

HOWDY, NEIGHBOR!

DON'T FORGET THE FAIR. A BIG TIME FOR ALL

Crank up, take a few days off, bring your good wife and children to Rockingham (The Best Town of All) to see Richmond county's greatest exhibit. Every day a success within itself.

We extend to you the Glad Hand, saying at the same time, "Not only does our latch string hang on the outside, but our doors are wide open for your coming."

For your convenience we have a rest room fitted with chairs, tables, mirror, with running water and access to a toilet. Special arrangements have been made to take care of your coats, wraps and other articles that you don't care to carry around. Let our store be your store.

While we don't boast of a stock as big as John Wanamaker's, we do claim to have a huge stock of WELL SELECTED STANDARD GOODS. This includes Coats, Coat Suits, Dresses and Skirts, Dry Goods, Underwear and Shoes for the whole family at prices endorsed by our customers, who have their money's worth in satisfaction!

The little niceties that you haven't found in your home town can be found HERE, as we make a specialty in the little things that it takes to complete a woman's wardrobe. Our time and service are always at your disposal, and we welcome every opportunity to assist you.

Remember the date, November 5, 6, 7, 8, and bring the children.

SWEDISH DRILL

The students of the high school, both girls and boys, show their thanks and appreciation to Prof. Steadman for the Swedish Drill or "sitting up" exercise which he has brought to us from the U. S. N. Mr. Steadman is a fine physical director and we all feel greatly benefitted by the regular graduate exercises which he gives us every morning before we begin our day's work. Prof. Steadman, having been an officer in the Navy, fully understands how necessary it is to develop physically as well as mentally. And as I have said before, each student is showing his appreciation by conscientiously participating in the drill.

The Patterson Literary Society met Oct. 24, 1919. The meeting was called to order by the president, and after the minutes of the last meeting were read and the roll was called by the secretary, the following program was rendered:

History of the High School
.....Tessie Covington
Piano Solo.....Florence Covington
History of the Patterson Literary Society.....Lula Taylor

Autumn Lullaby.....Big Girls Chorus
Recitation.....Pearle Allen
History of Rockingham
.....Sarah Everett
Recitation.....Nancy Covington
History of Richmond County
.....Caroline Covington
Song: "When the Great Red Dawn is Shinning.....
.....Big Girls' Chorus

The Society adjourned to meet again November 7, 1919. This program was enjoyed greatly by all. We learned something about our school, county and town that we've never known.

Florence Covington.

Miss Finley gave the eleventh grade one of her always appreciated talks Friday morning. She told us of her plans for our graduation and what she thought we would do. Lula's eyes actually brimmed over with tears when graduation was mentioned, for graduating means leaving dear "Old R. H. S."

The eleventh grade is expecting great things of Carl Coley. We expect him to be a "judge" some fine day. You should have seen and heard him in "The Trial."

TENTH GRADE ITEMS

The tenth grade is getting very popular. The tenth has been invited out twice this month. First by the ninth grade to hear a debate, second by the eleventh to see a trial. You had better think twice now before you act. The High School has a judge, sheriff, court and enough lawyers to convict a man. Let this be a warning to all the

High School. Keep mum about Julius Caesar's welfare around Miss Finley. Read the fate of two Juniors who remarked that they wished Caesar would get whipped once for writing so much about himself. The penalty was that one should read all the seventh chapter and the other all the ninth chapter of Caesar's war with the Veneti.

Agnes Head—"The position of that boy's head reminds me of a type-writer I saw advertised."
Sudie—"How's that?"
Agnes—"Under-wood."

Pupil—"Miss Finley, could you describe a man's head as being square?"
Miss Finley—"Yes, if he is a block-head."

WOODROW WILSON LITERARY SOCIETY

After the society was called to order by the president and all official business was cared for. Then followed the most interesting program. A debate, the query of which was: Resolved, "That the League of Nations should be accepted in its present form."
