## A PILGRIM'S PROGRESS

Letters from Mrs. Lucy P. Russell, Who Sailed from New York June 12th, 1920, for a Tour of Europe. Written Expressly for the Rockingham Post-Dispatch.

### LETTER NO. 2.

**The Pilgrim's Further Progress.**  
"Exeter, England, June 22nd, 1920.  
People in England rise very early. They have to in order to polish all the leaves on the trees, sand paper the roads and manure the cows.

But to begin where I left off—we sighted land about 4:30 Sunday afternoon, June 20th, and the British on board went quite wild and we all grew excited and gay and even sentimental over our last night on the top deck with nothing but our sins between us and heaven. We had breakfast Monday morning at 6:30 and enjoyed a clear view of the rugged, beautiful coast of England, with its white cliffs, curving bays and the many boats of every kind yet invented that thronged the channel.

We reached Southampton about 10 o'clock after receiving another welcome from an airship which whirred above us and dropped letters and flowers for Mary Pickford and Douglass Fairbanks. An immense crowd was waiting on the dock and thronged around Mary so that a policeman had to pick her up and carry her to a car, Douglass trotting behind. Inside the dock pandemonium reigned as every one of the 2200 passengers tried to find his or her baggage first; our party was at last collected and the party separated temporarily, part going direct to London with friends and Chas. and I climbing into a "hackney coach" to go across the city to the Salisbury station. Why do you suppose an English "hack" exposes the passengers to all sorts of weather while in front is an over-shadowing hood that keeps him from seeing even the horse?

We stopped at a little tea room and had a "meat pie" about the size of a saucer, a big slice of currant cake, a cup of good tea for 19c; in New York it would have been 85c at least.

The little toy trains are very comfortable and very fast and I dislocated my spectacles trying to see out of both sides of the car at the same time. I could not bear to miss one of the beau-

## BOARD OF EDUCATION

Mangum and Baldwin School Districts to Consolidate. Harrington to Consolidate with Rockingham School.

The County Board of Education was in session last Monday, present being W. N. Everett, Jr., chairman, J. M. Dockery and David Parsons and County Superintendent L. J. Bell.

A delegation was present from Steele's township asking that the Mangum and Baldwin school districts be consolidated, and that a new school be built midway between. The Board agreed to furnish all materials provided the two districts haul same and erect the building according to State specifications. And so the Mangum-Baldwin districts are destined to have a modern two-teacher school.

A petition from the Harrington school district to let them be consolidated with the Rockingham city school, was granted. This school is five miles north of Rockingham.

### Scott Under Bond.

On June 12th Dave Webb, of West Rockingham, while under the influence of whiskey, was badly cut and robbed. It was feared at first that he would die. A negro, Simon Scott, was arrested next day in Wolf Pit, charged with the assault, and lodged in jail. Bond was denied until it was sure Webb was out of danger.

And so on last Saturday Scott was allowed to give \$1000 bond (furnished by W. A. McDonald) and he is now at liberty; the preliminary hearing will be held Friday afternoon, July 16th, before Squire Steele at 4 o'clock. Scott asserts that Webb was drunk and asleep in or under his wagon and that when he tried to get it to go home, Webb attacked him and the cutting was in self-defense. At any rate, the matter will be aired tomorrow before Squire Steele.

### Powerful Ignorant or Nervy.

Turner Larken, a Haywood county citizen, is either mighty ignorant or wonderfully nervy. Several weeks ago he shipped a quantity of whiskey in a rubber hot water bottle to a friend at Badin, and not only plainly wrote his name on the package to be returned to him in case of non-delivery, but had it insured. The bottle leaked, the "cat was out of the bag" and government authorities by means of the return address got hot on Larken's trail. And Larken also had the nerve to put in application for the insurance! He is now under bond for trial.

## Superior Court.

Civil term of Superior Court will convene here next Monday, 19th, with Judge P. A. McElroy presiding. The calendar of cases can be seen elsewhere in this issue.

On the following Monday, July 26th, the criminal term begins with the same Judge presiding. It is presumed the Foster Parsons case will come up at the July 26th term.

The jurors drawn for the July 19th civil term are:

J C Cole	David Peele
R H Holyburton	R L Steele
J R Jarrell	W K Diggs
W T Chandler	Grady Covington
W B McKenzie	W J Galloway
F L Maloch	J F Hicks
H S Huggins	C W Ingold
H M Carter	Prince O'Brien
H H Brown	J W Meacham
W B Cole	T B Matheson
J W Patrick	W A McIntosh
R V Ussery	E R Hudson

### Electric Current Off.

The Post-Dispatch is delayed this week's issue by lightning striking one of the lines near town and cutting off the current for several hours this [Thursday] afternoon. The current came back on at 6:15, but too late for the paper to "make" the 7:40 eastbound train. Lay it to the lightning, and not to the paper.

### New Auto Agency.

Mr. Horace Moore today (Thursday) rented from A. W. Porter the 50x100 garage building next to the Pee Dee Motor Sales Co., at the "Rockets", and takes charge tomorrow. He will handle the Chalmers and Dort cars besides running a garage and repair department.

### Rham vs Sanford.

Rockingham played Sanford here this [Thursday] afternoon, winning by score of 3-2. Sanford scored two in the third inning on two errors and a hit. In the seventh Rockingham scored on doubles by Beard and Black, and single by Sides and sacrifice by Atkinson. The single of Sides brought in Black and Beard, tying the score, and then he himself tried to come in from third and in the chase, trying to run him down, the Sanford players claim he got out of running line.

The Rockingham players deny this, asserting the third run was clearly made, and Umpire Nance ruled that it was safe. Thereupon, the Sanford team refused to continue play, though only two were out, and so the game ended, according to the umpire's ruling, with the score 3-2.

But, as noted, the game is disputed, and according to Sanford the score should be only 2-2. As to which contention is correct, the Post-Dispatch is not at present prepared to say.

Beard pitched for Rockingham and Bryson for Sanford.

Rockingham plays Monroe at Monroe Saturday, and Lincolnton at Lincolnton Monday and Tuesday.

### Coppedge-Dawson.

Friends in the county where he is deservedly popular will be interested in the announcement of the marriage on last Saturday of Mr. Hervey Coppedge to Miss Mae Dawson, of Columbia. The ceremony was performed at Bennettsville Saturday afternoon, the couple returning here later in the afternoon and catching the night train for Wrightsville where they stayed until Tuesday. At present Mr. and Mrs. Coppedge are at the home of his parents, Rev. and Mrs. W. R. Coppedge.

## MORRISON'S MAJORITY 9,259

Official Count Gives Morrison 70,332, Gardner 61,073—a Majority of 9,259 for Morrison. Stacy Beats Long by 22,247 Majority and Durham Wins Over Cook by 12,015.

The State Board of Elections met in Raleigh yesterday (Wednesday) and officially canvassed the returns from each of the 100 counties for the July 3rd primary. The result shows that Morrison received 70,332 votes, to 61,073 for Max Gardner, thus giving Morrison the nomination by a majority of 9,259. This was a much larger majority than many of his most sanguine friends had anticipated. In the June 5th primary, he led Gardner by 87 votes, their vote June 5th being Morrison 49,070, Gardner 48,983, Page 30,180.

Morrison carried seven Congressional districts, the 1st, 2nd, 3rd, 4th, 7th, 8th and 10th. Gardner carried the 5th, 6th and 9th districts.

In the race for Associate Justice of the Supreme Court, W. P. Stacy defeated Judge B. F. Long by the big majority of 22,247, the vote being: Stacy 71,437, Long 49,190.

For State Auditor, Durham won by 12,015 majority over James P. Cook, of Concord. The vote was: Durham 64,697, Cook 52,682.

The official vote by counties for Morrison and Gardner is as follows, and Post-Dispatch readers would do well to clip this out and file it away:

### Cotton Market.

New York futures were featured the past week by the strength of July. The 200-point trading limit in that option was lifted on that option Wednesday until trading in it ends on June 23rd at noon.

The close today, July 15th, was July 41.75, Oct. 34.20, Dec. 32.28, Jan. 31.38.

### Still Taken.

Sheriff McDonald and deputy J. B. Reynolds on Thursday afternoon of last week broke up a big 100-gallon copper still near the State line, about 3 miles west of Osborne. The cap and worm were not found. Material was on hand evidently for a run shortly to be made.

### Doc Davis to Court.

"Doc" Davis, colored, was last Saturday given a hearing before Squire Steele on the charge of having liquor for sale in his possession. He was bound to Superior Court, July 26th term, under \$100 bond; Mr. J. N. Hasty furnished the bond.

It was stated in last week's Post-Dispatch that Davis worked on the Leak farm, above Ellerbe. This is a mistake. He is a tenant on Mrs. I. B. Hick's farm, three miles from Rockingham, which is rented by J. N. Hasty.

## Did He Have Any Insurance?

After every fire, this question is invariably asked. It ought to be a needless question, as every man ought to have a full protection against fire on his house, his furniture, his outbuildings, his stock, his auto. We insure anything you have. Call or write to us and our representative will come to see you.

## The Most Practical Remedy For High Prices.

The only remedy for high prices and abnormal profits is increased production. The markets must have a greater supply. Economists agree that increased production to a large extent depends upon new capital, and that new capital can be produced in sufficient quantities only through economy and saving.

Every community in America should make a special effort in 1920 to produce savings.

Savings make capital—capital makes production, therefore saving will reduce the high cost of living.
