterson obtained realty valued at \$200,000 from Clark.

It is alleged that Caroline Patterson appropriated from 1891 to 1892 his entire income, amounting to \$50,000 or \$60,000 a year. About the time of his death it is said Miss Patterson concealed or destroyed all of the books of account and entry relating to Clark's business.

### Dr. T. B. Twitty Will Buy It Back.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. T. B. Twitty, Drug Store, will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and is the only one that never fails. It is pleasant, safe and reliable.

## MOB LYNCHES NEGRO.

### Vengeance Dealt to Alleged Murderer in North Carolina.

Columbia, S. C., July 2.—Information was received here from Norway, Orange county, 50 miles south of this city, that Charles Evans, a negro, suspected of the murder of John T. Phillips, was taken from the guard house at Norway last night and lynched by a mob.

Four other negroes who were confined in the jail, were beaten into insensibility.

The crime for which Evans met his death last night, was the murder of John T. Phillips, a one-armed Confederate soldier. Last Saturday a young son of Phillips whipped some negroes at Norway, and several threats were made by the negroes there. Monday night while seated at his supper table Mr. Phillips was killed by some one who fired through the windows of his dining room. Phillips died instantly, and two of his little children seated with him were wounded by the shot.

Charles Evans was suspected, and confessed to having fired on Phillips and in his confession implicated his brother.

Governor Heyward has ordered the county officials at Norway to do all within their power to protect the other negro prisoners in jail.

### SLAUGHTER'S GOOD RECORD.

Secret Service Men Give Counterfeiters No Mercy.

Washington, July 4.—The annual report of John E. Wilkie, chief of the United States secret service, which was made public Wednesday, shows that the government sleuths have kept pace with the counterfeiters.

The arrests for counterfeiting during the year were 424, of which New York furnished 64, Pennsylvania 42 and Missouri 47. The total arrests in 1902 were 573.

The bogus notes captured amounted to \$45,211.90. The counterfeit coin representing \$15,479.11. The molds for making bogus coin seized last year numbered 412. In 1902, when nearly as much counterfeit coin was seized, only 168 molds were captured. These figures show improvement in the service.

### Chicago Election Officers Indicted.

Chicago, July 4.—The grand jury has voted true bills against Alderman John J. Brennan, Herbert E. Kent, Charles A. McCarle, Hiram B. Sherman, Harry O'Donovan and John J. Kelly, in connection with the Elgin ward election frauds. They are charged with conspiracy to induce persons unqualified to vote and conspiracy to hinder voters.

### TELEGRAPHIC BREVITIES.

The British war office has been advised that 10,000 of the Mad Mullah's followers have been killed in battle. The United States ship building combine has been declared bankrupt and a receiver will be appointed.

Dr. S. C. Benedict, of Athens, Ga., has been elected dean of the pharmacy school of the University of Georgia.

An interesting program of addresses and lectures has been arranged for the University of Georgia summer school.

Four men were given preliminary hearing at Sealsboro, Ala., as alleged members of the mob that lynched Andrew Diggs.

The escape of Harvey Logan from the Knoxville prison causes suspicion of the authorities. A close investigation is being made.

Reports from 1,300 correspondents in the cotton belt show no improvement in cotton. The average of condition is placed at 74.9.

Charles M. Schwab has been practically shelled as president of the steel trust. He retains the position nominally, but Mr. Corey will discharge his duties.

Comptroller Love, of Texas, was killed in the capital at Austin by a discharged employe named Hill, who also killed himself. Just before he died Love blessed his assassin.

A plague of lice has visited the apple orchards in Orleans county, N. Y. The growers have sprayed the trees with whale oil, but thus far without effect. If the lice are not checked, the apple crop of the county, valued at more than \$1,000,000, will be ruined.

The radical wing of the revolutionary veterans at Havana have petitioned congress for the immediate appointment of a congressional committee to pass on the validity of the soldiers' claims. They ask that 25 per cent thereof be paid out of the government's present surplus. Some of the most radical veterans denounce the government because the payments have been delayed.

Advices from San Francisco state that the United States government has decided to augment rather than decrease its Pacific fleet of transports. Rush orders have been received by Major Duval to have the transport Buford put in repair and ready for sea within two weeks. The transports in the future likely will have to handle all the freight shipped to the Philippines.

No man or woman in the state will hesitate to speak well of Chamberlain's Stomach and Liver tablets after once trying them. They always produce a pleasant movement of the bowels, improve the appetite, and strengthen the digestion. For sale by Dr. T. B. Twitty, Drug Store.
