

For Good Concrete SECURITY CEMENT

Replace Worn Out Walks with Everlasting Concrete

Broken sidewalks cause accidents and are an unsightly detriment to the neighborhood. Replace your worn-out walk with one of Concrete. Concrete walks increase property values; improve the neighborhood; protect passersby; keep you, your family and friends out of the mud—and keep the mud out of the house. Lay Concrete walks now wherever you need them in front, around or in back of your house. Once properly laid, Concrete walks never need replacing.

Many home owners can do the work themselves; or any local contractor can do it quickly and inexpensively. The cost will be small; but the convenience, safety and satisfaction will be great. Any Security Cement dealer named below will give you helpful information.

Presidential timber that has to be trimmed down to fit the plank is more to be desired than that which has to be built up.

Advertises in "Hygeia"

One of the first, if not the first, advertisement of a carbonated beverage ever to appear in a strictly medical magazine appeared in the July issue of "Hygeia," the official organ of the American Medical Association, calling the attention of the doctors of the country to Orange Crush.

Before an advertisement is accepted for publication in "Hygeia" it must be submitted to an examining board of the American Medical Association for approval. Acceptance of the Orange Crush advertisement was in effect an expression of approval of the product, and was, indirectly, a tribute to the wholesomeness and healthfulness of Orange Crush.

NOW— It's Economy to Trade Your Old Tires For FULL-SIZE Firestone BALLOON GUM-DIPPED CORDS

BECAUSE Balloon Gum-Dipped Cords reduce your repair bills and lower fuel costs, increase tire mileage, car life and the resale value of your car.

These are strong statements but are backed by actual facts.

Balloon-equipped test cars and taxicabs have now been driven over 5,300,000 miles, under Firestone supervision and show reduction in fuel consumption, and less delay, because of fewer punctures and quicker starts and stops.

Many leading automobile makers have standardized on these full-size Balloons—pioneered by Firestone and made practical and economical through the special Firestone gum-dipping process.

Over 100,000 motorists are today using and enjoying the satisfaction of genuine, full-size Balloon Gum-Dipped Cords.

In fact, in three months the sales of Firestone Balloon Gum-Dipped Cords increased 590%.

Have your car equipped now—for comfort and for the safety of driving this Fall and Winter. Be prepared for mud holes, frozen ruts, dangerous snow and ice. We can equip your car immediately at the new low prices now in effect.
