Fear of Mania Drove Bryant to Socicidal Deed. Buchanan, Ga., March 28 .- S. J. Bry-

art killed himself at this place about 8 o'clock at the home of his brotherin-law, S. L. Land, where he has been living for about two years.

The deceased had no family except a little daughter about 12 years old, his wife and son having died some years ago. Being in very bad health he has made his home with Mr. Land for the last two years, and has been confined to his room with a lung trouble for the past 18 months.

It appears that he was siting by the fire wheting his razor, no other person being in the room at the time except his daughter. He requested her to go out of the room, saying he wanted | ty. to shave, which she did, but soon returned, thinking she heard her father call her, when she found him lying on the floor.

The other members of the family being summoned, it was found that he had cut his throat fro mear to ear and died almost instantly. He had given no indication of an intention to take him life and intended to visit another brother-in-law today.

It Would Spoil this Story to Tell it in Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, is now reported quiet. Va , had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," and at one time I feared she would have pneumonia, but one of my neighbors little boy and I gave it to my baby at impeachment of Judge Swayne will once and it soon cured her. I heartily not be pressed during the considerathank the manufacturers of Chamberlain's Cough Remedy for placing so great a core within my reach. Captain Bulkely Wells, whom Gov- rival of the train here. ernor Peabody has appointed military commander of the district, was one of the leaders of the party that drove out of the camp.
