

A GOOD START

36 New Subscribers Have Signed Up With the Post-Dispatch Since January 1st. A Good Start For The New Year. Let Others Follow.

From last July 1st to January 1st, a total of 516 NEW subscriptions to the Post-Dispatch were secured. No premiums were offered, no gold mine or piano or auto given away as prizes; the paper feels that the new business was secured on merit.

The New Year of 1919 has started off brightly for the paper. Many whose subscriptions expired during the past few days, have renewed, and 36 NEW subscription have been added in the nine days since January 1st.

The following are the names of NEW subscribers who have joined since Jan 1st:

wheat flour and mixed flours are removed. This does not mean that dealers will be allowed to charge outrageous margins on either feeds or flour, but simply that the margins may vary under different conditions.

Remaining in effect is the provision in the Food Control Act itself which states that not more than a reasonable margin shall be exacted on any food or feed product.

Very truly yours,
Henry A. Page,
Food Administrator.

Roberdel No. 2.
(Contributed)

Mr. H. P. Gillworth, from Camp Jackson spent a 9 days' furlough at Roberdel, No. 2. He made a lot of friends while here.

Mr. John Maner and wife, of Roberdel, No. 2, are going to move, to Charlotte to make their home with his son; Mr. Bud Maner.

Miss Mary Holt has returned to school at Charlotte after spending the holidays at home.

Mr. Press Wheeler has moved back to Wilmington.

Mrs. Henderson, Mrs. Northan, Mrs. Grathon, Miss Ruby Monroe and Miss Addie Hughes went to Cordova Sunday to organize the missionary society.

W. T. Bost, effective Jan. 1st joined the Raleigh Times staff. He is the livest newspaper writer in the State, and will be a valuable addition to that paper.

To County Food Administrators:

A number of inquiries with regard to rules affecting wheat and wheat mills feeds indicate that a statement to all County Food Administrators regarding these products might be in order.

The rescinding of rules and regulations governing the wheat milling industry recently mean that:

1. Mills may now grind wheat for anyone regardless of whether they grew the wheat or not.
2. Farmers may have their wheat ground and sell the flour to merchants or others; and merchants may purchase wheat and have it ground at custom, selling both flour and mill feeds.
3. Neither merchants nor mills are asked to require any longer from customers mill feed pledges restricting the use of wheat-mill feeds to the feeding of dairy cows and young pigs and calves.
4. Mills are no longer required to observe the prices fixed several months ago for mill feeds and flour, but are allowed to balance the prices of mill feeds and flour according to the demands of their trade. The only requirement is that their margin, including operating expenses and profits, shall not exceed \$1.25 per barrel of flour.

We have just received a wire from Washington stating that effective immediately, the definite price margins on mill feeds,

Rheumatism Back on the Job With its Old-time Fury

No Let-Up In Its Torture.
Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause Rheumatism are on the war-path. Winter weather seems to awaken them to renewed fury.
But your Rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circulation, and routs out the disease germs, can rid you of this disabling disease. S. S. S. has given some wonderful results in treating Rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of Rheumatism. Get a bottle to-day at your drugstore, and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratory, Atlanta, Ga.

We Thank You

We take this means of thanking the public for the generous Prescription business given us the past year. We have striven to merit this business, inasmuch as prescription work is our specialty. This is the 30th year that S. Biggs has been a registered druggist, though was a drug clerk for five years previous. I feel that the public should know this. I give my personal attention to the drug business, and assure the public that their interests will be safeguarded with me.

I have engaged the services of Mr. R. B. Napier. Mr. Napier holds a certificate from Page's School of Pharmacy, 1917, certifying that he proficiently and successfully finished the prescribed course. We feel fortunate in having such as as he to assist.

I would would also remind the public that now that the war is over and help has become available, I have opened up the fountain business, with accessories.

I also handle the Heolian Vocalion, a cabinet machine that has not an equal. The price is only \$69.50 (less 10 per cent for cash), and in buying this instrument you save the \$20 or \$30 MIDDLEMAN'S profit. Let us demonstrate this instrument for you.

Wishing you a prosperous and healthy 1919, we are
Yours for service,
S. BIGGS

In the drug business 35 YEARS! Every prescription given our PERSONAL attention. Accuracy and Promptness the key-note of Biggs Drug Store. We appreciate your Prescriptions. Bring or send them to us. Our phone No. is 141.

NEW BUSINESS
