

September 9th to 14th!

## Double Your Pledge

Thousands of North Carolinians, since the War Savings Drive--June 23rd to 28th--have doubled their pledges. This is one of the Counties that failed to raise its quota--thus it is holding back the state.

If you have pledged and purchased less than \$500 worth of War Savings Stamps, we want you to double your pledge. You can do it and you will do it--your county will go over--and our boys will win. If you fail to back up our boys--then how can you expect them to win?

SEPTEMBER 9TH TO 14TH

has been set aside as the period during which a wind-up drive will be conducted in this county. Another house to house canvass will be made. Be sure to have your pledge ready.

F. H. Fries, State Director.

Claude Gore, Chairman for Richmond County.

### Rockingham Public Library

Mrs. Lucy P. Russell Librarian.

The library is indebted to Mrs. H. A. Foushee, of Durham, for a handsome copy of Harry Lauder's book, "A Minstrel in France." The volume is a memorial to his only son, John Lauder, who fell fighting bravely in France. To heal his own sorely wounded heart the father devotes his wonderful talents as a singer to cheering the boys in the trenches with song and story; he has a piano made to fit an automobile and with it he went--but you come read the book, then you will know where he went. Isn't it fine in "Annie Wall" to remember her home town in a way that shows her interest in whatever tends to the development of the best interests of the place? I am expecting her example to spur others to emulation and hope the mail will be congested with fine new books for the library.

Strangers are finding our modest sign and coming over to spend their leisure moments with the new magazines and books, and never fail to compliment our town upon its energy and good sense in establishing a library in face of the war.

One jovial commercial traveler said the other day:

"New enterprise, ain't it?"  
 "Yes, just three months old."  
 "Fine thing, fine thing, puts

something besides mischief in boys' heads and gives the old folks something to think about. Have any trouble getting started?"  
 "Not a bit, Rockingham is not that kind of a place."  
 "How long you going to keep going?"  
 "For the duration of childhood and youth."

"That's right. It takes a mighty good town to do a thing like this; you ought to have a Carnegie building and ten thousand books, and be supported by public taxation; it would be only a few cents on each tax-payer and pay big interest in the development of your children. Lemme see "Life" and the "New Republic," this is the pleasantest place in town!"

### OPTOMETRY

Is the employment of any means, other than the use drugs, medicine, or surgery, for the treatment of the errors of refraction, and the adaptation of lenses for the correction of said errors.

This is the work that I have been doing, in and around Rockingham, for the last six and one-half years. I make a specialty of examining Children's eyes and fitting glasses; eye strain is a great deal worse in children than in older ones. Many parents fail to realize this. If the child is dull, and does not like its books, it is a very good sign that his eyes are giving him trouble.

In all such cases, come and bring the children to me and I will make a thorough examination and if glasses are needed will fit them.

### THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney Pills. Read this statement:

Mrs. M. E. Manship, Franklin st., Rockingham, says: "Several years ago I suffered with my back and kidneys. I had a dull ache in my back that took the life out of me and when I tried to bend over, sharp pains would shoot through me. I had blinding dizzy spells and black specks appeared before my eyes. Mornings I had nervous headache and was so lame and sore, I could hardly go. My kidneys didn't act right, either. I got Doan's Kidney Pills at Biggs' Drug Store and they entirely relieved me."
