THE FLOWERS COLLECTION

VOL. III. NO. 34.

RUTHERFORDTON, N. C., THURSDAY, AUGUST 27, 1903.

\$1.00 A YEAR.

**Mrs. Fred Unrath.**  
President Country Club, Benton Harbor, Mich.  
"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was up and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. H. Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should recommend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.

## RELIANCE WINS THE FIRST RACE

**Lipton's Shamrock III Apparently Outclassed.**

**SECOND RACE OFF SANDY HOOK.**

Fine Weather Conditions Were Offered For the Contest—As Previously, Reliance Forged Ahead and Left Shamrock in Lurch.

Sandy Hook, August 22.—(Marconi-gram)—Reliance crossed the finish line at 3:12:10.

New York, August 22.—At 10 o'clock the wind at Sandy Hook, according to the weather gauge was blowing 17 miles an hour and increasing.

The committee posted a signal showing the course to be a beat 15 miles to the windward and return, and the boat marking the turn set off in the direction of Long Branch, where the turning point should be about 6 miles off shore.

The preparatory gun was fired at 11:30; the warning gun was fired at 11:40.

Official time start: Shamrock, 11:46:21.

Reliance, 11:46:21.  
The fight for position was hot and interesting. Captain Barr is following every move of Captain Wringe and it looks as if he was getting the better of it.

When the warning gun was fired both boats were at the westward line inshore. Both boats stood a quarter of a mile to the westward of the line, then started and ran down the wind for 15 seconds until Shamrock gybed; Reliance followed with the same maneuvers. Both boats were on the starboard tack, heading about south and crossed it heading about south. Shamrock about two lengths ahead of Reliance, which went over the line at the weather end. Some minutes after crossing, both yachts broke out baby jib topsails. It looked as if Reliance had purely held back from crossing the line in order to cut between whatever time allowance there might be in case she finished first.

Ten minutes after the start the yachts were still holding towards the south on the starboard tack and from shore it looked as if Reliance was gaining a trifle. The wind, which early in the day was from the west-southwest, seemed to be getting more to the southward and the boats had every opportunity to show what they could do in a beat to windward in a comparatively smooth sea and a 15-knot wind.

**Race by Bulletin.**

1:10 p. m.—Reliance overhauled and passed Shamrock and is in wind position.

1:20 p. m.—Reliance is leading by nearly quarter of a mile. It looks as though the boats will mark on this tack.

Reliance went on starboard at 1:33, but again tacked port at 1:43.

1:46 p. m.—Both boats are heading on port tack inshore, one and a half miles from outer mark. Reliance half a mile in the lead.

1:53 p. m.—Reliance is within half mile of the outer mark leading by about three-quarters of a mile. Reliance turned outer mark at 1:55:14.

Shamrock turned outer mark at 1:58:39 (official).

2:13 p. m.—The boats have sailed 4 miles of distance to finish and Reliance is leading by almost a mile, and has the race apparently well in hand.

Shamrock has now succeeded in getting up her balloon jib top sail. Reliance sailed the windward leg in 2 hours, 9 minutes and 53 seconds. Shamrock covered the distance in 4 hours, 13 minutes and 13 seconds. Reliance beats Shamrock in the 15-mile beat to windward 8 minutes and 26 seconds.

2:15 p. m.—Reliance continues to draw away from Shamrock and now leads by a mile and a quarter.

Reliance crossed the line at the start 4 seconds after Shamrock; turned outer mark 3 minutes, 16 seconds ahead, beating Shamrock on the windward 15 miles 3 minutes and 26 seconds.

Reliance has lead of 5 minutes. Barren accidents she should win by from 6 to 8 minutes.

**After the Kidnappers.**

Brunswick, Ga., August 21.—Deputy United States Marshal McClellan, of Waycross, arrested White McDonald, a young man, on the charge of kidnapping boys, among them Rucker, of Atlanta, in Savannah and shipping them on the steamer Cambria to Santos, Brazil. McDonald, or Walla, as he sometimes gives his name, denies the charge, but the officer is confident he has the right man.

**Explosion at a Saw Mill.**  
Brewton, Ala., August 21.—By the explosion of a steam condenser at Blacksee-Miller lumber company's mill a negro was blown 40 feet and killed; R. L. Williams, white, was so badly injured that he died, and a negro named William Simms was paralyzed by the shock.

Mrs. Mollie Allen, of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by Dr. T. B. Twitty, Drug Store.

## CHARLESTON TO GEORGETOWN.

New Line of Steamers To Be Established Shortly.

Charleston, S. C., August 21.—The announcement is made here that a new line of steamers to be established between Charleston, Georgetown and Intermediate coast and river points. The new company is backed by the commercial club of Charleston, an organization in which all the leading business men of the city have membership.

It will have a capital stock of \$50,000, \$30,000 being common stock and \$20,000 preferred stock. It will put on a fleet of steamers sufficient in number to have tri-weekly sailing from this port to Georgetown and points on the Santee and Congaree rivers.

The coastwise trade, for which the company will bid, is a large and important one, and the new company expects to obtain a large share of it.

**ANSWER OF RAILROADS.**

To the Bill of the Central Yellow Pine Association.

Jackson, Miss., August 21.—Several of the railroads of Mississippi who are made defendants in the suit of the Central Yellow Pine association against all roads that placed an advance of 2 cents per 100 pounds on all shipments to points north of the Ohio river, have filed answer to the bill of the Central Yellow Pine association.

The bill of the pine association against the advance was filed with the interstate commerce commission at Washington, before whom the case was appealed after going through the federal court in Mississippi. The commission cited the railroads of Mississippi to make answer, and in answer to the lumbermen the railroad officials are now filing their bill.

A copy of the plea of the Gulf and Ship Island road reached Messrs. Green & Green, the attorneys for the Yellow Pine association, this morning. In their answer to the charges of the lumbermen of the state, the railroad men claim that the rates are not exorbitant, but are made necessary by increased expenses of the roads, and by the cost of handling the shipments.

**Equipping the Naval Militia.**  
Raleigh, August 21.—The state is arranging to better equip its naval militia. There are now five divisions. For the one at Newbern a coast rapid fire gun, new revolvers, Lee rifles and Hotchkiss gun have been received, also 30-foot cutters for cruising. The new division of 50 members at Beaufort is being similarly equipped. All divisions will have cruising cutters, and will also have complete charts of the navigable waterways of the whole state. These cruising cutters are considered much preferable to the larger boats, such as the Hornet, and it is felt that the reserve is now, for the first time, in a position to do the government and the state really valuable service.

**Chief Head of Episcopal Church.**  
New York, August 21.—In the current issue of The Churchman, a leading Episcopal church paper, a chief executive for the Episcopal church, is demanded in the leading article which declares that a chief executive is as necessary for a church as for a nation. The Episcopal church in this country now has no real executive head. The oldest bishop is known as the presiding bishop and is chairman of the house of bishops, but he really has no specific executive or administrative functions.

**Combine of Yarn Mills.**  
Chicago, August 21.—A dispatch to The Record-Herald from New Orleans says that the organization of the Southern Textile company, a combine of southern cotton yarn mills, has been practically completed and the mills will soon be taken over. This is the largest cotton merger that has ever taken place. The company which is capitalized at \$14,000,000 will take over about 70 mills in North Carolina, Georgia, Mississippi, Alabama and Tennessee.

**Mrs. Carolina Horton Dead.**  
New York, August 21.—Mrs. Carolina Lucilla Horton, widow of Captain Stephen Decatur Horton, and one of the original Daughters of the Revolution, is dead at her home on City Island. Her father, Captain Skidmore, fought in the Continental army.

**Storm Plays Havoc With Bananas.**  
New York, August 21.—As a result of the disastrous hurricane which swept over the West Indian islands a week ago and destroyed almost every banana plantation in the island of Jamaica, the price of bananas in this city has been advanced from 75 cents to \$3 a bunch at one jump.

**Secretary of Agriculture Wilson** hopes to interest the negroes of the south in silk culture.

**A Physician Healed.**  
Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure. "For years I have been greatly troubled with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."—City Drug Store.

## JAPS NOW AFTER THE AMERICA'S CUP

Naval Official Says They will Be In Next Race.

PROPOSE TO BUILD A YACHT.

Official Says They Can Build Just as Fine a Yacht as Either America or England, and Believes They Can Come Away Winner.

New York, August 22.—If Lieutenant Commander Isam Takahira, of the imperial Japanese navy, can carry out his plans, Japan will have a yacht in the next contest of the America's Cup. The commander, who came here to see the struggle between Shamrock III and Reliance, declared he will interest financial men in his country to prepare at once for the building of a racer to enter the next international race.

"We can build just as fine a boat as either America or England," he said, "and you may be sure that we will interest financial men in his country to prepare at once for the building of a racer to enter the next international race."

Barbour is the governor's own county, and it is understood that he will take strenuous measures to bring the guilty persons to justice and stop further whitecapping in the county.

It is said that the labor on three or more large plantations in Barbour generally in that section of the county where whitecapping is said to have occurred, is generally demoralized.

The cause of this outbreak against negroes in Barbour is not known here. But it is said to be due to some overt acts of negroes who have made themselves obnoxious to certain people of the neighborhood.

On his return from Blount Springs Governor Jelks, it is understood, will institute a vigorous investigation into the charges and take vigorous measures to stop whitecapping.

**DESPERADO ARRESTED.**  
Had Long Been a Terror in North Carolina.

Raleigh, N. C., August 21.—A party of officers, federal and state, made a raid yesterday morning before daylight in Cumberland county and captured Antony Ray, a desperado and leader of a band of outlaws, known in all that section as the "Bluge Gang."

For ten years this man has been wanted in three counties for murder, robbery and arson. The officers had an adventurous trip in search of this criminal, a negro, named Campbell, whose life had been threatened by Ray, leading them 5 miles through a swamp, the only light being lightning flashes.

Ray was found in his house; would not open the door, and it had to be broken down. The door was so low and so peculiarly built that the pursuers had to crawl in. They found Ray standing in a corner with a dark quilt thrown over his head, with slits in it as peep holes. His double-barreled gun was in his hands and he placed the muzzle of it against a deputy sheriff's body and pulled the trigger, but the gun snapped. Ray was arrested and tied.

He and his wife are both in jail at Fayetteville.

**TELEGRAPHIC BREVITIES.**  
El Paso, Tex., was visited by an unusual number of fires yesterday, and the operations of firebugs are suspected.

The governorship fight in Mississippi is becoming warmer every day. It will end with the second primary next Thursday.

The Negro Business Men's League closed its session at Nashville yesterday. Booker Washington was re-elected president.

Antony Tom, a Kansas City man, who married a young woman of Greenville, Ala., has been arrested on a bigamy charge.

Professor Langley's great air ship will soon be given another test. Final preparations are being made on the machine.

The government bookbinders have renewed their fight on Miller. Charges affecting his personal character have been filed.

State Senator Sullivan is on trial in Missouri accused of accepting a bribe to influence legislation.

The arrival of the Russian fleet in Turkish waters has caused alarm at Constantinople.

At Paris Maître Labori spoke yesterday in defense of the Humberts. He claimed that no crime had been proven.

**Alabama Arbitration Board.**  
Birmingham, Ala., August 21.—The arbitration board which is considering the differences between the Alabama miners and operators is again in executive session today reviewing the recorder's report of the evidence so as to make up the award. It is now thought that the award will not be announced before Saturday and possibly not until Monday as a vast amount of evidence must be gone over.

**The Death Penalty.**  
A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Buckle's Arnica Salve ever handy. It is the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c. at T. B. Twitty and Thompson & Watkins' drug store.

**Derrick Used to Handle Lipp.**  
Bristol, Pa., August 21.—William Lippincott, the largest man in Pennsylvania, has just been buried. Lippincott, who was once a noted jig dancer, weighed 560 pounds at the time of his death. A derrick was used in handling the casket at the grave after 13 men had carried it there.

**Consumption Threatened.**  
"I was troubled with a hacking cough for a year and I thought I had consumption," says C. Unger, 111 Maple St., Campden, Ill. "I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since."—City Drug Store.

## WHITECAPS CAUSE TERROR.

Negroes Fleeing From Barbour County, Ala.

Montgomery, Ala., August 22.—A well authenticated rumor reaches here from Barbour that there is a practical race war on in one portion of the county and as a result negroes are being driven out of the county by whitecaps.

A prominent citizen of Barbour was in the city Thursday to see Judge Jones, of the United States district court, and ascertain what methods could be adopted to stop whitecapping, which was seriously demoralizing the labor of the county.

It is understood that Judge Jones referred the Barbour county citizen to the governor, saying: "I do not think the federal authorities should be called on to do what the state authorities ought to do, and have I in their power to do."

The Barbour citizen went to the capitol to see the governor, but the governor being absent at Blount Springs the private secretary, J. Kirk Jackson, promised to lay all the facts before the governor immediately on the governor's return to the capitol.

Barbour is the governor's own county, and it is understood that he will take strenuous measures to bring the guilty persons to justice and stop further whitecapping in the county.

It is said that the labor on three or more large plantations in Barbour generally in that section of the county where whitecapping is said to have occurred, is generally demoralized.

The cause of this outbreak against negroes in Barbour is not known here. But it is said to be due to some overt acts of negroes who have made themselves obnoxious to certain people of the neighborhood.

## TURKEY WILL MEET DEMANDS OF RUSSIA

Adequate Assurances Said to Have Been Given.

WARSHIPS TO BE WITHDRAWN.

Official Advice Say That the Russian Squadron Off Iniaza Will, in All Probability, Leave in a Few Days For Other Waters.

Paris, August 21.—Official advice say the Russian squadron off Iniaza is likely to leave Turkish waters within the next few days, as the Turkish government has given adequate assurances that it will meet all the Russian demands.

The withdrawal of the warships will be due chiefly to Turkey's assurances, but also to Russia's desire to avoid a step which might appear to Bulgaria as antagonistic.

**ASSASSINS ARRESTED.**  
Five of the Negroes Concerned in the Price Murder Caught.

Edwardsville, Ala., August 22.—Five of the negroes implicated in the murder of Constable Price near Palestine, have been arrested and are now in jail here. The negroes have been arraigned before a justice of the peace and remanded to jail without bail.

Other negroes implicated in the murder, it is said, have fled to Georgia. There was some talk of lynching among those who lived near the scene of the murder. Sheriff Adams, however, got his prisoners safely away and the danger appears to have passed. Everything is quiet and no apprehension is felt.

Constable Price was killed by the negroes Sunday on the grading works of the Seaboard Air Line, near the Georgia line. Price, who had a warrant for one of the negroes, went to the railroad camp, accompanied by a friend, to serve it. His friend made a remark to some negroes, who were gambling. They resented the remark and gathered about the white man. The negroes soon opened fire and Price was instantly killed.

**"GENTLEMAN GEORGE" NABBED.**  
Detectives Make Important Capture in New York City.

New York, August 21.—When half a dozen detectives were dodging a fusillade of bullets fired at them on the roof of a West Forty-seventh street residence last Sunday night by George Robinson, alias Harry W. Brooks, finally bringing him down with a shot through his leg, they were ignorant of the importance of their capture.

More than \$10,000 worth of furs, magnificent dresses, jewels and laces have been recovered so far and the prisoner, lying on a hospital cot, told the police where to find his apartments in which they found evidence proving his statement that he the widely known expert in his line—"Gentleman George."

**SITUATION MORE ACUTE.**  
In the Far East Trouble Seems to Be Brewing.

Berlin, August 21.—A dispatch from St. Petersburg dated yesterday says: "The situation in the far east is becoming more acute. Manchuria is assuming an insolent attitude toward the Russians, particularly toward the troops. At one place stones were thrown at the commander of the troops."

While all Russians are the objects of insult, a spirit of opposition to the Chinese government is also manifested.

**Well Known Turfman Dead.**  
Louisville, Ky., August 21.—Hiram J. Scoggin, the well known Turfman, died at 5:45 o'clock this morning at the residence of his nephew, Mr. Lon Jones. Death was due to stomach trouble. The funeral will take place some time tomorrow from the residence, 929 Third avenue. The two best horses owned by Mr. Scoggin were Proctor Knott and Dr. Rice.

**President Candemo Elected.**  
New York, August 20.—Congress has formally proclaimed the election of President Candemo and second vice president, Calderon, says a Herald dispatch from Lima, Peru. A new election for first vice president has been ordered, Senor Alardo, chosen for that office, having died.

**French Will Despatch Fleet.**  
Paris, August 22.—A dispatch to the Patrie from Marseilles says that owing to the grave conditions in Turkey a division of the French Mediterranean fleet has been ordered to hold itself in readiness to sail early next week. The expedition numbers ten ships. The flagship is the battleship Brennus.

**Jennings for the Senate.**  
Tallahassee, Fla., August 21.—Governor William S. Jennings authorizes the announcement that he will be a candidate before the next state democratic primary election for the nomination for United States senator.

**Puts An End to It All.**  
A grievous wail oftentimes comes as a result of unbearable pain from over taxed organs. Dizziness, headache, liver complaint and constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by T. B. Twitty, and Thompson & Watkins' drug store.
