Cotton Condition.

The government issued its report last Friday of the condition of the cotton crop to the period ending May 25th; this condition was given as 69.6 per cent. of normal, compared with 66 last year, 62.4 in 1920, 75.6 in 1919, and 74.6 the ten-year average.

The condition for the crop in North Carolina was put at 84. For Richmond county at 80, as compared with 72 to same period last year. The Anson county crop was put at 74, Montgomery at 80, Moore at 87, Stanly 87, Scotland 86, Roberson 84.

The government admitted in its report that it had overestimated the acreage planted and picked last year by 918,000 acres. The revised figures puts last year's acreage at 31,678,000 planted and 30,509,000 picked.

The estimated yield, based on condition of 69.6, according to the government's revised formula, is approximately 10,700,000 bales. Such an indicated yield would be more bullish if it were not for the fact that the probabilities are for more favorable weather during the rest of June, and a consequent improvement in the crop. But local people contend there will not be 10,000,000 bales raised, as they say the boll weevil will do vastly more damage throughout the South this year than ever before. In fact, the complaints of his damage further South are coming in daily.

Here in Richmond county the weevil is reported from very near every part of the county already. Last year the weevil was not found until about picking time. And the fact that he is here in great numbers now, apparently waiting for the bolls to form so he can begin feeding and reproducing, makes those pessimistically inclined to be even more so. But they comfort themselves with the feeling that the price will be nearer 25 cents this fall than 15 cents—and even perhaps up towards 30 cents.

10,500 Mile Walk.

Leonard Day walked into Rockingham Sunday afternoon, spent the night with R. R. Simmons and Monday continued his trans-continental walk, going on by Hamlet. He is a nice looking chap, and says he left San Francisco last November 20th. His purpose is to go from the Pacific to the Atlantic, and back by the Northern route. He is under pledge to accept no money, and can not ask for food, shelter or assistance. He carried a pack weighing 25 pounds, and his "staff" is a cactus limb.

Complimenting her neice, Miss Martha Fletcher Biggs, and Mr. Robert Covington, members of the Senior Class, Miss Georgia Biggs entertained the Seniors and high school teachers at a very attractive party on Saturday week. The class colors of green and white were effectively carried out in the decorations, white Dorothy Perkins roses being used profusely in the hall and living room, this being the class flower. A miniature May pole in green and white was arranged in the living room, and at the ends of the 36 streamers was placed small white baskets in the shape of a rose, for each guest, these containing green mints. After two hours spent in games and contests of various kinds, the hostess, assisted by Misses Lucille Shore and Lydia Biggs, served cake and green and white ice cream topped with whipped cream.

Banquet for Grand Master.

Tuesday evening a number of Odd Fellows and their friends tendered Rev. W. R. Coppedge, Grand Master I. O. O. F., a sumptuous banquet at their hall, being served by the members of Reynolds Rebekah Lodge.

The Pee Dee band furnished appropriate music for the occasion.

Speeches were made on Odd Fellowship by several members including one from the Grand Master, who in fittingly chosen terms, thanked those present for the honor thus conferred on him and gave a brief outline of the year's work which lies before him as head of this great order in North Carolina.

About one hundred persons attended this banquet.

The personnel of the party was as follows: Lelia Cameron, Cath Cole, Rebecca Covington, Sara Everett, Minnie Bonner Guthrie, Grace Haywood, Rosa Steele, Katherine Paris, Bob Cole, Olen Smith, Glenn Garrett, Harry J. West, Thomas Leath, Tom McRae, Wm. Hamer, John Hamer, Robert Gasque, Frank Ellerbe, Amie Webb, and Mrs. John Everett as chaperon.

Convicts Shot.

Two negro convicts were shot and killed by guards when they attempted to escape from the Wake county chain gang about four miles north of Raleigh Tuesday morning, shortly before 10 o'clock.

Must Report Diseases.

We are now threatened with an epidemic of whooping cough in Richmond county, as there were 43 cases reported to me during May.

Now is the time for each and every one to do their part in the prevention of further spread of this disease, and probably save the lives of many children who would otherwise develop the disease and likely die. The way to stop the spread is to report all suspected cases promptly to the quarantine officer.

When a case of any contagious disease is suspected in a home the law requires it to be reported within 24 hours after the symptoms are sufficient to lead us to suspect the disease. If a doctor is consulted in regard to a case, it is his duty to report; if no doctor is consulted it is the duty of the parent or householder to report it. If there is a case of any of the reportable diseases in the county that has not been reported, some one has violated the law.

The people of the county are entitled to the protection which the law affords them, and it has been entrusted to me to see that the Quarantine law is enforced in this county, and the people receive the protection against disease which they are entitled to.

I am under oath to do my duty in regard to this matter, so if any one violates this law they may expect to be prosecuted.

Respectfully yours,
Dr. W. R. McIntosh,
Quarantine Officer.

Ellerbe Election.

Owing to a technicality, the election held for Ellerbe school district on November 19th, 1921, and which was carried overwhelmingly for \$15,000 in school bonds, is found to be void; or rather the bonds from that election could not be sold profitably. And so another election is to be held to take the place of the previous election. This will be on August 1st, and the bond issue will be for \$15,000 for school improvement. The registrar is D. C. McRae, and poll-holders J. T. McLeod and A. D. Spivey. The registration is a new one, and the books will open July 3rd and close July 22nd. The full legal notice calling this election can be seen elsewhere in the Post-Dispatch.

North Carolina's Quota For C. M. T. C. Not Complete.

Time Extended to June 20th.

The Chief of Staff, 81st Division, has been authorized to continue accepting applicants for the Citizens' Military Training Camps this summer until the quota for North Carolina is complete, but no applications will be accepted after June 20th.

This re-opens the opportunity for North Carolina boys between 17 and 27 years of age to obtain one months outing at Camp McClellan, Alabama, or Fort Barraneas, Florida, at the expense of Uncle Sam. This opportunity for this year will end just as soon as the quota is made up. Any boys interested should write to the Chief of Staff, 81st Division, Arnstein Building, Knoxville, Tennessee.

J. E. SLOAN, Major, F. A. Arnstein Building, Knoxville, Tenn. June 2nd, 1922.

In compliance with requests from Germany and the allied powers, a small force of American troops is to be retained at Coblenz on the Rhine beyond July 1st, the date originally set for the complete withdrawal of our troops from German territory. Major General Allen and two battalions of the Eighth infantry, with supplementary units, will compose a force of about 1000 men, and these will remain in Germany.

When this League was organized in June, 1921, we had only fifteen members, and now we have on roll 22.
