## THE RESULT OF THE PRIMARY.

The nominations made in the primary are as follows:

For Representative, Geo. Warburton; for Coroner, D. Gay; for Sheriff, M. L. Hinson; for County Commissioners, N. D. McDonald, N. G. Nicholson, E. C. Terry, H. S. Ledbetter. Only four received votes enough to secure a nomination.

Another primary will be called to nominate the fifth commissioner, the contest being between Messrs. J. W. Covington and J. A. Harrington. No nomination was made for Register of Deeds, notwithstanding Mr. W. S. Thomas, the present Register, received nearly as many votes as both his competitors. He only lacked 19 votes of securing the nomination. Messrs Thomas and Covington will make the race over in a second primary to be held Aug 15.

Now friends, don't let your opposition to the primary prevent you from voting in the next primary. This is due your friends. The vote in the first primary far exceeded the primary of two years ago. Some allege that a number of Republicans voted in the recent primary. This may be true, but we don't know it to be true. If any Republican voted in this primary it was because he was not challenged, and the fault rests with those who, knowingly allowed it, and it is now too late to kick.

Some are dissatisfied with results. Some think they were not treated fairly. This may be true for we have never known a primary conducted to suit everybody, nor have we ever known one, that did not have behind it bitter recollections of advantages taken by some of the friends of candidates, even when the candidates were fair towards each other. The primer engenders a spirit of strife, and a resort to any method that will secure the nomination of a candidate. The idea seems to prevail that, "anything is fair in war," and Sherman's definition of war, is equally applicable to the modern primary. All we saw of the management of the poll holders and managers of elections, justifies us in saying that, justice, courtesy and absolute fairness were conspicuous.

But, our observation and experience in the primary justify us in saying, down with the primary, now and forevermore. If we can't

get justice in a convention, it is folly in the extreme, to seek it in a primary. We freely admit that the primary seems to offer the best methods for fairness but it furnishes greater opportunities for rascality and guerrilla warfare. But what has been done, has been done. Let's try to forget everything that caused unrest—let us have peace.

Let's try to forget everything that caused unrest—let us have peace.

Let's try to forget everything that caused unrest—let us have peace.

## J. P. GIBSON—BENNETTSVILLE.

We are pleased to learn that Mr. Gibson is a candidate for representative from Marlboro county. He is an excellent gentleman, a first-class speaker, a strong, forcible, pleasing writer, and an all-round level-headed man—would make an excellent representative.

## Mr. A. G. Terry—Texas.

We are indebted to our old friend Mr. C. B. Terry for a visit yesterday. Also for the pleasure of meeting his oldest brother, Mr. A. G. Terry, of Texas, now 80 years of age. He, the latter, completely captivated us by his conversational powers, and his vivid recollections of his boyhood days, the history of that period, the appearance of the old homestead, the residences of his old neighbors, the old church and cemetery. He has visited these since he has been in the county, but there is one pleasure he has not yet enjoyed, and that is to lie down at the old spring and drink from it as in childhood's days. However, he says he will do this before he leaves. Mr. Terry has been away 51 years, excepting a call of a few days at the close of the war. May he be permitted to reach his home in safety, and live for years to come. He leaves us in a few days. Our best wishes will follow him.

## NOW IS THE TIME

### To Use a Good Tonic With Great Benefit.

At this season of the year every system needs something to tone it up, and there is nothing better for this purpose than ECHOLS' PIEDMONT CONCENTRATED IRON AND ALUM WATER. This remedy is not a patent medicine, but is simply nature's way of curing the ill of mankind. An 8oz bottle of it, sold at 50c, is equal to 10 gallons of the Natural water, and it costs less than 3c per day to use. By this method a sufficient quantity of Minerals are introduced into the system to make a cure, and you can stay at home and be cured more easily and at much less cost, than those who visit the Springs.

We guarantee it to cure Indigestion, Rheumatism, Catarrh, Female Complaints, Kidney and Bladder Trouble, Stomach and Bowel Disorders, Nervousness, Malaria, Scrofula and other Blood and Skin Diseases.

Physicians use it in their practice.
