Former Lieutenant Governor R. A. Doughton was made permanent chairman of the convention, and presided with ease and dignity. Governor Aycock made a strong speech, which was about the only one that was listened to with any attention.

CANDIDATES PLACED IN NOMIN-ATION.

The first nominating speech was made by Victor S. Bryant, of Durham. He made a clear-cut, smart speech. Mr. Bryant has a fine, strong, ringing voice. The convention heard him from start to finish. He spoke for Stedman. W. A. Self, of Catawba. followed for Turner. He argued well for his man, with fire and eloquence. Mr. Self is one of the first orators of the State. He has marked ability and polish. His face is strong and his eyes twinkle. General Davidson was represented by the scholarly Locke Craig. Mr. Craig is known as the silver tongued orator of the West. He plead for his section of the State. The immense audience listened to every word he said. He urged that nomination go beyond the Blue Ridge. Mr. J. C. Buxton put Capt. Glenn's name before the convention. As he arose the supporters of the Forsyth man sprung to their feet and whooped. The demonstration was genuine and great. It looked as if the whole asupon its feet, shouting and beating the air with hands and fans. The demonstration broke out in all parts of the hall. Mr. Buxton is a man of powerful frame and mind. He speaks like the men of old. His effort was of the very first rank. It was joyfully received by the Glenn delegations. The demonstration after the speech was as fierce as the one

The convention reassembled and remained in session all night, nominating Hon. Robert B. Glenn for Governor on the fifth ballot. The second day's session was devoted to the nomination of Lieutenant Governor and other State officers as given above; and the adoption of a platform. The usual resolutions of thanks were adopted unanimously, after which the convention adjourned sine die.

A resolution requiring the delegation to the national convention to vote as unit was adopted.

PARKER NOT ENDORSED. The section endorsing Judge Parker's candidacy provoked a storm of opposition. Explainations that it did not mean to instruct, increased confusion, and cries of "Vote everything down'

were heard. Ex-Congressman John D. Bellamy, in advocating endorsement, said Georgia had gone far enough to instruct, because Georgia had more sense than North Carolina. Here the speaker was drowned out with shouts of derision, and was allowed to proceed long enough to substitute "discretion" for

Mr. Crawford, of Fayetteville, in op-posing endorsement, said in the eyes of honorable men that meant instruc-tion. When he said people should go there prepared to vote for any man who was nominated, and spoke of a probability of it being "grand old Cleveland," when a pandemonium of noes and protests broke loose, the

speaker retiring, too, in confusion.

Editor Daniels, of The Raleigh News and Observer, advised withdrawal of the resolution, and was followed by Senator Simmons, who said he was satisfied Judge Parker was the strongest and best man now before the people to beat Roosevelt, and the question at issue now was not Judge Parker, but the wisdom of taking a vote now, which would be an injustice to Judge

Parker and to North Carolina. DELEGATES AND ALTERNATES.

The delegates at large to St. Louis, elected on first ballot, were Gen. Julian S. Carr, Locke Craig, ex-Minister E. Hale and State Senator John E. Woodard, Alternates-C. O. McMichael, Kope Elias, C. B. Watson and James A. Lockhart. One of the anomalies of the situation is that of the 24 delegates the State now has to St. Louis, going under the majority unit rule, 18 of them have formerly trained with what is known as the Cleveland element, several known to be for his nomination now, but all for Parker, except one,

who is said to be for Hearst. Senators Simmons and Overman and Governor Aycock refused to allow their names to be considered às delegates.

F. S. Spruill, of Franklin county, and W. A. Self, of Catawba, were nominated by acclamation as presidential electors for the State at large, and the convention adjourned at 3:30 o'clock, after having been in almost continuous session since 12 o'clock yesterday.

While the convention has been the largest and noisiest in the history of the State, every matter considered was without heat, and congratulations are heard from all classes and assortments of Democrats over the final outcome on all questions considered.

POLICEMAN RESENTS ALLEGATIONS

Sensationel Fight in Barber Shop at Albany, Ga., Between Well-Known Atlanta Preacher and Chief of Po-

A\$lbany, Ga., Special.—Rev. Dr. Len G. Broughton, of Atlanta, and Chief of Police R. W. Westbrook were the central figures in a sensational fight which occurred about 6 o'clock Monday afternoon in the barber shop of Levi Dawson, on Broad street. The fight was the outcome of charges preferred against Westbrook in a sermon by Broughton Sunday afternoon in the Chautauqu Westbrook was a drunkard and that he could be found at all hours in the lowest dives in the city. He claimed to have affidavits in his possession to prove his charges and said he was ready for an investigation if one was desired by Westbrook.

The sensation of Broughton and Westbrook has been the sole talk of the people on the streets of Albany and a fight was freely predicted should Westbrook and Broughton meet.

When Westbrook entered Dawson's shop Monday afternoon, Broughton was in a chair, being shaved. As soon as Westbrook saw him he went for him. Broughton was struck several times by Westbrook, when friends of Broughton interfered and hauled Westbrook off

quickly in front of the shop, and for a while it appeared that a general mixup was imminent. The affair has caused a great sensation, and it is freely predicted that more trouble will result from Broughton's charges.

Cruger Westbrook, a son of Chief Westbrook and the Senator-elect from this district in the present Assembly, had a fight with Mr. R. W. Jordan, it being believed that Jordan is the man that furnished Broughton with his evidence. Jordan was knocked down, but suffered no serious damage.

Mrs. Jessup is a member of the Christian Scientist Church and often importuned him to try the faith ure. Her brother poo-hoohed this, saying that there was "nothing in it." Sunday night Mr. Overbaugh was sit-ting on the stoop with his nephew discussing Christian Science and suicide. He remarked that only a fool would kill himself with carbolic acid. He seemed more cheerful than usual and remained up till late. That the acid was taken while sitting there is evident, for there is a large stain on the stone step. Mr. Overbaugh was prominent in business in Goldsboro, and was worth \$100,000.

The flames spread to the building occupied by H. Kitner & Company, publishers of Catholic books, and that occupied by J. L. Gibney & Bros., dealers in automobile supplies, but did no serious damage. DEMOCRATIC STATE PLATFORM

The Platform Endorses the Administration of State Government by the pemocrats-Declarations on National Questions.

The following is the ful. text of the State Democratic Platform adopted by the Greensboro convention:

THE PLATFORM.

The Democratic party of North Carolina, in convention assembled, declaring anew its allegiance to the fundamental principles of government as expressed in former platforms, congratulates the people of the state that a Democratic administration has again established throughout their borders the reign of law and liberty and the reign of peace and progress. Radical rule with its nightmare of horrors, has passed away. Our people are no longer employed in guarding their homes and protecting their lives, liberty, and property as they were under Republiauditorium. Broughton charged that can rule; but safe in the protection of the law, breathing the air of liberty, and enjoying the freedom which comes from security, our men and our women are devoting their energies to the peaceful pursuits of honest industry, to the education of their children, and to the care of the hopeless and unfortunate. Agriculture, manufacturing, and commerce are bounding forward in helpful rivalry, neither receiving nor desiring susibles or protection except that afforded by a stable and honest government. Nowhere in North Carolina is there riot or disorder; nowhere is there suffering or destitution. Such are the fruits of peace and order, of honesty and efficiency, of intelligence and patriotism, of Democratic administration under the leadership of the peerless orator, statesman, and educa-Four or five hundred people collected I tor, Charles Brantly Aycock, and the other honest and efficient public officials associated with him in the State administration in all three depart-

> ments of government. North Carolina has again come into her own. She stands in the forefront of Southern States, leading all in educational and industrial progress. Her sons are looked to at home and abroad for educational, industrial, and commercial leadership. What a contrast to conditions existing recently when the delegation of our educational, charitable, and penal institutions, through the vices, incompetency, extravagance, and corruption of Republican boards of management caused the State to hang her head in shame and stand an object of pity among her sister States,

RACE PROBLEM SETTLED.

The Democratic party points with pride to its settlement of the race problem in North Carolina-a settlement that depends upon Democratic supremacy for its permanency. The constitutional amendment furnishes to all the people of the State safeguards of peace and order, of life, liberty, and happiness, and guarantees educational. religious, and social progress as well as industrial prosperity and develop-

EDUCATION.

We re-affirm our constitutional declaration that "religion" morality, and knowledge being necessary to good government and the happiness of mankind, schools, and the means of education shall forever be encouraged," and that the people have a right to the privilege of education, and that in is the duty of the State to guard and maintain that right,' 'and we express our hearty approval of the educational work of the present administration, and our gratification at the great improvement made in our educational conditions under the present Democratic administration, and would call attention to the fulfillment of the former promise of the party to provide at least a four months' school term for an the children of the State. And we further express our cordial commendation of the work of the teaching profession for the mental, moral, and material advancement of the people, and pledge for the future out best endeavors to strengthen and increase the usefulness and efficiency of our whole public education system

TEMPERANCE. We approve the general principles of the Watts law regarding the manufacture and sale of liquors, and limiting the same to localities in which there may be adequate police protection. The principle that no saloon or still shall operate except under po lice protection is as sound as that whiskey shall not be sold to minors, to drumkards, or on Sundays, or near the schools and churches. The Gen eral Assembly has the power, and when controlled by the Democratic party, can be trusted to make all amendments that experience and conditions may demonstrate to be wise and proper.

THE STATE'S PRISON.

The contrast between the present and the preceding administration of the State prison speaks trumpettongued of Democratic efficiency and Republican rascality and imbecility. In all the history of the State the lowest level of immorality, venality, and inhumanity was reached in the management of the State convention under the administration of Daniel L. Russell. Today the institution is free from debt and has on hand a surplus large enough to pay the bonds necessitated by Republican speculation and inefficiency. We pledge the party to continued business-like and humane management of this institution.

INSURANCE DEPARTMENT.

We call attention to the success that has attended the establishment of the Insurance Department which has increased our annual receipts by \$90,-000, and furthermore, in addition to this increase, that fees now received by the State in this department which formerly were allowed to the official colsalaries of executive and judicial offi-

TAXATION.

We pledge the party to a fair and just system of taxation in which all subjects of taxation shall bear their just and equal proportion of the burdens of government. .

THE STATE DEBT.

After long and careful deliberation and confidence with many of its credtors, the State of North Carolina adjusted its debt upon a basis so fair and honorable as to win the approval of the financial world and to secure ratification by nearly every creditor of the State. During the present year attempts have been made to reopen the question settled at that time by the State's wisest and best men. The Democratic party in 1904 approved the settiement made in 1879 and will forever oppose ary and all attempts from any quarter to set aside the settlement then made. It will abide the mandates of the courts, but it will not consent to reopen the settlement that was alike creditable to the State and fair to the holders of its securities.

CONFEDERATE VETERANS.

The Democratic party established the system of pensioning Confederate sol-tiers and opened the Soldiers' Home to the care of the veterans who responded to the call of the State in the war beween the States. Every dollar given them was appropriated or forced by the Democratic legislatures or Democratic public sentiment. We pledge the party to a fuller discharge of a debt that can never be fully paid to these aging heroes who offered their lives as a sacrifice upon the altars of their country.

THE UNFORTUNATE CLASSES.

We point with pride to the record of the Democratic party in its care of the unfortunate classes of our State and promise to continue to enlarge our charitable institutions until all the indigent insane are cared for at the expense of the State.

IMPROPER AND ILLEGAL RECEI-VERSHIP.

Corporations being creatures of the law should be under control of the sovereign and amenable to the law But being useful and necessary instruments of business all their rights should be guarded and protected by the aw. Like other citizens, they should be protected from wrong oppression. Especially should they be protected from suits in form to procure receiverships, designed to wreck the properties and transfer them from their rightful owners to the possession and control

of financial adventures. We call upon Congress to enact laws clearly defining the powers of Federal judges in the appointment of receivers, and to protect corporations against improper and illegal appoint-

FOREST RESERVE.

We favor the establishment of the Appalachain Forest Reserve and urge our Senators and Representatives to continue their efforts to secure the establishment of the same.

DEMOCRATIC RULE NECESSARY.

At no period in the history of the republic has the Democratic party been so necessary to the welfare of the people and the cause of free government as it is today. A great conservative force, it stands a barrier between the recklessness of organized greed and the depression of oppressed humanity. Its mission is to give liberjustice to all, monopoly and v and tyranny to none; to restrict the Federal government within the constitutional limits of its authority; to resist its every aggression beyond the scope of its delegated power; to limit its power of taxation to the needs of the government economically administered; to distribute impartially the burdens of government; to preserve unimpaired the reserved rights of the States and of the people; to maintain the right of local self-government; these are and have always been among the fundamental principles of

the Democratic party. It is especially necessary to restrict the executive head of the Federal government within the constitutional limits of his authority, and no argument of temporary expediency can justify the assumption by him of powers conferred exclusively upon the legislative department of the government, or the violation by him of plain provisions of constitutional, statute and treaty law.

TRUSTS DOMINATE THE REPUBI-CAN PARTY.

For the last eight years the Republican party has been in complete control of the Federal government in all its branches. During that time trusts and monopolies have multiplied. They have increased their extortions from the people. They dominate the Republican party and compel it to adminis ter the affairs of the republic in their selfish interest. We condemn the President for his surrender to trust influences and for his failure to enforce the law against monopolies and monopolists. Congress appropriated \$500,000 to employ special counsel to enforce the laws aminst trusts. In twelve months he expended for such purpose oly one-twentieth that sum. In the midst of crime and havoc committed by these wrong-doers he will not stop the violation of statutes enacted for the protection of the people, nor punish the criminals who plunder them, although his attention was called to the manner in which the perpetrators might be punished by recent decisions

THE TARIFF.

of the Supreme Court.

We denounce the present iniquitous, injust and trust-creating protective tariff, imposed upon the people by the Republican party, and demand its immediate revision, to the end that arl unjust burdens shall be removed, and especially those upon the necessaries of life and those that enable the trusts to extort from the people unreasonable profits, and to sell their products to consumers at home at greater prices than are charged for the same goods to the foreign consumer.

CENTRALIZATION.

We view with alarm the growing tendency of the government under Relecting them, are more than enough to publican administrations toward des-

cover all increases and additions in potic centralization at home as well as despotic imperialism abroad denounce the policy of the Republican party in building up a strong centralized government at Washington at the expense of the sacred rights of the soveriegn States, which in its nolicy and conduct has reversed the clause of the Constitution reserving to the States all rights not specifically conferred upon the Federal government, and has assumed for the central government at Washington the vast residum of yower solemnly guaranteed to the people by the Constitution. The inevitable consequence of this policy will be the destruction of popular government and the establishment of a military empire.

> Confidently relying upon these fundamental principles of government and appealing to the record of our party in the past, we invite all who believe in popular liberty, popular education, popular government and white supremacy, in freedom both at home and abroad, in honesty, efficiency, simplicity, and economy of administration, in the removal of monopolies and oppressions under whatever guise and by whomsoever practiced, to unite with us in maintaining in North Carolina Democratic rule and in destroying Republican misrule in United States.
