LIVER TROUBLES

"I had Thedford's Black-Draught good medicine for 1 or 2 years. It cured my on after he had up at 1100 with doctor. It is all the medicine I take."—MRS. C. A. OLIN, MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine cleans the congested bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to equal it."—LILLIAN COFFMAN, Marblehead, Ill.

ENTIRE AFFAIR LEFT TO ARBITRATION

England and Russia Will Be Satisfied With Report.

BENCKENDORFF SEES THE KING. Russian Ambassador to Great Britain Has an Audience with the British Monarch—No Hitch, as Yet, Has Occurred.

London, Nov. 1.—Count Benckendorff, the Russian ambassador, was received in audience today by King Edward.

The ambassador had a most cordial interview with the king, who, it is understood, expressed his satisfaction at the present method of settling the dispute.

Up to the time he saw the king, Count Benckendorff had received no notification that a detachment of officers from the Russian squadron at Vigo would attend the sessions of the international commission nor had he heard of the sailing of the squadron from Vigo.

The ambassador, or hoped, however, to receive without delay information concerning the officers detached.

The ambassador informed The Associated Press that the departure of the squadron would naturally follow the detachment of these officers in accordance with the understanding reached between himself and Foreign Secretary Lansdowne last week.

Nothing definite has yet been decided regarding the details of the international committee.

Another cabinet meeting has been summoned for Wednesday to consider the Anglo-Russian convention concerning the inquiry into the North sea incident. Count Benckendorff had a long conference at the foreign office last night with Premier Balfour. Lord Selbourne, first lord of the admiralty as well as foreign Secretary Lansdowne were present.

It is stated that the draft of the proposed convention relative to the scope, composition and venue of the international commission was drawn up. As this must be submitted to St. Petersburg for acceptance or revision, it will necessarily entail delay.

The lack of information vouched officially to the British press regarding the causes of the delays leads to all kinds of scare suggestion of the bad faith on the part of Russia and tends to spread rumors for which it is difficult to find adequate reason.

The government has received a notification from the British consul at Vigo that the Russian squadron had sailed today and some irritation was felt at the fact that the Russian government had failed to previously notify the government regarding the detachment of officers. Ambassador Benckendorff is hourly expecting official advice and while the foreign office obviously is annoyed at not knowing officially that Russia had carried out her part of the bargain no serious consequences are anticipated. It was officially stated to the Associated Press that with the exception of the foregoing mission to notify the government, no hitch has occurred.

GIBRALTAR IS ACTIVE. Garrison and Squadron Are Put in Readiness for Service.

Gibraltar, Nov. 1.—The garrison has been mobilized and the artillery men have been ordered to take up their positions at the different batteries of the Rock.

The channel squadron has been ordered to be in readiness at an hour's notice.

Vice Admiral Beresford, aboard the battleship Caesar has just fired a gun recalling all the officers of the channel squadron on board their respective ships. All the ships were cleared for action. The British warships strictly patrolled the straits all night long. They intercepted a collier, the London Bridge, bound from Barry for Port Saïd, and brought her in here at noon.

Russian Ships Leave Vigo. Vigo, Spain, Nov. 1.—All the Russian warships left here at 8 o'clock this morning. The Russian squadron was followed by the Spanish cruiser Extremadura. Heavy firing was heard in the offing this morning. It was attributed to artillery practice.

Mount Vesuvius Getting Active. New York, Nov. 1.—Mount Vesuvius has again been giving signs of activity, cables The Herald's Naples correspondent. Man Mistaken by Policeman and Was Killed. Chicago, Nov. 1.—As the climax of a Halloween prank William Sears, 32 years old, was mistaken for a thief early today and was shot in the back and instantly killed by Policeman Nicholas Smith. Sears and Frank McCune, 18 years old, were passing through an alley when they were seen by the policeman. They carried between them a basket. Calling to the man to halt, the policeman says they paid no heed to him. After repeated calls, Smith fired, and Sears fell, while his companion disappeared down the alley.

McCune was arrested shortly afterward. He said that he and Sears had been playing Halloween pranks in the neighborhood, but he failed satisfactorily to explain why he ran after called upon to halt.

Trial of Ex-Mayor McCue. Charlottesville, Va., Nov. 1.—Policeman Grady was the first witness called by the defense today in the trial of ex-Mayor McCue, charged with the murder of his wife. He said he was the second person to reach the McCue residence after the tragedy and when he saw the defendant there, blood was dripping from the wound on his face, that it had run down about the mouth and stains on McCue's short front appeared to him as if they had been caused by the blood from the wounds.

200 COAL MINES IDLE. Result of Strike of Engineers—50,000 Miners Out of Work. St. Louis, Nov. 1.—A special to the Post-Dispatch from Illinois points indicate that less than 100 of the 300 coal mines in that state are hoisting coal today as a result of the strike of engineers which went into effect at midnight. The total number of operators who deserted their posts of duty is about 800, and nearly 50,000 miners are thrown out of work as a result.

The engineers do not look for an early settlement of the difficulties, which were brought about by the action of the Illinois operators asking for a reduction of the wages of the engineers 10 per cent.

At Mascoutah the majority of the members are against the strike and are working hard for an early settlement.

NEWS FROM THE THEATRE OF WAR

General Kaulbars, Successor of Kuropatkin, on the Field.

RUSSIANS BOMBARD JAPANESE. Little Fellows Return Fire Which the Enemy Has For Several Days Been Directing Their Way—Other News From the Front.

St. Petersburg, Nov. 1.—5:20 p. m.—According to today's advices from the theatre of war no general engagement has yet begun. There was some skirmishing yesterday, but nothing serious. No Japanese offensive has developed so far, the official reports show although advices from the extreme east are belated. General Kaulbars, who is to succeed General Kuropatkin in command of the firm army, has arrived here. He passed the entire day closeted with the general staff and with General Alexieff, director of the bureau of operations, studying the details of the campaign in the light of secret dispatches and the war archives.

Kaulbars is a striking figure, a tall, stately soldier, with a bronzed face set off by a white moustache. His 60 years sit lightly upon his vigorous frame. He is considered to be a man of great energy and resource, and was commander of a corps during the suppression of the Boxer rebellion in China, but did not play a conspicuous part.

When present plans are realized, which will not be earlier than the spring, Russia will have three armies, each of six corps, almost half a million men, in the Far East. The rifle battalions which are now beginning to start for the front, will provide two of the corps intended for the first and second armies.

Boy Accidentally Killed. East Liverpool, O., Nov. 1.—David Dewar, aged 16, was accidentally shot through the head and killed and Saul McCoy received a bullet through his neck last night while engaged in Halloween pranks. McCoy's condition is critical. A party of boys out celebrating were firing at trees.

Killed by Car. Columbus, O., Nov. 1.—Thinking that an object was a Halloween dummy on the tracks, Motorman William Greeley did not stop his car last night, and ran over and killed an unknown man.

SEN. FAIRBANKS IN INDIANA. Does Not Attack Individuals But Democratic Policies.

Angola, Ind., Nov. 1.—Senator Fairbanks began the second day of his tour of Indiana with a speech to a good-sized crowd at Butler, where he had eaten his breakfast. Large gatherings were also present at Auburn, Angola and Waterloo.

The weather was ideal, and the senator's voice maintained his full power. The day's itinerary was limited to Indiana with the exception of one point—Sturgis, just across the line in the southern part of Michigan. At Auburn Senator Fairbanks said among other things:

"One week from today we must decide whether to go forward under Republican policies or to overturn them and adopt in their place Democratic policies. Our Democratic friends want to put into force good policies, which will promote our common interests, but in the last 44 years they have been unfortunate because they have not stood for any policies that have worked for the advancement of the American people. In challenging the efficacy of the Democratic party I do not challenge individuals, and have not a word of criticism of the Democrat who disagrees with me. It is against Democratic policies I speak, because they will work our common injury. I do not think it wise to consult a lawyer who has an unbroken record of lost cases."

COTTON RECORD BADLY BROKEN Savannah Port Ships 80,000 Bales During One Day.

Savannah, Ga., Nov. 1.—Several records have already been smashed by Savannah's cotton trade this season and another one went Monday when a new record was established for the largest shipments for any one day at this port.

They amounted to more than 80,000 bales of upland and sea island, and their value in round figures is \$4,000,000.

Though this new record is one of which the members of the cotton trade are proud, it does not equal in interest the former record made in the matter of receipts, this port having received to date more than 875,000 bales of cotton, 215,000 bales more than at the corresponding day last season and a largest amount ever received for the same period during any season.

LIVE WIRE KILLS BURGLAR. Prominent Young Man of Montgomery Found Dead.

Nashville, Tenn., Nov. 1.—A dispatch to The Banner from Montgomery, Ala., says:

The body of James Hendricks, aged 22, one of the most prominent young men in Montgomery, was found on the shed over the American National bank this morning. Beside him were burglar tools, a stick of dynamite and in his pocket was a pistol. He was killed while trying to cut an electric wire that ran into the bank. Hendricks had a splendid position, and there is great mystery surrounding the finding of his body and the burglar's tools. It is believed that he was used as a tool and that others may be implicated.

She was sent up for obtaining numerous diamonds in Savannah under false pretenses. She was arrested in Atlanta after she had called in several newspaper reporters and told them of being in a runaway affair which resulted in the death of a man. Nobody could learn anything of the runaway and the Savannah officers on reading the papers decided she was the woman who took the diamonds and she was arrested.

TO FORM NEW PARTY.

Watson Hopes to Secure Aid of Hearst and Bryan.

Statesboro, Ga., Nov. 1.—Thomas E. Watson, Populist candidate for president, spoke here Monday. He said in part:

"We are not afraid of the negro, are we? We have him in the hollow of our hands and are going to keep him there. Have we not done everything to him in the south that we wanted to? The Democrats have disfranchised him everywhere except in Georgia, and here they are afraid of the Populists. He is a veritable hellion on every other day except on election day.

In an interview after the speech, Mr. Watson said that this idea was to organize the Jefferson Democrats.

"The Hamilton Democrats are now in league with the Republicans. That class of people is in power now," he said, when asked about the movement after the election to unite with the Bryan and Hearst Democrats that there had been no agreement between the three men, but it is his intention to continue to work along that line. He never expected to become president himself, but believed by holding the Populist forces together, he and Bryan and Hearst could act together, though probably moving as separate units and bring a Waterloo to the Hamilton plutocrats.

FIRE IN OPERA HOUSE. Prompt Action of Firemen and Employees Averted Panic.

Atlanta, Nov. 1.—By vigilance of two Atlanta firemen and the precautions adopted by the owners of the theatre, the Grand opera house narrowly escaped a serious fire and disastrous panic, when, at a performance of Sheppard's moving pictures, a fire broke out in the middle of the pit.

On account of the damage to the films by the fire, the performance was called off.

The house was crowded with women and children. The house was darkened in order to give the moving pictures, and the attention of the audience was called to the fact that there was a fire in the house by the sudden flash of light that followed the absolute darkness.

PARKER PREPARING SPEECHES. Democratic Candidate Sees But Few Callers.

New York, Nov. 1.—Judge Parker spent the day preparing for the speeches to be made during the week, and few callers were admitted to his apartments at the Hotel Seville.

He will arrive in Newark, N. J., at about 6 p. m., and will be entertained at dinner by former Senator James Smith, Jr. After the meeting in Newark, Judge Parker will go to Jersey City, where two meetings are to be held and where he may make brief speeches.

5,000 People Arrive in One Day. New York, Nov. 1.—More than 5,000 passengers arrived here today on three German liners—the Moltke, from Hamburg, and the Kaiser Wilhelm II, and the Frederick der Grosse, from Bremen. Of this number 1,084 came in the first cabins, while 3,488 were in the steerage. Among the passengers on the Kaiser Wilhelm II were Baron Von Dem Busche-Haddenhausen, councillor and first secretary of the German embassy at Washington, Andreas Dippel, Madame Gaski, Madame Zennrich, Conductors Gástav Kogel and S. M. Eyrovitz, of the Metropolitan Opera company.

New Corporations for October. New York, Nov. 1.—New corporations during October in the eastern states reached a grand total of \$215,500,000 for companies, capitalization at \$1,000,000 or more. Of this sum the new tobacco consolidation furnished \$180,000,000. Otherwise, the total would have amounted to only \$35,500,000. This is close to the August figures of \$32,900,000, the low water mark for a number of years. However, not since May, 1903, when the total was \$307,666,000 have last month's returns been exceeded.

ANTI-JEWISH RIOTS BEING INVESTIGATED

Trial in Russia Is Proceeding With Open Doors.

JWS SHOUTED VENGEANCE. All the World is Watching the Outcome of This Trial—Over One Thousand Witnesses Present—Jews Were Thoroughly Organized.

Gomel, Russia, Nov. 1.—The trial of the persons charged with being responsible for the anti-Jewish riots here in September, 1903, is proceeding slowly and with open doors and is attracting immense interest.

There are eleven defendants and 63 other persons who are under the same charge are being held under bail. Ninety and seventy-five of the 1,101 witnesses are present.

The government's witnesses are attempting to prove that the disorder of Sept. 11, 1903, were in the nature of anti-Christian riots and not of an anti-Jewish character. It is claimed that the first riot was organized by Jews to take vengeance for the Kishineff affair, while the rioting two days after was a retaliation upon the Jews. The government produced evidence to prove that the Jews were thoroughly organized and armed, and had pre-arranged signals and regular signals, adopted a provocative attitude towards the Christians and acted overbearing, insulting peasants in the street and jostling them out of the sidewalks.

The affair of Sept. 11, it is added, grew out of a trifling quarrel between a Christian forester and a Jewess over the purchase of a herring. The Jews ran up and belabored the forester. Some Christians from the bazaar hurried to the rescue of the forester. The free fight became general, the Jewish population assembled, attacking the Christians regardless of sex or age, a girl being dragged along the road by her hair. The peasants abandoned their goods in the bazaar and fled. One of them was stabbed in the neck and killed. The police and a lieutenant and four soldiers tried to restore order, but stones were sired upon them, and they were fired at from windows of neighboring houses, the Jews shouting:

"We are going to be avenged! This is not Kishineff!"

The police and soldiers finally escaped owing to the inter-polation of a rabbi. Two days later some railroad workmen at the bridge, who had announced that they intended to take vengeance on the Jews came into the town at noon. The police had been warned and a company of soldiers was brought in and halted the workmen at that bridge. The Jews assembled behind the soldiers, the two anathematizing each other, finally hurling stones. Appeals of the police chief to the rioters to disperse were in vain. At last a police was struck by a brick bat and the workmen shouting: "The Jews have killed a policeman!" surged across the bridge. Then there were revolver shots from the Jews whereupon the captain commanding the soldiers placed his company between the opposing forces and the workmen finally were dispersed in the direction of the suburbs. But the Jews would not even listen to a rabbi who was present and the soldiers finally charged them with bayonets and access to the wealthy Jewish quarter was closed.

The total result of the rioting was three non-commissioned officers, two soldiers, two Jews and two Christians killed and four Christians and four Jews wounded. A number of policemen were also killed or wounded. About 250 houses and shops of Jews were pillaged.

The rioting continued
