It's an old game and a good one. Those who play regularly are very enthusiastic about it. Try it, if you are not already a player, and you'll like it too. And if you keep at it, you will surely win!

That's the beauty of this game—all who play regularly and persistently are bound to win.

Come to see us and get in the game. We will help by adding four per cent interest compounded quarterly.

**Pure Blood is Foe of Rheumatism.**

**Thursday Health Talk 31**  
By **Mary Lou Miller**,  
D. C. Ph. C.

Where the blood is pure there is no rheumatism. Rheumatism is due to faulty elimination of poisons from the body. It is principally due to weakness of the kidneys.

In acute inflammatory rheumatism the joints, usually the wrists, ankles, elbows and knees, are the seat of inflammation. Movement of the joints affected causes great pain. To minimize pain the muscles will remain contracted. The bones may become deformed and the joints stiff.

When the spinal nerves to the kidneys and bowels and lungs are free, every eliminative process of the body is active, and the blood is pure. Chiropractic spinal adjustments freeing spinal nerves to these organs will remove the cause of rheumatism.

**Began Suffering at 13**

Started Chiropractic and today I feel better than for many yrs. I make this voluntary statement that others may know what it has done for me in this terrible malady."

The pupils taking part in athletics are very glad to have their coach of last year. The football team is practicing daily under training of Mr. L. R. Sides, who was for four years Elon college's most distinguished athlete. He has a squad of about twenty-five men from which to choose the teams. We won't have such a heavy team, their weights ranging from 160 to 220 pounds. The team is taking two and one-half hours of hard training each day, and so far there are mighty good prospects of a hard-fighting and a winning team. The probable lineup of our team will be published in next week's issue. He has organized a twenty-two piece band among the High School pupils.

We have several new teachers with us this term who are very well known in the county.

Miss Ruth Covington, of Ellerbe, who has charge of the first grade, is substitute for Miss Russell at the present, Miss Russell not being able to be here for the first month; will be here at an early date.

Miss Ruth Covington has had two years experience in the primary department. She attended summer school at Greensboro last summer.

Miss Russell is a graduate of Whynot High School and has been teaching for eight years. She attended summer school at Troy this summer.

**SENSIBLE PEOPLE**

will give you credit for saving—we will give you interest.

Perhaps you hesitate to save money because of the gibes of the so-called "good-fellows."

Many a young man is taunted into wasting money by the attitude of worthless fellows who have a contempt for anyone with ambition.

You will be wise to disregard them and to respect the opinions of sensible people who will consider your thrift as praiseworthy.

This Association not only respects the young man who saves a part of his income but we pay him a more liberal interest rate than he can secure elsewhere with absolute safety.

Your money deposited here is safe. You share in the earnings of this Association which is a co-operative institution chartered by the laws of this State.
