While we miss recess we rejoice in a rainy day occasionally on account of getting out at two.

The ninth grade girls are champion coconut pie makers. A few were made Tuesday that would melt in your mouth. The trouble was there were too many mouths.

Mr. Steadman, on Science Class, was talking about foot measure being weighed in pounds.

John Hamer—"Wonder how many pounds of work we do in school a day."

In Science we are studying the beautiful scenery of Niagara Falls.

It pays to be tall; a four-inch fire cracker fell under George Covington's feet and exploded, but he doesn't know anything about it yet.

Student, writing French: "Say, Bill, show me how to write 'Those who do not work.'"

"Well put; 'Ceux qui ne travaillent pas;' now don't forget 'pas'."

(pronounced 'pa').  
Student—"How about 'pa'?"

Wm. Lide is bragging about being with the tenth grade in Latin this week. Roy Coble said, "About the time he hits 'Caesar' hard, he will wish he was in the first grade."

The tenth grade wants to rent its radiators to Swift & Co. for refrigerators.

Christmas is nearly here. Everybody remember 'Caesar.'

**To Mr. London**  
To you, Mr. London, the school's dear friend,  
A hearty wish from each we send,  
May Christmas Day be full of joy,  
For you, your wife, little girl and boy.

—Mamie McDonald

**GREETINGS, JUNIORS.**  
To the Junior Class, we love so dear  
We wish a merry Christmas cheer.  
And may the New Year quickly pass,  
And bring you to the Senior Class.  
And may you all meet with success,  
With joy and health and happiness.  
And when your High School days are o'er,  
Remember the class that went before.

—Wm. Head, '20.

**MERRY CHRISTMAS, SUPT. BELL.**

This is one time we can't be taught  
How to express our earnest thought,  
Each wish is more than words can tell,  
To you and your's, Supt. Bell.

—Wm. Head, '20.

**Christmas Greeting to the 7th Grade**  
Here's to a grade of girls and boys,  
Who think of big things, and not of toys

Here's to a class that will never shirk,  
Study your lessons and do your work.

Here's to a grade that is beginning a race,  
Start each day with a smiling face.

I greet you, one and all; wishing you a Merry, Merry Christmas.

—Jack Ellerbe.

The Senior Class wishes to extend to the pupils and teachers of the 9th grade our most hearty wishes. Through the months we have spent together on schoolyard and in the school building, we have found them to be the best of friends. We wish each of them to enjoy every minute of Xmas.

Pat Edwards.

Merry, Merry Christmas to you, the Board of Education,  
We wish you joy and pleasant cheer,  
Through Christmas days and all New Year

—Lula and Louise.

**YOUR LIVER SLUGGISH**

If your liver works all right, the rest of your inside works are apt to be all right—otherwise not so. Then look after your liver, see that it runs "smooth and steady," that it doesn't get clogged up or flip a cog and throw the whole machinery out of gear.

**Dr. Thacher's Liver and Blood Syrup**

is a Liver Regulator, a Blood Purifier, a Laxative and a Tonic of 67 years standing; the prescription of an old family doctor of large practice; a standard remedy for the whole family from the children to the grand parents.

"About three years ago, I was all run down in health, weighed only 104 lbs., and getting worse every day. I began the use of DR. THACHER'S LIVER AND BLOOD SYRUP, and today I am thankful to say that I'm in perfect health, and weigh 155 lbs., and attribute my good health to the use of that most wonderful medicine—DR. THACHER'S LIVER AND BLOOD SYRUP. My husband joins me in recommending this great tonic.—Mrs. C. E. Chadwick, Ala.
